The city pump has been giving the town officials considerable amount of trouble recently, but the matter has been patched up and it is hoped it will last till the new gravity line is completed which we think will be in the early spring. The work has already reached the middle section of Walnut Creek.

Take a look at the paper this week and see what the sheriff and prohibition and Revenue Officers have been doing this week.

Childrens over-shoes v a l u e 40c now 25c.—C. W. Furguson & Son. Come to see us.

On Wednesday night Sheriff R. R. Ramsey, Z. R. Morrell, McDevitt and chief of Police Parris, while at Hot Springs raided a freight train which resulted in the capture of one and one half gallons of whiskey and three men. One white and two colored, who were brought to Marshall and lodged in jail. The officers arrived with their prisoners about three o'clock in the morning they were brought through in an automobile. More booze would have been found if they had, had time to search the train, the train was leaving just as the find was made, therefore the officers had to rush off of the train in order to avoid injury to themselves.

R. A. Doughton to Succeed Colonel A. D. Watts As Commissioner of Revenue

RALEIGH, N. C., Jan. 29.—Governor Cameron Morrison received and accepted the resignation of Colonel A. D. Watts, State Commissioner of Revenue, and appointed Representative R. A. Doughton of Alleghany County, to succeed to the office, it was announced at the Governor's office late today.

The announcement of the resignation of Colonel Watts was made following the issuance of a warrant this afternoon by local police authorities charging him with a statutory offense, which followed a police raid upon his rooms.

Aside from the bare announcement that Colonel Watts had

signed and that Mr. Doughton had been appointed to succeed him no other statement was given out at the Governor's office late today.

Colonel Watts' resignation was contained in a letter of only ten words, reading:

"I herewith hand you my resignation to become effective immediately."

The Governor is said to have acted on the resignation a short time after it was received.

Mr. Watts, known throughout the State in political circles, was appointed to the position of commissioner of revenue by Governor Morrison when the latter came into office two years ago. He and Governor Morrison are said to have long been personal and political friends.

Mr. Doughton has served in the General Assembly for more than 25 years at one time or another. He is recognized as majority leader in the House and was one of the strongest supporters of road building measures. He is now chairman of the House Finance Committee. It is expected his appointment will be sent to the Legislature tonight for confirmation.

Important Whiskey Raid By Officers.

Notwithstanding the inclement weather on Tuesday the 30th of the month the officers were on their duty and made one of the most important raids in years. Prohibition officers Rector, Moffett and Grant with Sheriff R. R. Ramsey, and Deputies Lawson and Rector went to Paint Rock arriving about 8 o'clock in the morning and leaving their machines took to the woods and found about eight miles from Paint Rock near the Tennessee Carolina line one of the most complete out-fits captured in years. The still was in a house made of split logs and slated covered and very comfortable. Inside the officers found a furnace built of brick very up to date. Near the house was found the still made of copper and of a capacity of 100 gallons. There were twelve fermenters that would have held 300 gallons of liquor. The house of Gum Shelton was visited and 14 whiskey barrels were found holding if full from five to 40 gallons each. These had just been emptied and without doubt carried away. Near Shelton's house were found a still much small and worms and cap. Not only had Shelton these barrels but many other containers were found. All these were destroyed and cap up. Gum Shelton was arrested as owner of the still.

The plant is said to be the largest taken since the time of the government still and old officers say it is one of the most complete as to size and out-fit that has been taken.

Evidently the capture is most important as on account of its size it has furnished a great deal of the liquor which has gone out of the county. That nothing was left not even the house is to important as it will take away the source of the trouble. The citizens of the county should get back of the officers who are doing their duty even at a great cost of time and hardships and if they co-operate with the officers will rid the county of the stills.

In officer Rector and Sheriff Ramsey we have men who are trying to show that we can stop the traffic if once we try.

Death Summons For John Curry

Lumber Manufacturer, a n d Former Banker, Will Be Buried Wednesday.

John Curry, a prominent lumber manufacturer a n d former banker, died at the home of his daughter, Mrs. C. A. Thomas, 264 Monford avenue, early Tuesday. He was 66 years of age. Death followed an illness of about four months.

For 12 years Mr. Curry was President of the Ridgway National bank, of Ridgway, Pa. The balance of his business life was spent in the lumber business. He built and operated 7 lumber mills in Pennsylvania, and West Virginia. His last mill was at Druid, N. C., where he had lived for the past seven years prior to his illness.

He is survived by five children; Mrs. C. A. Thomas, Asheville; Mrs. J. J. Drennen, Auburn, N. Y.; J. R. Curry, Ridgway, Pa.; Harold and John Curry, of Druid, N. C. Other immediate relatives include 10 grand-children, three brothers and three sisters, all of whom live in Pennsylvania with the exception of W. G. Curry whose residence is in Oregon.

Mr. Curry was a 32nd degree Mason and a member of the Presbyterian church for many years.

The funeral will be held from the Thomas residence Wednesday afternoon at 3 o'clock. Private interment will be made in a receiving vault at Riverside. Rev. Dr. R. F. Campbell assisted by Rev. J. S. Williams, will be in charge of the services.
