**OFF ON DARING 'THANK YOU' TRIP TO PACIFIC**

READY TO SAIL FROM SEATTLE, WASH., in their small craft are Marvin Norstedt (left) and Jack Maier, whose port of destination is atoll-sized Tabiteuea Island, in the Gilbert group. During the war, Maier was ship-wrecked on this dot in the South Pacific. Determined to repay the islanders' kindness, Maier, an evangelistic man, will carry to them on the ship (right) a cargo of Bibles so that they may learn the teachings of the Holy Book. When the men left on the trip they had \$14 between them. (International Soundphoto)

**ODE TO AUTUMN**

A smoky haze on mountain high,  
Slanting sunbeams fill the sky,  
A silent bird on lonely wing  
Goes drifting toward a southern spring.  
A lazy river just murmurs low,  
How I hate to see the summer go.  
As autumn sunshine, on colored leaves,  
Spreads through the forest its golden wreaths.  
A thousand colors, bright but fading,  
Up the mountain side prevailing  
Until they reach that distant haze  
That holds the charms of autumn days.  
An autumn breeze at the twilight hour  
Lends to the earth its magic power.  
A lonely mummur, a lonely tune,  
Beneath an autumn, harvest moon.

An autumn moon in a velvet sky,  
An autumn cloud, drifting by,  
He hangs alone out there in space,  
An autumn heartache on his face.  
On the mountain top so very far,  
I see a single gleaming star.  
It gleams alone, a watch to keep,  
While all the world goes to sleep.  
So blue, so lonely, sad and high-  
ing,  
It seems just like the world is dy-  
ing.  
So silent, so still on an autumn day  
Because all nature stops to pray.  
But time shall pass, disperse the  
floor  
And sprinb shall wake from win-  
ter's tomb;  
And buds of flowers, they shall  
unfold  
If autumn has not settled on your  
soul.  
Frank Hooper.

Some 16 per cent fewer turkeys were raised on American farms this year than last, but supplies for the holiday season were about 10 per cent less because fewer turkeys had gone into storage this year than last.

**STATE COLLEGE HINTS TO FARM HOMEMAKER**

BY RUTH CURRENT  
Assistant State Agent  
Conservation suggestions:  
Fresh Again—Muffins, Biscuits, and Rolls. Place left-over muffins, biscuits, or rolls into top of a double boiler. Sprinkle with a few drops of water. Cover, set over hot water and heat for 20 minutes. Reheat muffins in muffin pans which have been prepared as follows: Into each muffin cup put 1/2 teaspoon margarine or butter and 1 tablespoon marmalade. Bake in moderate oven (350 degrees F.) 15 minutes.  
Bread which is no longer "fresh"

may be converted into French toast, cinnamon toast, or hot milk toast.

Cake which has lost its freshness can be served with sauces such as vanilla cream, orange, lemon, etc. Prepare in advance so

**QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID**  
Free Book Tells of Home Treatment that Must Help or It Will Cost You Nothing  
Over three million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc.—due to Excess Acid. Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at  
SYLVA PHARMACY

as to allow the sauce to saturate the cake. Top with whipped cream.  
Pound and loaf cakes which have become dry can be sliced and toasted.  
A delicious treat is fried pound cake. The cake is sliced and fried in buttered skillet, using slow heat. Turn to brown both sides.  
Bread type rolls, coffee cakes, sweet rolls, etc., may be refreshed by placing in a paper bag, wet the outside of the bag and place into the oven.  
Matted spots in rugs caused by heavy furniture can be covered with a damp cloth, pressed with a warm iron. As the nap springs up, brush with a stiff brush.  
Broken shoe tips coated with clear nail polish and allowed to

harden will prolong the life of the lace.  
You will have no soap in your eyes if you apply cold cream around them before shampooing your hair.

Despite recent progress in rural electrification, nine states report that they each have more than 100,000 farms unserved by central station electric power.

*Here Today...*

*This time it's Hudson*

*the car they said was years away!*

*This is your day! Set the time; see the car you've been told was years away!*

A style-setting beauty, with a sparkling and massive front grille. A car that is only five feet high, and with the lowest center of gravity you've ever known, but with a new, all steel Monobilt body-and-frame that gives you more inside head room than any other car built today.

A car with the roomiest seats ever built into any American-made automobile.

A car you step down into when entering, not up on — yet a car that maintains road clearance! A car that cradles you not only between axles, but ahead of the rear wheels.

All of this is made possible by a basic new development in motor car design—Hudson's

Monobilt body-and-frame, shown in phantom view and described to the right.

The Hudson dealers listed here are ready with information about Hudson's all-new Super-Six engine — the most powerful six built today — and Hudson's masterful Super-Eight. They will tell you about Hudson's exclusive Drive-Master — no clutch pushing, no gear shifting in forward speeds.

See Hudson's gorgeously upholstered interiors, with chrome handles and hardware recessed into side panels, out of the way. Examine all of Hudson's new beauty, comfort and convenience features, including a new type of low-pressure, Super-Cushion tire that mounts on a new, wide safety rim. See how Hudson's wide, curved windshield and rear window give added vision all around.

Get a good look at this new kind of car — a type of automobile no one else in the world is prepared to build today! It's something to see — the nearest Hudson dealer will show it to you now!

**A CAR YOU RIDE IN... NOT ON!**

Hudson is the only motor car that completely encircles you, even outside the rear wheels, with a rigid box-steel foundation frame. You ride within this new construction, instead of on top of it as in other cars. And every unit of Hudson's new, all steel Monobilt body-and-frame is welded into one solid structure that provides unusual rigidity and stability.

*The New Hudson*
