IN MEMORY OF

ROLLIN ROBERTS

We were very much surprised on last Saturday morning when we heard of our dear cousin and friend being drowned.

On last Friday evening Rollin went over to a park near River Rouge, and while taking a bath, by some means he sank and was drowned before friends who helped to get the flowers.

A lot of his friends went to his rescue and longed and waited from 7:45 till about 3:00 Saturday morning. We believe that the water being cold, he took the cramp in arms and legs till he could not swim.

We are thankful to his many friends who helped to get the flowers. We were very sad to give up this friend but God knows best—He doeth all things well.

We hope our loss is heaven's gain, and also we thank the people for being so kind during his death.

Rollin was a well known boy here, and was kind to every one. He leaves a number of friends here, besides his father and brother and uncle, who have been working here for some time.

May the Lord bless his mother and all during this sorrow.

Written by a cousin, Mrs. O. L. Wilson.

What Will you do When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night you find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard of as advice giving to infants. Stronger medicines are harmless to a tiny baby, however good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailment. Any hour of the day or night that baby becomes fretful, or restless, Castoria is never more popular with mothers than it is today. Every druggist has it.

Too much to eat—too rich a diet—or too much smoking. Lots of things cause our stomach, but one thing can correct it quickly. Phillips Milk of Magnesia will alkalize the acid. Take a spoonful of this pleasant preparation, and the system is soon sweetened.

Phillips is always ready to relieve distress from over-eating; to check all acidity; or neutralize nicotine. Remember this for your own comfort; for the sake of those around you. Endorsed by physicians, but they always say "Phillips." Don't buy something else and expect the same results!
