HEARD AND SEEN By "POP"

It's hard to understand how it can be so darn hot in the middle of the day and so cool and delightful during early mornings and nights — the weather really has been delightful here for a long time — sorta glad we don't live on the coast where so many "she-hurricanes" occur — the Tornadoes' two defeats this season isn't the worst things in the world — it's mighty hard for our small schools to do battle with schools which have been consolidated and have large squads — we admire our boys for their efforts — win or lose — and a fine spirit still remains on the Island despite the losses and injuries — am glad Johnny Fisher didn't have to undergo an operation as was first feared — Johnny, injured in last week's game, has his knee in a cast and is getting on as well as can be expected — but his loss for the rest of the season will be keenly missed — usually a fellow sorta feels "low" as he starts the daily grind but there's always something which cheers a person up — for instance, nearly every morning as I pass the Harry Silvers home, their daughter, Edna Ann, is standing in their driveway — always looks so happy and cheerful and always waves as I pass — thanks, Edna Ann, you make the day brighter for me — Granddaddy Kelley Davis has bought a pony for granddaughter, Rebecca Reece — Rebecca is crazy over the pony — instead of saying she is going to ride the pony bareback, Rebecca always says she is going to ride the pony RARE-back — to me this describes the ride much better — the revival which started Sunday at the Marshall Baptist Church is going real well — of course, there are some empty pews left nightly — so make plans to attend — Ted Williams (not the ex-Boston outfielder) is guest speaker and he is fine — I enjoyed the services Sunday night and also Tuesday night — but I definitely feel so inferior when I stand by John Corbett while the congregation is singing — John has such a fine voice and I can't even "squeak" in tune — makes me sorta ashamed to even attempt to sing beside him — congratulations to Mrs. Merle Lowe on her election as president of the N. C. State Employees Association — Merle has always been one of my "favorites" and I'm sure she deserves this latest honor — sorry to hear Earl Edmonds is going to work "way off" somewhere and won't be able to play any more croquet here this season — he's a great player — his exodus leaves only two "pros" left, Andrew Bridges and Bill Hunter — of course, Roy Reeves and I like to play but we're not exactly "pros" — glad to learn that the two funeral homes are to continue ambulance service — I think it is really fine of them to agree to "carry on" through a franchise agreement with the county commissioners — surely people will pay their ambulance charges when they occur — imagine how it would be with NO ambulance service — and also remember that there's no profit in service other than helping mankind — we commend both funeral homes — the annual Lions White Cane Drive is now going on — please contribute when approached — proceeds go toward helping the blind.

JUST A WOMAN'S OBSERVATIONS By DOROTHY B. SHUPE

As I sit here at my typewriter, I can see the moon and it doesn't make me feel a bit romantic. It's about three quarters full and it has changed from very bright to dull, covered with fog. When you think of man planning to try to land on it, it sure gives one a feeling of bewilderment! If I were on a rocket, I imagine I'd probably land on the dark side and never see light again! Do you ever have so many jobs to do that you just can't get started to do anything? I have a big stack of dishes in the sink, 3 sets of papers to grade, and numerous other little duties to look after and here I sit, hunting and pecking out a bunch of foolish chatter that most anyone could live without reading — but there's just something about the printed word that appeals to me — and here I go! I did take off time to see the new program, F Troop, and think it is right funny. I have always been a fan of Larry Storch and I expect this to become one of the favorite programs of the season. I was glad to see Perry Mason back on the week-end ticket. Wonder if he'd lose his popularity if he lost a case? I enjoyed seeing Billy Graham programs of his Colorado crusade, didn't you? It always makes me think of the revivals we used to have here in Walnut when I was a child to hear his programs. There's a sense of "old time religion" about his sermons that very few modern day crusades produce. Oh, I do think we have lots of good ministers and religious workers, but we do also have a lot of people who are interested only in making money or buying material things instead of bringing people to Christ. Observed — I feel so sorry for the family of Mr. Nelos Roberts who passed away last Friday — He was so young, 43, and had such a lovely family and, of course, many friends — It's hard enough to give up loved ones who have lived a long and happy life, but when one is so young and so much to live for, it seems unjust, but I suppose we are not to question some things — Last week, I missed an opportunity to brag on our boys in making a good showing against their opponent, 13-7, and then they got murdered last Friday — but James promises a big win this Thursday night, so we'll hope they bring home the bacon — Angela has been working hard all week to build up school spirit, and there are several boys who are willing to cooperate with her — Big Roger Slagle is back out for football, that is, he was this (Tuesday) afternoon — said if he made it through today, he'd be all right — sorry Johnny Fisher got a ruffing up Friday night — hope he's back soon — "Tiger" Worley — oh, no, he's just a paper tiger — The seniors are getting all enthused about getting their rings soon — school rings, now, Linda, not diamonds — Lots of cute freshmen girls this year, eh, Ronnie?
