

How Important Are Your Children?

What Are Their Educational Advantages?

Have you ever been able to do anything where schools were involved but take what you were given and like it?

Do less than ONE PERCENT of our taxpayers rule our schools?

Shouldn't our teachers be given contracts by May 1st?

Should a qualified teacher be fired or hired by a constant law breaker or one with a criminal record?

How many taxpayers from 21 to 80 have ever had a voice in the administration of Madison County's educational system?

Have you, in your lifetime, ever had a chance to vote for, or elect someone to administer your school?

Should contracts be held from qualified teachers until August?
