

Amazing NEW Silence

distinguishes the

1929 KELVINATOR

Among All
Electric Refrigerators

PRODUCT of a company concentrating for 15 years on automatic refrigeration, the New Silent Kelvinator stands today not only an improvement of this great line, but a genuine achievement in domestic electric refrigeration.

It is so positively silent in operation that it is difficult to tell, even while standing close, whether it is running.

Wholly automatic, Kelvinator demands no regulation or attention on your part. It rapidly freezes desserts, salads, and ice cubes, while maintaining scientifically correct temperatures to preserve food and its flavor.

The Kelvinator Corporation, too, builds its own cabinets—models of staunch, roomy convenience with rounded inside corners to permit easy cleaning.

No need to wait to enjoy a modern automatic Kelvinator in your home. Buy it now on our attractive monthly budget plan, with its small carrying charge, and note the benefits it brings to your home.

T H E R E L I A B L E

KELVINATOR

Flexible Rubber Ice Trays—An Appreciated Convenience

Made of purest and highest grade rubber, the new rubber tray for ice cubes, flexes easily in the hand, releasing in a flash—one or a dozen ice cubes—without melting or hammering. No holding of frozen trays under the water, no wasted ice supply, and precious minutes saved daily whenever ice is needed.

The Kelvinator Cold-Keeper—A Constant Reservoir of Cold

The New Silent Kelvinator is far more economical because of its Cold Keeper—a reservoir of cold that holds its low temperature for long periods and quickly freezes desserts, ice cubes and salads. So true is this that the Kelvinator mechanical unit starts only one-third as often as any other electric refrigerator.

Northwest Carolina Utilities, Inc.

THERE ARE KELVINATOR ELECTRIC INSTALLATIONS FOR EVERY COMMERCIAL PURPOSE

From ENGLISH

A HOME COMING DAY AT SHOAL HILL

There will be an all-day service at the Shoal Hill church the fourth Sunday in this month. Everybody is invited to come. The people who used to attend Sunday School or church are especially invited to come. The program will consist of preaching and talks and singing. We are expecting some good singing classes. Come one and all!

IN MEMORY OF DEAR FATHER DATUS BROWN

Who died August 5th, 1923.

Someone I love comes back to me,
With every gentle face I see;
Beneath each wave of soft black hair
I seem to see my father there.
With every kindly glance and word
It seems as if I must have heard
Him speak and felt his tender gaze,
With all the love of olden days,
And I am moved to take his hand,
And tell him now I understand.
How tired he grew beneath the strain
Of feeling every loved one's pain.
No further burdens could he bear,
The promise of that land more fair,
Alone could tempt him from his child,
And now if I could have kept him
here,
No sacrifice would be too dear,
No tempered winds for him too mild.
Then I would smooth and kiss his face
And by his side take my place,
And sob my tears and cares away.
The tears I have so long repressed,
Would lose their ache upon his breast
I think if I could feel him touch,
Once more it would not matter much,
How sunny or how dark the day,
I love each father that I see,
Who brings my father so near to me;
For though I never more may frame
Upon my lips that hallowed name,
To any who will draw me near,
And answer me with warm caress,
As long as there are fathers here,
No child can be fatherless.

Written by his daughter,
Geneva Brown.
