500 See "Death Takes A Holiday" Given At WCTC Friday Evening.

By Al Booze
About 500 persons attended the Western Carolina Players' performance of "Death Takes A Holiday" at the college auditorium here Friday night.

Don Cabe, Franklin, starred as Death, alias Prince Sirki, and Louise Beck, Hendersonville, co-starred as Grazia.

In supporting roles were Loe Alley, Norfolk, Va., as Cora; Jack Barnett, Murphy, Fedele; Douglas Davis, Mars Hill, Duke Lambert; Maxie Wright, Highlands, Alda; Betty Allen, Hiwassee Dam, DuChess Stephanie; Betty Jeanne Anderson, Hayesville, Princess San Luca; Dick McAuley, Charlotte, Baron Cesarea; Marty Ryan, Oak Ridge, Tenn., Rhoda Fenton; Forest Lindsey, Lowell, Eric Fenton; Joe Wiggins, Robbinsville, Corrado; and Jim Wood, Major Whitread.

Miss Mabel Tyree, acting head of the English department of the college, directed the play. Bob Pittillo, Charleston, S. C., was production manager. Other members of the production staff were Clayton Ramsey, Franklin, Technician, Frank Murray, Franklin, Advertising, Miss Alley, reception, Madrie Galloway, Brevard, usher, Bill Bird, Whittier, properties, Ruby C. Conley, Marion, make-up, Betty Buckner Wade, costumes, Don Ireland, West Palm Beach, Fla., assistant director.

The play, written by Alberto Cassello and re-written for the American stage by Walter Ferris, is based on a poetic conception of Death, in the guise of a mortal, seeking the meaning of life. Since it was first produced in New York in 1929 it has been one of the most popular plays with college and little theater groups.

The players are members of the Western Carolina Teachers college Dramatics club. This was their first production this year, their next play has not yet been selected. The play was well received; cast members characterized the audience as "very receptive." Following the performance the players gave an informal reception for guests in the basement of the auditorium.

is in for treatment.
Mary Alma Babb, colored, is recovering from an operation.
Mrs. Alean Bumgarner, of Erastus, is now undergoing treatment.
Mr. V. V. Hooper is receiving treatment at this time.
Mrs. W. C. Maness, of Bryson City, is doing nicely following a major operation.

Local Hudson Dealer Returns From Showing Of New Cars

The new Hudson has been enthusiastically received by the Hudson dealers who have previewed it, reports Mr. Carl Buchanan of Sylva, Hudson dealer for Jackson, Macon and Swain counties who returned Saturday from Washington where he attended a closed showing for Hudson dealers.

"Production of the new Hudsons is steadily increasing at the Hudson Motor Car Company's plants in Detroit," Mr. Buchanan said.

The public showing and announcement of this entirely new automobile will take place in Sylva and vicinity as soon as all of Hudson's 3,000 distributors and dealers have received their display cars, Mr. Buchanan said. At that time the full story of the new Hudson will be told.

"The new Hudson was made possible as the result of recognition by Hudson engineers of the fact that, if the American-made car is to give its owner the beauty and stability advantages found in low-built automobiles, and still maintain interior comfort and headroom, a wholly new approach would have to be devised, tested, proved and put into mass production," Mr. Buchanan said.

He listed the following as significant developments:
"The new Hudson has a lower center of gravity than any other American automobile.

"It is only five feet from the ground to its top.

"It provides more headroom than any other mass-produced automobile.

"It is a car which upon entering, you step down into, not up on.

"It has the roomiest seats.

"It really cradles passengers between the axles.

"Passengers in the new Hudson sit down within the foundation frame members cradled between the axles and completely ahead of the rear wheels," Mrs. Buchanan pointed out. "This, together with the car's low center of gravity, and unusually rigid construction, contributes to an easy gliding ride heretofore never experienced in motoring."

The new Hudson, Mr. Buchanan added will be powered by a new Super-Six engine, the most powerful six cylinder engine built today, and an improved Super-Eight engine.

Mr. Buchanan said that because the new Hudson is so different from any car ever mass-produced, changeover problems were greatly multiplied, but despite this fact only a few weeks elapsed between the time the last 1947 model was built until the first new Hudson

rolled off the final assembly line.
"Because of the unusual and advanced design and construction of the new Hudson," Mr. Buchanan said, "an entirely new manufacturing approach was developed. This required the scrapping of many assembly line techniques as we have known them in the automobile industry."

Attend State Board Meet In Winston-Salem

Rev. B. S. Hensley and Rev. C. M. Warren left Monday for Winston-Salem where they attended the meeting of the North Carolina Baptist Convention held in the First Baptist church there. They are expected to return to Sylva today (Thursday).
