MEMORIAL SERVICES AT GRAPE VINE BAPTIST CHURCH MAY 11, 1930

Rev. John Lamb died a few days ago at Grape Vine Baptist church in Madison county. Memorial services were held in his honor in the beautiful new church there of which he was the pastor at the time of his decease.

The Grape Vine church was organized by him, about forty years ago. It was there that he preached both largely to his first and last ministries his first and last sermons. It was due there, that the large membership of the church and splendid citizenship of the community now exist.

The sermon by Rev. Roberts was the leading feature of the memorial service. A beautiful tribute in rhyme was read from the pulpit, written by Mrs. Alice Briant, who is well known in the community and is virtually one of the church community, although now temporarily a resident of Weaverville. She and some others from Weaverville were present at the memorial service, and were entertained at the home of Mr. and Mrs. Goslin. Several others who have known the deceased and know of his merits as a splendid citizen and faithful preacher, and talented author, also paid respects to his memory and worth in short addresses.

Notwithstanding the rainy weather, and muddy highways the attendance was large and the sorrow in their loss of this splendid pastor was plainly evident. Between his first and last pastorates here, he has also served the people of his denomination at Athens, Georgia, and in two churches in Tennessee, which was his native state. He has also served in the home mission work of his church. Wherever he has labored he has left the impression of his talent and character.

A collection was taken for the benefit of one of the Asheville hospitals to be used in behalf of needy patients. Bethel Home Sanitarium, which is The Weaverville delegation was from operated by Rev. Homer Gasto, largely on a non-profit basis. George Hartfield.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

IN MEMORY OF MITCHELL GENTRY

Dear uncle has departed from this world. I know we will miss you. No one can fill your place. You have quit all hard work and labor, and have gone to a better place. We are weeping every day, because we can see you no more on this earth, but we hope we will meet you in that happy glory land, where all fears will be wiped away from our eyes.

You leave here your life and little children. We trust they will be ready to meet you in the sweet by-and-by.

We can see where you lie upon the little hill in sight of the home. We can go to see where you lie in the little graveyard on the hill.

No tongue can tell how we miss you here on earth.

We can see the work you have done. It makes us sad to see where you have worked this spring. Oh, how it shocked us when we heard you were killed.

You were always smiling and talking when you met me, and I can't hear you any more. It nearly breaks my heart.

He has finished the work God gave him. He has a father, sister and two brothers, and two little children gone on before. He was loved by all who knew him. He was a smiling, talking uncle. He always spoke when he saw you whether you spoke or not. He was 45 years of age. The funeral services were conducted by Rev. N. H. Griffin and Dr. W.E. Finley.

—Sent in by his niece, MISS ROXIE GENTRY, White Rock, N. C.

You probably know from experience how promptly and completely Bayer Aspirin relieves a headache. But until you try it for some deep-seated pain such as neuralgia or neuritis you cannot know its full effectiveness. Bayer Aspirin long ago proved that much suffering is needless. Doctors know it is safe to use freely. Just be certain to get genuine Aspirin with Bayer on the box and on every tablet.

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved, or diarrhea checked. A vegetable purgative, a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicine is dangerous to a tiny baby, however harmless they may be to grown-ups. Don't old Castoria! Remember the name, and remember to buy it. It may save you a sleepless, anxious night. It is always ready, always safe to use. It is compressive, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless, Castoria will never more popular with mothers than it is today. Every druggist has it.
