

## Summer Schools

The time is drawing near when the teachers and those expecting to teach next year will have the opportunity of going to the school offered at the near places. By these courses the teachers may advance their grade and class. Many of these schools near us are offering the best of the country to those who may wish to take advantage. There is the county school or course where good instructors are at hand and will help those who come. Then in Asheville is the Summer School where the best instructors have been engaged and with a faculty of eighty teachers in the departments needed for preparation, a teacher can study almost all the things offered and where in the country. We are sure that many from Madison will go some where to prepare themselves for better work the coming year. The teacher needs to have the best preparation in the world because they have more influence over and can make the lives that come under their charge as no other person can do. We sometimes think that young men and women do not have a just appreciation of the power of the school room. To know your subject and to be able to teach it is the big thing.

Not just enough to get thru with, but enough to make lives. Then there should be courses that teach how to take care of the pupils outside of the school room. A true teacher often has more influence by their lives outside of the school. In play hours and at other times the pupil may be encouraged and helped. In planning your study for the summer think of making all the life of the pupil. Don't only prepare for the inside of the walls but at all time. Leave the impress on the community as well as on the child in the school. The professor of teaching is a wonderful one and has immense possibilities and the teacher should appreciate this and prepare for it.

## Commencements

The last week and the ones following will see many schools closing their school terms. It means a great deal to those who are finishing, it means a great deal to all in that they have accomplished much in the days that have gone. Young lives are beginning to be lived and many go out to battle with the world prepared by these years that they have spent in the school room. However all that go out must not think that they have learned all but that with them they have only gotten well started on the work of life. However with these words we wish to compliment all those who have gone thru the course and wish them all success in their life work. The difficulties surmounted during the years gone by are good preparation for the work to come. No matter what the graduate intends to do the lessons learned will be a fine training for the work. The counsels of teacher and the absolute discipline of the school will have taught that only by such conduct and such work will the best be accomplished.

We wish that all those who are going out to not return having finished the course may always remember the things learned. To those who are out for only the vacation, we counsel that they use the time so as to fit themselves for the work of the coming year. It is often the side reading and the side work that counts and by them we can get the best of what is to come next year. Don't waste the time in doing nothing. A good true education is attained by not only doing things in school but using every thing to help that

along. So the summer may help you or retard you according as you use it. To teachers and pupils we wish a fine summer and a good return to school in the fall. To all success in their work.

## Prizes Awarded At Mars Hill.

Mars Hill, May 5—The following medals and prizes were awarded the winners of various contests at the commencement program of Mars Hill college Friday:

Debate, Hubert Lance, Arden Declamation I O Brady, Benson, N. C., oration, Ezra O. Burnett Alexander, recitation, Miss Dex Ramsey, Mars Hill; Reese composition, A. R. Waters, Rutherfordton.

## Current Events From Luck

We the people of this section are very busy at the present preparing, and planting corn. But are glad to state that we are coming on nicely with our work.

We have now with us in our section two peddlers Mr. Glenn Gardner, and Eul-s Asken of Trust, also Mr. C. L. Miller, and Ted Russell of Bluff.

We had with us at Luck Chapel Sunday Rev. R. H. Hipps, of Asheville, who delivered to us a most highly appreciated address.

Mr. Baley Plemmons, who has been visiting friends, and relatives in Canton, and Asheville has returned home again.

Mr. John G. Plemmons has gone back to his place of employment at Detroit, Michigan taking with him the following young men, Mr. Hubert Plemmons, Mr. Bergie Meadows, Mr. Harlen Davis, Mr. Dewey Brown, also Mr. Roy J. Woody.

Mr. Raymond F. Price has recently moved to the new home.

Sunday School is expected to be started at Ball City on next Sunday afternoon.

We have with us now in our section a few cases of measles.

## Piano Recital

The pupils of Miss Evelyn Baley will give a Piano Recital at the First Baptist Church, Tuesday evening May the fifteenth at eight o'clock. The public is cordially invited to attend.

Marshall, N. C.

# Firestone

will not increase prices until May 1st

Firestone Prices on Fabric and Cord Passenger Car Tires and Tubes, also Solid and Pneumatic Truck Tires Will Advance May 1st

The postponement of this price revision is possible only because of our realization of the price danger in the British Crude Rubber Restriction Act which became effective November 1, 1922. We were fortunate in our rubber purchases before the Restriction Act increased the price of crude rubber 150%.

We have always endeavored to champion the cause of better made tires delivered at lowest cost to the tire user by economic manufacturing and distribution. And we are glad of the opportunity to give the car-owner the additional saving at this time.

Firestone Co's embody certain special processes which result in their producing

mileage records, heretofore unheard-of in the industry. Among the more important of these superior methods are blending, tempering, air-bag cure and double gum-dipping.

Firestone Dealers are co-operating with us in our movement to supply your needs at present prices as long as their stock lasts and we have advised our dealers that we will supply them with additional tires this month only so far as our output will permit.

See the nearest Firestone Dealer. Purchase a set of these Gum-Dipped Cords. Prove for yourself their remarkable mileage advantages and easy riding qualities.
