

CRAWFORD THANKS JACKSON VOTERS

I wish to thank the voters of Jackson County and the 32nd Senatorial district for their support in the special election held on last Saturday. In placing your confidence in me to represent you in the State Senate carries with it a grave responsibility. It is my desire to favor legislation that will be of benefit to this county, district and to the State as a whole. In my statement before the primary last spring you were informed of my interest in schools, roads, health, agriculture and labor. I still favor legislation which will improve all of these state sponsored services. As you know, government of any kind cost money and this money comes from you who pay all kinds of taxes. Governor Scott favors better rural roads, this is one thing Jackson County is badly in need of, as well as improved school buildings. It will be my pleasure to help promote legislation to carry out such a program.
