

Schulman's Pre-Inventory Jan. Clearance Sale

WE LIKE TO SELL! BUT WE HATE DETAIL!

We dislike the detail of Inventory. We hate assorting, counting and listing of small quantities. We had much rather have cost or less out of these odd lots than bother with the detail of inventoring. Some items are slightly soiled, some are from broken lots and many items specially purchased and specially priced for this big clearance bang-up event. Of course quantities and sizes in many cases are limited. Rain, Snow or Shine be here when the doors open.

DRESS CLEARANCE -- It's unbelievable, but seeing is believing - - - Entire stock of dresses being offered for this week only, regardless of cost, value or worth.
