### Sylva Fourth Grade Room Organizes Good Citizenship Club

The fourth grade room at the Sylva Elementary school has recently organized a Good Citizenship Club, with the purpose of promoting and doing good citizenship work.

Jimmy Stovall was elected President, Robert Allison, Vice-President and Shirley Hartman, Secretary.

Miss Annie Louise Madison is teacher of the class.

These 4-H club girls represent several different clubs in the county. This picture was made on Achievement Day when a year's work was put on exhibit. There are Barbara Lou Sutton, La Vern Hooper, Doris Jones, Verna Vaye Hooper, Hattalean Frizzell, Willa Bess Holden, second row: Kay Hooper, Doris Tilson, Dixie Nell Southard, Carrie Farmer Dorothy Jean Chester and Mrs. Mary Jones, Neighborhood Advisor.

### Jackson County's 4-H Clubs

I pledge to clearing thinking; My Heart to greater loyalty; My Hands to larger service; and My Health to better living for My Club, My Community, and My Country.

The Club motto: "To make the best better".

These are the things our youth of Jackson County are living up to and doing a very fine job. They take their pledge and motto serious and work toward this goal. Miss Johnston, agent for the 4-H girls and Mr. Snipes, agent for the boys, have reports on the work of these boys and girls that show a promising future. The work of the 4-H club is a part of the National Agricultural Extension System, sponsored locally by the North Carolina Agricultural Extension Service in cooperation with the various counties of the state. It is a volunteer organization with a program based on the needs of its members and the agricultural and home making needs of the county.

Its objectives are to give rural boys and girls between the ages of 10 and 21 training in better practices in agricultural and homemaking in the broader phases of community organization, and the finer and more significant things of life. Projects from Jackson County's 4-H clubs can be seen on exhibit some time in November at the county-wide achievement day. 4-H club leaders have been appointed during the summer to keep up interest while club members are out school.

### Ray Snyder To Receive Discharge

Ray Snyder, C. P. O. after spending thirty days with his wife, Mrs. Maybelle F. Snyder, and other relatives returned last week to Charleston where he will receive his discharge. He had been in service for nearly three years and had served more than two years with the 61st Seabees, known as the "Tough-Old Timers".

The REA has announced a loan allotment of \$301,000 for the Jones-Onslow Electric Membership Corporation.

### FARM NEWS

In an effort to encourage Jackson County beef raisers to take advantage of the beef subsidy payments, D. C. Higdon, Chairman, Jackson County AAA Committee urges producers to endeavor to get the price that will meet the minimum stabilization price that will make them eligible to receive these payments.

Mr. Higdon said that "it appears that there are some feeders in the county who do not know that they are eligible for these payments."

Explaining the requirements for eligibility, Mr. Higdon defined a "feeder" as any person who has purchased or raised a beef animal and sold such animal during the period May 19, 1945, and ending June 30, 1946, to a legally authorized slaughterer for slaughter or to another person who has delivered such animal to a legally authorized slaughterer for slaughter within 29 days after such sale but not later than June 30, 1946. The payment rate is 50 cents per hundredweight for sales of good and choice cattle weighing 800 pounds

or more.

The AAA Chairman pointed out the importance of producers keeping supporting evidence such as invoices, sale tickets, account sales showing the date of sale, name of buyer, point of sale, number of head, total live weight, price received and the name and address of the slaughterer to whom the animals were sold for slaughter, "such evidence," he added, "will be required by the Jackson County AAA Committee before payments can be authorized."

The Beef Cattle Production Payment Program was designed to encourage greater beef production by giving the feeder higher returns from feeding more cattle and feeding them to heavier weights and to promote better distribution by directing more cattle to authorized slaughterers who sell through regular trade channels.

Mr. Higdon urges all feeders to keep in close contact with the Jackson County AAA Office for any assistance that will enable them to receive the subsidy payment on their beef cattle.

### VETERINARIAN ASKS WAR ON RATS

Raleigh, Sept. 18.—There are 3,500,000 rats in North Carolina—as many rats as there are people, according to Dr. William Moore, and he wants something done about it.

Dr. Moore, head of the Veterinary division of the State Department of Agriculture, said that more than 50 per cent of these rats live on farms and carry disease which are a serious menace to farm animals and their owners.

They are also carriers of parasites—which in turn carry other diseases that are threats to livestock and human health. "Winter time is a good time of year to open a renewed war on the rat menace. It will mean the saving of a lot of grain and other feed—and perhaps the prevention of a serious disease outbreak," said Dr. Moore.

It will soon be time to fight the peach tree borer. Ask your county agent for a free copy of Extension Circular No. 277, or write the Agricultural Editor, State College, Raleigh.

### Kidneys Must Work Well-

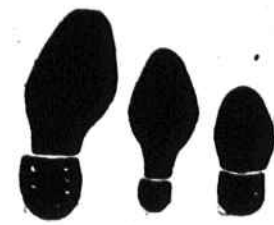

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.
