Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B₁, B₂, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was... I couldn't eat, I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different
Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B₁, B₂, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—the heart, liver, kidneys and lungs, even to the eyes, hair and nails.
Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

DOWN THE MAIN DRAG

It is good to be back on the Drag again. I took a flying trip down to Florida for some rest and sunshine. The coolness of the mountains was quite a relief after a hot week-end on the beach. "Nough said."

Dave Karp pulled a boner Monday morning. His sales-help were huddled around the door trying to gain entrance. Usually at 9:30 the doors are opened. One of the girls went into the Blue Ribbon Shoe Shop and called Dave over the phone. Dave, who apparently was still in bed, managed to get to the phone and answered it. "What time is it?" asked Dave. He couldn't believe that it was 9:45. By 9:46 Dave was at the front door of his store still dressing and sleepy. "My clock stopped when the power went off," he tried to explain.

Jack (Sossamon's Furniture Store) Henson will not be singing with the quartet anymore. He had all his teeth extracted.

Mary Vance (Bon-Ton-Beauty Shop) Bennett is a busy girl these days since her husband was called back to the Navy. Milking 25 cows, setting hair, and tending to a baby is a full time job, so says Mary.

Sadie (Modern Beauty Shop) O'Kelly spent the week-end in Addie. She was telling me that she had a real exciting time there. One of these days I'll have to go to Addie and enjoy the sights.

Peggy (Schulman's Dept. Store) Middleton is the main attraction in the store. Since Peggy has been working for Sol, the WCTC campus has taken over the place.

While down in Florida last week, I visited Waukula Springs. I met a party there from New Orleans that had been vacationing in the Smokies. They raved about the mountains, its beauty and coolness. They mentioned that they

Other People's Opinion

global war or not. As for the Russians, if their delegates insist upon walking out of the U. N. sessions when the argument is against them—they should be prohibited to return.

CARY SNYDER — I advocate the old Teddy Roosevelt policy of carrying a Big Stick. This policy of appeasement that we have been practicing has not been very effective.

"WIMPY" HYATT — I believe we should get the jump on Russia before she gets it on us. We are not fighting North Koreans. We're fighting communism. Drop the A-bomb on them, they have been manufacturing them for some reason.

OFFICER QUEEN — The people had better face the facts. We are in a war now. We should mobilize and end this thing even if it means to bomb Russia.

MACK ADAMS — We should launch an all-out war and get it over with. At the present rate it will last indefinitely and suffering will be prolonged.

JOHNNY REVIS — We should throw everything we have in the line of armament into the Korean battle. I, for one, am ready to go to do my share.

stayed overnight in Sylva and then went to see "Unto These Hills."

Ed Nicholson has gone to Washington, D. C. Joe Wallin was telling me that Ed went to Washington to advise HST, but I heard from an unreliable source that Ed went to Washington to repair Harry Truman's watch.

Jo Ann Moody's sales ability is improving. The other day a woman walked in Elsie's to buy a dress. Jo Ann sold her two dresses, a hat, and a new hair do.

June Cowan read where leg make-up could be made from ink and lotion so she informed Susie Barkley of the discovery. Susie got some ink and lotion and proceeded to mix the ingredients. This took place on Saturday night. On Sunday morning Susie painted her legs with the mixture and behold, she had a wonderful tan. All went well until she climbed out her car in Gatlinburg. Much to her surprise she was displaying two-toned legs. Parts of her legs were orange, others brown, and still other parts skin color. What Susie wants to know is, does anyone want a gallon of leg make-up?
I heard that Zollie Fincannon went to work on the grave-yard shift on his wedding night.
