HEARD AND SEEN By "POP"

Gosh, Shupe and her mouse — did you read that mouse episode in her column last week? — gosh, I'd love to have seen her carrying out that rodent — quite cute, Dot — well, to Knoxville I went Saturday — Everett Boone, Roy Reeves and I — it was a beautiful day and we had a wonderful trip — the game was one-sided, but what the heck — on the way to Knoxville, believe it or not — Roy and I studied our Sunday School lesson — Roy teaches the Young Men and I the Intermediates — Roy took along his quarterly and Teacher and after we had studied said lesson we started practicing on each other — even discussed the actions of the Baptists in voting negatively on the trustees and Federal Aid issues — we arrived in Knoxville in plenty of time and ate at Weaver's Cafeteria on Magnolia — real nice place — went to Neyland Stadium, parking Roy's station wagon in a Kiwanis Parking lot — after game, imagine our feelings when we discovered that someone had broken into the station wagon during game and stolen Roy's camera — fortunately, the low down thugs didn't steal anything else but our neck ties — and I found mine on the trunk of the car in front of ours — several other cars had like experience — after paying a buck to park it seems that someone should watch out for such doings — oh well, we still had a good time — traveled on US 441 to Canton where we saw the Andrews-Tryon playoff game Sat. night — before I forget it, let me thank Anna Mae for bringing me a great big (and I mean big) cigar the other day — while on a recent vacation she saw the huge cigar and said she immediately thought of me — thanks, Pal — maybe I'll bring you something someday — "Bill" and I attended the Open House for the Nortons at Mars Hill Monday night — we had a real good time — it was a nice gesture and Clyde (oops, I mean Senator Norton) and Mrs. Norton seemed to appreciate the occasion — in fact, he told me so — hope Cecelia Powell doesn't tell how many doughnuts I ate — gosh, they were good — also had a good time last Friday night at Mars Hill at the Wildcat-Boonville game — it was just as exciting a game as I want to see — almost fell out of the press box during the last quarter — glad Boonville didn't make that all-important first down near the Wildcats' goal in the last minute of play — here's hoping Coach Ammons' Wildcats can win the district playoff game Saturday against Andrews — but — the Wildcats will have to play their best game of the season to upset the strong undefeated Andrews eleven — I've been trying to learn to play "We'll Sing In The Sunshine" on the piano but can't seem to get it in my dumb head — maybe I'll learn if someone will keep humming it to me — incidentally, the Junior and Intermediate girls and boys grouped around the piano last Sunday morning for assembly at Sunday School and I banged on the piano while they sang real well — we're going to play "Name The Hymn" next Sunday — if the preacher, deacons and S. S. Superintendent don't run us out of the church for disturbing the peace.

Just A Woman's Observations By DOROTHY B. SHUPE

I wrote about a page about my new car, but Shupe didn't like it and probably John and Robert would sue me for what I said about it, so here I begin to tell you the story of my life up to this moment.

Gee, it's been three weeks since I wrote this mess because I wrote about my mouse troubles the week of the election and Pop lost it some place and left it out that week and used it last week. I told him I felt like shooting him for not using it the week I sent it in, but he was agreeable — said he was so messed up getting the election returns in his paper that if I had the gun ready to go ahead!

We were real proud of Larry Moore being elected president of the Editors Roundtable at Cullowhee last week-end. He is a fine boy and I think will make an excellent presiding officer for the group. We have had several other fine students serve as president of the Roundtable. There was Eldridge Leake, Mike Ledford, Davia Ann Massey, and we elected Richard Wild assistant editor last year, but he just dashed off high school during last summer and now goes to college. Best of luck, Larry, and we'll be expecting great things of you from now on.

It's hard to believe that football season is over and basketball is here again. The girls and boys are all enthused about getting suits fitted and making the team. It looks like we have a good group lined up for both the boys and girls at Marshall High this year. And a big "thanks" for the good job Coach Ponder and his boys did during the football season. There's more to going through a season than racking up a big record of wins. The squad did an excellent job and we're proud of them.

While we're passing out thanks, we must say we're happy for the Mars Hill team that is still going strong and we hope they win right on through to the state championship. We may fight during the season, but to the team that can go on to higher laurels, we say "The best to you!"

Observed — Looks like old man winter will be coming in here soon — this rainy weather sort of smells like it's gonna get cold — the new houses going up out Brush Creek way are looking nice — guess I'm going to have to let Phyllis Niles take over this column, she did such a cute job in the Blannhasset Tribune — she's not forgiven Fred Messer for talking her into journalism, tho, — that Fred — was nice to see Ann Ramsey and Judy Payne at Cully Saturday — also glad to see Clare Ramsey at school one day this week — says she's teaching night school at an Asheville business school along with her classes — good to see all the former students doing so well.
