Of course, the tail should not wag the dog; but our athletic achievements can be mentioned. The Mars Hill High School football team won 10 games and lost 2; the basketball team won 18 and lost 6; the baseball team won 10 and lost 2. The over-all 1964-65 record shows 38 wins and 10 losses. The teams reached the state playoffs in all three sports, an unlikely accomplishment in school with poor morale.

beachers have M.A. degrees.

A recent statement made by one of our citizens in Raleigh stated that his son had a teacher with a "B" certificate. This is true, but the man who made this statement could have stated that when school opened, Mars Hill High School had 35 teachers with "A" certificates - 100 per cent of the teachers. He could one of our teachers became very sick and had to give up her work. I would say to this man, as a member of the local school committee, that we covered the country for a qualified teacher with an "A" certificate. None could be found. We took a young man of good character who was not quite through college. He has gotten along well with both students and faculty and has the respect of both groups.
