

ONLY A COLD
BUT DON'T NEGLECT IT

A cold is an acute catarrh which can easily become chronic. A great many diseases may be traced to a catarrhal condition of the mucous membranes lining the organs or parts.

PE-RU-NA
AN IDEAL EMERGENCY REMEDY

Just a few doses taken in time have saved thousands from serious sickness. For fifty years Pe-ru-na has been the popular family medicine for coughs, colds, catarrh, stomach and bowel disorders and all diseases of catarrhal origin.

Keller, Who Impeached Attorney General

This is an up-to-date portrait of Representative Oscar Edward Keller from the fourth Minnesota district, who got into the limelight by bringing impeachment charges against United States Attorney General Daugherty. He quit the house judiciary committee hearing, alleging "whitewash." His refusal to respond to a subpoena requiring him to give under oath the information upon which he based impeachment charges against Attorney General Daugherty created a precedent of such possible far-reaching importance that the house judiciary committee decided to refer the whole matter to a subcommittee for investigation.

Meantime the hearings on the charges against Mr. Daugherty went forward, the committee summoning such witnesses as it could find without the aid of Mr. Keller.

Chairman Volstead planned to appoint the subcommittee which, in the language of a formal motion adopted by the entire committee, was "to make an investigation of what action, if any, should be taken in connection with the conduct of Mr. Keller towards this committee and towards the house of representatives."

St. Joseph's LIVER REGULATOR
Large Can 25¢

Massachusetts Long in Lead.
For more than 150 years, from the earliest colonial days, Massachusetts held the lead in industrial chemistry in America.

Time Saved by System.
In a report made to the house of representatives by the committee on coinage, weights and measures, which favored the adoption of the metric system by the government of the United States, it was pointed out that, according to estimates made by the bureau of education and others, two-thirds of a year would be saved by the adoption of the metric arithmetic. It is also averred, as a matter of evidence, that the metric system and its application to the solution of problems may be learned in one-tenth of the time required for gaining equal facility in the use of the English system of weights and measures.

Thousands Have Kidney Trouble and Never Suspect It
Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

In Bolshevia.
A traveler, newly returned from Moscow, tells a pretty story in the columns of the London Morning Post of how he found himself in uncomfortable quarters, and decided to change a very small amount of English money into an unthinkable number of rubles, and buy a hotel. Here he lived in contentment for a fortnight. Leaving for home, he gave the hotel to the head waiter as a tip.

Temptation is the balance in which character is weighed.

Wood Is to Stay in the Philippines

Maj. Gen. Leonard Wood has resigned the office of provost of the University of Pennsylvania in order that he might "comply with the expressed wishes of the administration" and remain as governor general of the Philippine islands, it has been officially announced by the War department.

Secretary Weeks made public copies of two cablegrams received from General Wood. One, addressed to the secretary, said:

"The situation here is going to require my remaining on into the next year. Reports of my returning the first of January should not be credited. Do not see how I can leave before the legislature adjourns and perhaps not until afterwards. As I have stated before, the situation here must take precedence over personal and university interests. Am placing resignation in hands of university."

The second cablegram, addressed to the chairman of the board of trustees, University of Pennsylvania, said in part:

"In view of the impossibility of definitely foreseeing the date upon which I can leave the islands and because of my realization that the university should no longer be without a permanent head, I tender my resignation. This I do with very real regret and with sincere appreciation of the honor the university has done me and of the leave granted me in order that I might comply with the expressed wishes of the administration that I remain here to carry out certain work."

Le Jeune's Report on His "Leathernecks"

Several recommendations for new legislation affecting the Marine corps were made by Maj. Gen. John A. Lejeune in an annual report reviewing the peacetime activities of the "Devil Dogs" during the last fiscal year.

Among other things General Lejeune asks for authority to expend \$7,500 for purchase of a tract of land to develop a Marine corps base at San Diego, Cal., and legislation for the purchase of a marine flying field at Reid, Va., funds for the training of the Marine corps reserve and an appropriation of \$375,000 for the purchase of a site and construction of a supply depot at San Francisco.

Although the amount appropriated for maintenance of the corps was more than \$5,000,000 below that of the previous year, General Lejeune said no deficiency was incurred. Use of 2,200 officers and men to guard the mails during the year cost \$416,780.

General Lejeune covers at length the various activities of the marines, including their maneuvers last summer at Gettysburg, progress in aviation, and duty in Santo Domingo and Haiti.

Judge Presiding at the Herrin Trials

Here is a new portrait of Judge D. T. Hartwell, of the Circuit court of Marion, Ill., who is presiding at the trials of miners for the Herrin murders of last June. Attorney General Brandegee and Frank Farrington, president of the United Mine Workers of Illinois, were conspicuous at opposite tables.

Attorney Angus Kery early stated that the union would finance the whole trial. This was in challenge, he stated, to the Illinois chamber of commerce, which had stepped into this case "on behalf of organized employers" and for the first time in its history financed a prosecution.

Despite every effort of the state to restrict the trial to a plain murder case, resting on identification, it became apparent at once that the whole issue of unionism, the protection of private property by armed guards, and the rights of open shop employers was to be kept well to the front by the defense, that the main defense would be that these Herrin killings were not murders at all, but justifiable homicide.

In view of this wider issue, the threat of a new coal strike, the watchful eye of the federal government, the case assumed national importance not only in a matter of law enforcement but in the question of the rights of a union to vote an industry and to keep it closed by killing if necessary. This was the new doctrine to be tried.

LOS ANGELES MAN SAYS IT NEVER FAILS

"Tanlac is my stand-by, and I wouldn't think of being without it. It has set me on my feet more than once when I had such bad spells of stomach trouble. I thought I couldn't get well." This emphatic statement was made recently by W. C. Wallace, 320 N. Normandy Place, Los Angeles, Calif.

"An acid stomach and indigestion caused me indescribable suffering for more than four years," he said. "Awful pains would strike me soon after eating, and I would be almost doubled up in agony. Often I had to take to my bed, and I would lose much weight with every spell. I was told I had ulcers, enlarged stomach and other ailments, but all my efforts to get relief failed. I kept getting worse, and figured I would have to get something to help me or I couldn't keep going much longer."

"I read in the papers where Tanlac was helping others with stomach troubles, so I began taking it. It never failed to straighten me out, and I gained back my lost weight, too. I am more grateful than I can say for the good this medicine has done me, and I do not hesitate to give it my fullest recommendation."

Tanlac is sold by all good druggists. Over 35 million bottles sold.—Advertisement.

Awful Plight of a Tramp.
Tramp (at the back door)—Kind lady, I ain't one er them what's seen better days. I ain't had no better days. I've bin neglected right from the start—been born in a little attic in London while me parents was down at South End enjoyin' theirselves.—London Punch.

Cuticura Comforts Baby's Skin

IF SICK, BILIOUS! START YOUR LIVER

Don't Take Calomel! "Dodson's Liver Tone" Acts Better and Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

"My babies had colic Mrs. Winslow's Syrup and it cured him"

Dear Sir: I have used Mrs. Winslow's Syrup for many years for my three babies and it has proved successful. One of my babies had colic and I gave him Mrs. Winslow's Syrup. It certainly was like a charm for it cured him.
(Name on request)

Diarrhoea, colic, flatulency and constipation are quickly overcome by this safe, pleasant, efficient remedy. Guaranteed non-narcotic, non-alcoholic. Formula on every label.

MOVE SICK CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"
MOTHER! Even Bilious, Upset, Tongue-Coated Children Love this Pleasant, Harmless Laxative

A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, constipated, or full of cold, children love its "fruity" taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottles. Mother you must say "California." Refuse any imitation.
