All children from three years old through seventeen are sincerely invited and urged to make plans to attend. **YOU** know many things about the man behind the wheel when this bold front comes winging your way.

**He** knows style—he is traveling behind the boldest and freshest forecast of things to come that is on the roads today.

**He's** a practical person—likes the idea of plenty of protection out front without spending money on such extra items as bumper guards.

**He** likes convenience—the easier parking made possible through the precious inches of over-all length saved by this design—not to mention freedom from "locking horns" with the car ahead.

**And** he's foresighted—knows that accidents do happen sometimes—and he goes for the idea of a front-end design that can be repaired by replacing single bars instead of a whole grille work.

**YOU** could add that he likes power—for behind this smart forefront there's a big bonnetful of Fireball horsepower.

**He** likes comfort—since every car bearing this grille rides on soft coil springs all around.

**Most** of all, **he** has an eye for a buy. For this bold new design means Buick—and in every series, SPECIAL, SUPER and ROADMASTER, Buick means a better all-round buy.

For proof of that—go look, try and compare. You'll find that, dollar for dollar, your Buick dealer has the top values—and that goes for cars bracketing every price range above the very lowest.
