WHAT DR. CALDWELL LEARNED IN 47 YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipa-tion will ccour from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for consti-pation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it. Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were goed for anybody's system. In a practice of 47 years he never saw any reason for their uss when Syrup Pepsia will empty the howels just as promptly.
