

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctor's word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

WALNUT CLUB

The 4-H Club of Walnut met Wednesday morning at 8:45 o'clock in the high school auditorium with Miss Frances Crafton, home demonstration agent. This was the first meeting of the club since school opened. We then reorganized because many of the girls from other districts who could not attend this summer wanted to join now.

This first meeting was called to order by the president, Miss Odessa V. Henderson. Much interest was displayed by those anticipating entering the club, sixty-seven in all. Miss Crafton plans to continue the work of last year, dress making, during this season. Since about half of the club members are entering their second year's work, it is expected that their progress will be more satisfactory and efficient.

A short talk was given by Prof. O. F. Blankenship, and I think every girl should bear in mind what he said, because he gave us several excellent facts concerning the necessity of every girl learning to sew. He also told us what was expected of each club girl. "To do our best and our very best and nothing else."

We then had a business meeting. Our former secretary, Miss Florence Hyde, resigned. Her resignation was received by the club. We regretted to give her up, because she has been a very efficient secretary, and has served us well. Marie Hutchins was then elected secretary for the coming term.

Miss Crafton suggested that we introduce a new office, that of club reporter. Her duty would be to make a report to send to the papers of each meeting. Miss Gypsie A. McDevitt was elected by a unanimous vote.

A committee was appointed by the president to select a new name and song for our club. They are: Sallie K. Chandler, Norma Wild and Margaret A. Leake. Another committee was appointed to prepare a program of twenty minutes to be given at the beginning of each meeting. They are: Misses Ruby Wild, Josephine Ramsey and Florence Hyde.

The officers for the coming term are: President—Odessa V. Henderson; Vice-President—Josephine Ramsey; Secretary and Treasurer—Marie Hutchins; Reporter—Gypsie A. McDevitt.

This ended our business meeting. We then took up regular work.

The girls who are entering for the first time are to make a sewing bag. The older girls are to make a dress, coats or pajamas.

Our next meeting will be Tuesday, Sept. 24 at 10:45 o'clock.

I think all clubs should put forth their best efforts to live up to our club motto: "Make best, better." When we see the enthusiasm of Miss Crafton, and especially the Walnut Club, when we see the dense interest of both Miss Crafton and Mr. Blankenship. As they are putting forth the greatest efforts to make our club greater let us as club members cooperate with them.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—
