Some people really make you wonder.

Like the character who says, "I believe in highway safety, but why don't they put the patrolman out in plain sight so a guy at least has a chance."

You know the argument — by being visible the patrolman can make drivers reduce their speed and be more careful.

What this guy is really saying is, "I believe in highway safety for everybody else but me. Give me my 10 or 15 miles over the speed limit and keep everybody else out of the way." Makes you want to wring his neck.

There's only one way law enforcement can help reduce accidents effectively: by making as many drivers as possible believe that if they violate the law they will be seen; if they are seen they will be arrested; and if they are arrested, they will receive an impartial trial.

What do you suppose would happen if the highway patrol announced a policy that arrests would no longer be made from hidden cover? As long as no patrolmen were in sight, every motorist would have a license to speed or worse. That's what our friend is asking for. Surely, he deserves a better chance than that for survival. Or does he? Some people really make you wonder.

## Scholarships To MHC Are Awarded To Hale, Ramsey

Two recent Madison County high school graduates have been awarded James G. K. McClure Fund Scholarships which they will use in attending Mars Hill College during the 1964-65 school year.

They are Patricia Ann Hale, daughter of Mrs. Ethel T. Hale of RFD 1, Marshall, and Ronnie Ramsey, son of Mr. and Mrs. E. D. Ramsey of RFD 4, Marshall.

A 1964 graduate of Marshall High School, Miss Hale was editor of the school yearbook, vice president of both the junior class and the Beta Club and was an honor student all four years of her high school career. She is pianist and soloist for the Oak Hill Baptist Church.

A recent graduate of Laurel High School, Ramsey compiled an all-A record during four years of high school study and ranked third in his graduating class.

Both students plan to major in mathematics. The scholarships are provided by the James G. K. McClure Educational and Development Fund, a program set up to aid financially deserving and academically promising young men and women of Western North Carolina.
