

Salvation Army Singing Is Set For This Sunday

The 28th annual singing convention of The Salvation Army Mountain Mission will be held at the Shelton Laurel Mission, 3 miles west of Pine Creek High School, Sunday, August 2, from 10 a. m. to 3 p. m., in Haywood County.

This annual event has for many years attracted thousands of people to the mountain top to hear the old-time gospel singing, composed of quartets, trios, duets, soloists and church groups.

One of the highlights each year is the fellowship one has with both old and new friends.

This is an inter-denominational singing convention and singing groups from all churches are invited to participate in the singing.

This annual all day singing and decoration services are instituted by the late Major Cecil Brown, founder of The Salvation Army Mountain Mission work.

There will be free meals and

drinks served to the musicians and singers. Hamburgers, hot dogs, sandwiches, coffee, drinks, and ice cream will be available to those who will not be bringing their lunch along with them, to buy.

However, families are urged to bring their lunch, spread it on one of the picnic tables and enjoy the fellowship of your friends together. Invite your relatives and friends you have not seen in years to join you; have a good time and make this a real homecoming day.

Colonel and Mrs. William Range, Divisional Commander of North and South Carolina will be present for this wonderful occasion, along with other guests.

This will be the third year for Capt. and Mrs. Earl Woodard, in command of The Salvation Army Mountain Missions. They extend to you a most cordial invitation, to come and attend this all-day event.

YOUR SOCIAL SECURITY

By D. H. BUTLER
Field Representative

Today's news features President Johnson's war on poverty. Now hope is being offered to the poverty-stricken — that the future will hold increased work opportunities that will again make life worth living.

One instrument in American society has been playing a quiet role throughout the country in alleviating hardship. Now so much a part of our American way of life that it is taken for granted, social security provides income in old age, income to keep the family together when the breadwinner becomes severely disabled, or income for the family when death strikes. Despite the fact that it was set up in August 1935, social security is still commonly thought of as something you get only in old age. But in reality it is more — much more — than that. Ten file cards pulled at random from the local social security office files showed social security coming to the aid of local citizens in three different ways: income in retirement; income to survivors; and income to the disabled.

1. Four of the cards showed men and women receiving monthly payments as a matter of right in their old age. These were men and women who had purchased retirement income over the many years they had worked in our factories, our offices, or running their own businesses. And two of these four cards also showed wives collecting monthly payments on their husband's earnings.

2. Two cards showed surviving widows receiving monthly payments based on their deceased husband's earnings. Two others showed young mothers with children under 18 receiving payments for themselves and the children month after month — payments that will total thousands of dollars over the next ten to fifteen years.

3. One card showed a 32-year-old carpenter, severely disabled by a fall from a scaffold, now re-

Mars Hill Brownie Troop Presents July Art Show

A clothes line art show was chosen as the project for July by the Mars Hill Brownie Scout Troop.

Original drawings in color crayons and black and white pencil sketches of kitchen "still life" were viewed by 30 people. Guests included Prof. Joe Robertson of Mars Hill College and members of the Mars Hill Junior Girl Scouts.

Brownie Leader, Mrs. Elizabeth Naron, accompanied the Troop to Asheville to the Plaza Theater to see Walt Disney's "Thomasina" recently. Mrs. Gwen Fish, of Mars Hill College, also assisted on the trip.

TIP TO MOTORISTS
One thing motorists don't seem to understand is that highway safety is a life and death matter.

Incredible as it seems, many motorists just DON'T understand how a seat belt works.

Otherwise, you wouldn't hear them say things like, "It's a good thing he was thrown clear because the car was a total wreck."

When somebody gets hurt in a wreck, it's the result of two collisions. First, the car hits something which makes it come to a sudden stop. Second, the victim's body, which is still moving, comes into a collision with the dash board, windshield, or some other part of the car.

The seat belt will not help prevent the first collision, but it greatly reduces the impact of the second and, in many cases, can prevent ANY contact at all.

Lots of people are still thinking in terms of their automobile hitting THEM when it actually happens the other way around. Think about it. Try to explain it to your wife. You'll find out it's one of the "Unthinkable" thoughts about traffic accidents. People just don't understand it. Columbus knew just the feeling; he tried telling people the earth was round.

EITHER SEX DEER HUNT REGULATIONS

The North Carolina Wildlife Commission today announced that landowners and sportsmen wishing to recommend either sex deer hunts in their localities must file requests with the Commission before August 10. Such hunts will again be allowed in areas of high deer population on the basis of local requests. Frank B. Barick, Chief of the Wildlife Commission's Division of Game said that "upon receipt of requests the Commission will investigate local situations to determine whether deer populations warrant the taking of antlerless deer. If this is found to be the case a public hearing will be held near the area being proposed to determine local sentiment in regard to the proposal. Such hearings will be held during the week of August 31. Results of the hearings and other findings will then be considered by the Commission and approved areas and dates will be announced during the week of September 21.

Either sex deer hunts for gun hunters will be scheduled during the month of December. As in the past, bow and arrow hunters may take antlerless deer on such areas during the last six days of their pre-gun season.

TODAY'S MEDITATION

Read Acts 16:23-34

Therefore being justified by faith, we have peace with God through our Lord Jesus Christ. (Romans 5:1.)

When I visited a sick person in the hospital, we talked about the risks of life. He had a moving business, and he told me about what happened to him once in relations to his work.

He said, "I was to move the

On Tour

Miss Judy Elam, daughter of Mr. and Mrs. P. R. Elam, of Mars Hill, is among those now on tour to several European countries, including England, Holland, Belgium, Germany, Switzerland, Austria, Italy and France.

Miss Elam, who taught in Winston-Salem last year and will be a librarian there this fall. She is a graduate of the University of North Carolina.

household furnishings for a civil engineer from his home in Norway to his future home in Sweden. The customs office in Norway told me the papers were in order. But when we arrived at the customs office in Sweden, I was shocked to learn that the papers were not in order. I was delayed one whole day in returning to Norway. So you see," he concluded, "It is very important to have the papers in order when crossing the border."

There was a serious look in the man's eyes as he closed his story. I asked him, "What does it mean to have the papers cleared when one is to cross the last border?" His answer was, "It means to have been justified by faith in Jesus Christ."

PRAYER: O God of grace and glory, we offer to Thee our gratitude for Thy plan of redemption for us. Help us to live by faith and to be thankful that by Thy grace salvation is offered to us through Christ, Thy Son. In His name we pray. Amen.

THOUGHT FOR THE DAY Our faith, Christ's forgiveness, and God's mercy admit us into the kingdom of heaven.
