Mr. Pierce is well pleased with the idea of setting trees on land that is not suited to farming, and stated that he planned to get some more seedlings next year.

Ted Raby of Qualla has made much progress during the last few years. After working for daily wages for four years, Mr. Raby decided he could not support his large family, so he decided that

The Future of Pulpwood in **NORTH CAROLINA**

• One result of the war has been to make the people of this state more conscious than ever before of the great asset we have in our pulpwood resources.

Now that complete victory has been won, the new usefulness of pulpwood will result in increased peacetime consumption of paper, rayon, plastics and many other products of pulpwood. Part of our vast forest heritage, pulpwood - a basic American industry-will continue to serve the nation in peace, as it did in war.

Make the Most of this Asset Intelligent cutting of pulpwood pays . big dividends. By adequate planting

and selective cutting even a small farm woodland can yield a valuable crop of pulpwood periodically. It is a crop which needs only a little care and can be harvested at any convenient time. It is another cash crop. Consult your nearest district forester."

"A Message From a

Dying Man"

First, to all my Friends: I had hoped through all the long months and dark wearisome nights of suffering, that I would regain my health and be able to meet you face to face and warn every one of you who is a Christ.an to live closer to Jesus and work more

earnestly for Him, for these awful days of sin and sorrow through which we are passing demands the best that is in us. You can

no. afford to waste your precious time seeking after the pleasures of this world.

I wanted to live so bad to tell the poor dying sinners of their coming doom and beg them to repent and be born again, which would to them mean Eternal Life; for on the crumbling edge of prediction they stand, a slippery path for their feet. Ah! soon you will be with the numberless dead making torment and sorrow complete. Second, to my own dear Wife and Children; and also to all my kindred:

I have not lived as close to Jesus as I ought to have lived all the journey through. I see now I should have maintained the Family Altar, gathering the family around the old hearth-stone for our evening prayer, talking of the Golden promises of God and the sweet yonder land. But those opportunities are forever gone and I can never recall them, but I can

quality pulpwood."

More than 2,500 War II veterans received rehabilitation loans mounting to \$3,213,000 by June 30, 1945.

Fresh active yeast goes right to work!

No lost action-no extra steps. Helps give sweeter, tastier bread flavor-light, smooth texture-perfect freshness! IF YOU BAKE AT HOME-always use

Fleischmann's active, fresh Yeast with the familiar yellow label. Dependable for more than 70 years—America's tested favorite.
