## BRUSH BURNING PERMITS ARE NOW ESSENTIAL

Charles L. Craine, Madison County Forest Ranger, announced this week that brush-burning permits are essential and urge everyone in Madison County to read the following law and secure permits at once:  
**Brush-Burning Permit Law 14-139.** Starting fires within five hundred feet of areas under protection of State Forestry service. It shall be unlawful for any person, firm or corporation to start or cause to be started any fire or ignite any material in any of the areas of woodlands under the protection of the State Forest Service or within five hundred (500) feet of any such protected area, during the hours starting at midnight and ending at 4:00 p. m., without first obtaining from the State Forester or one of his duly authorized agents a permit to start or cause to be started any fire or ignite any material in such above mention between the first day of October and the first day of June inclusive. No charge shall be made for the granting of said permits.  
During periods of hazardous forest fire conditions the State Forester is authorized to cancel all permits and prohibit the starting of any fires in any of the woodlands under the protection of the State Forest Service or within five hundred (500) feet of any such protected area.  
This Section shall not apply to any fires started or caused to be started within one hundred (100) feet of an occupied dwelling house.  
Any person, firm or corporation violating any of the provisions of this Act shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars (\$50.00) or imprisoned for a period of not more than thirty (30) days. (Chapter 14-139, General Statutes of N. C. Public Laws of 1953 Session.)  
Permits may be obtained from the following firms, as well as District Wardens:  
Cody's Dept. Store, Mars Hill, phone 689-4486; Ledford's Grocery, Forks of Ivy, phone 689-2155; Maney's Grocery, Beech Glen, ph 689-2118; Cody's Grocery, Marshall-Mars Hill highway, phone 689-2183; Hunter's Service Sta., Laurel; Hensley's Grocery, head Middle Fork; Hill's Esso Service (Upper Laurel); Rice's Grocery, Station, Middle Fork; Kenneth W. Ray home head of Paint Fork; Willis Grocery, Little Creek of Spillcorn; White's Dept. Store, Hot Springs, ph. 2442; Ricker's

**Full Records** - (Continued from Page One)  
should maintain records verifying the 30-day ownership in case verification is needed. The applicant also reports whether any of the wool on which payment is claimed is the first shearing from lambs that he purchased unshorn.  
Payments apply only to wool produced and sold by the applicant; therefore, payments should not be claimed on wool purchased by the applicant.  
Payments are also made under the program on unshorn lambs which the applicant has owned for at least 30 days. A full report supported by records on these purchases of unshorn lambs is necessary since the lamb payments are prorated among the producers who have owned the lambs for the necessary length of time. This is so important that the applicant is asked to indicate specifically whether or not he purchased unshorn lambs. No payments are made on unshorn lambs owned for less than 30 days, so payments on such lambs should not be claimed.  
Mr. Robinson said that all applications are reviewed before they are approved for payment, but they can be handled more quickly if they contain complete necessary information and are supported by the necessary sales documents.  
Robinson reminds producers that applications for the 1965 marketing year payments under the National Wool Act may be filed with ASCS county offices any time between now and January 31, 1966. Payments on sales during the 1964 marketing year are completed.

**Road Bond Facts** - (Continued from Page One)  
The Walnut School case. With a purged jury list in the boxes in May, however, the defendants were denied a jury drawn from it. Judge McLean on his own motion ordered a special venire of 75 Yancey County residents drawn by Yancey Sheriff Charlie Bradford.  
But by then, the defense did not want a change of venue or a special venire and protested the judge's order. They were overruled.  
The Yancey venire according to the record of the case, was not picked from the Yancey jury box. Sheriff Bradford was directed to draw the venire from the body of the county, in other words, to pick the venire himself.  
In the course of testimony, Sheriff Bradford acknowledged that he was a friend of Madison Sheriff E. Y. Ponder, who had arrested the men on a so-called bench warrant. He also said he had supported the candidacy of Sheriff Ponder's brother, Zeno, for the State Senate.  
Zeno Ponder was chairman of the County Board of Education, whose order to consolidate the Walnut and Marshall schools had resulted in the uproar at Walnut School Aug. 22, 1962, which the defendants were accused of instigating and participating in.  
The jury which heard the case in May acquitted the men on the conspiracy charge, but found them guilty on the second count. Judge McLean gave them each active seven-month sentences.  
Briefs filed with the Supreme Court by the defense are loaded with exceptions taken by the defense to the conduct of the trial. A major ground on which a new trial is sought, as set forth in the briefs, is that Judge McLean showed bias in conducting the tri-

through the bond issue.  
The meeting was arranged by W. Curtis Kuss of Waynesville, commissioner for the 14th District. Tom Mallonee, secretary to Rep. Roy A. Taylor of the 11th District, was in charge.  
Attending the meeting from Madison County were Jim Story, Better Roads Chairman of this county; Mrs. Frances C. Ramsey, representative; Mrs. J. B. Tweed, D. M. Robinson. Representing Hot Springs at the meeting were Mayor Joe Henderson, Frank Blue, Harold Anderson, Wade Ponder, Bill Whitten, and Swann Huff.

**Observations** - (Continued from Page Five)  
the check! This just isn't my year!  
Ethel and Tom finally got around to having us out for a meal in their lovely new home. Ethel had a real good meal and Tom was his usual pipe-smoking, match-striking self. He doesn't really smoke a pipe, he just strikes matches and lights the thing every five minutes! But to each his own, they say.  
Looking forward to hearing the Stephens Lee band again. The Boosters Club is again serving them their supper along with the members of the football team after they appear in our parade Friday afternoon. Many thanks to Mrs. Grover James, Mrs. Liston Ramsey, Pop, and all active members for your giving of time and talent to our school.  
Observed - Marvin and Georgia visited Professor and Mrs. Jones that used to teach here last Sunday - you old timers would probably remember them - Jack Cole brought me a crab apple from a tree at Truman's library; thanks, Jack, and congratulations to Elymus Payne on his fine honor as an American Farmer - Nice to have new neighbors: the Rev. and Mrs. David Wimp - he's the new Presbyterian minister - Shupe and Mr. James Drake of Mars Hill went down to Raleigh to see their new boss, Lee Bounds, sworn in as Prisons Director Monday - Found a new reader, cute little Elaine Ray of Mars Hill - saw where her big brother had finished college and going to be a 4-H leader for the N. C. State extension department; congratulations to you, and I know Lena and Hughie are real proud - See you at the ball game Friday night when we whip Mars Hill!

**ALLOCATION OF FUNDS** - The bond issue will provide \$150 million to the primary system, \$75 million to the secondary system and \$75 million to the State Highway system in urban areas. Money for secondary roads is allocated for use in counties based upon the number of unpaved miles.  
For the primary system, the money is allocated for use in the highway division based upon the miles of primary highways in a given division as it relates to the total. For the urban system, funds are allocated for use in each of our 400 or more municipalities, based upon the population of each municipality.  
Under the provisions of the bond issue act, the money may not be spent in less than a five-year period, precluding a "crash program." Highway Commission Chairman Joe Hunt has pledged "a dollar value for every dollar spent."  
THE DANGER OF A PAY-AS-YOU-GO-PLAN - If North Carolina should attempt to build and improve its roads on a pay-as-you-go-basis, the increase in construction costs will more than match the bond interest charges. And the State will be ten years late in beginning work on problems we face now. Without the bond program, North Carolina cannot hope to keep pace with the times and continue to garner its share of the unprecedented prosperity our nation is enjoying.  
For further information contact Robert P. Holding, Jr., Chairman, The Governor's Committee for Better Roads, P. O. Box 1148, Raleigh, North Carolina.

## H. S. Football - Christ School - Marshall

(Continued from Page One)  
ed its best game of the season as they stopped the hard-charging Greenie backs cold.  
Christ School went into the dressing room at halftime holding a slim 7-0 lead and wondered just what was happening. Late in the third period, Myer, Greenie half-back, went off right tackle on a crossback, broke suddenly into the secondary and scampered over for the Greenies' second TD.  
Then, in the fourth period with the light and limited Tornado players tiring, the Greenies scored three touchdowns to make the game one-sided. The score, however, doesn't tell how close the game actually was played.  
Ron Brazil, the workhorse for the Tornado backfield, was a thorn in the flesh all night for the visitors. Ron Shelton again turned in a fine defensive game at end. Also outstanding were Haynie, Tipton, Sprinkle, Cassizzi, Moore Rice and Blankenship.  
Even though the Tornadoes lost to a superior team, local fans were delighted in the fine defensive ability of the Tornadoes for three quarters.

And so, once again, the Supreme Court is pondering a Madison case where a lot more than the law itself is involved.  
By now, the justices must feel as though they know Madison County's hard-fisted brand of politics pretty well.

## H. S. Football - Rosman - Mars Hill

(Continued from Page One)  
Gary Hunicutt and Mike DeBruhl ran the extra point. Castellone later ran left end for 6 yards and also the extra point for a 14-0 lead prior to Davis' initial long touchdown run for the visitors.  
DeBruhl ran 11 yards for another Wildcat touchdown in the period and Tony Sluder plunged the extra point, giving Mars Hill a 21-6 halftime lead.  
Following Davis' 60 yard gallop, Castellone ran left end for 9 yards and another local tally. In the final quarter, following Davis' 80 yard run, DeBruhl climaxed his big evening with a 55 yard run on a pitchout around left end.

# Now! New Chevelle

# SUPER SPORT

# 396

New Chevelle SS 396 Sport Coupe - with clean-sculpted all-new Body by Fisher.

## by Chevrolet

Two new Super Sport beauties for '66—a hardtop and convertible—propelled by nothing less than the new Turbo-Jet 396 V8.

This remarkably efficient power plant, with aircraft-type valves, deep-breathing ports and other design advances, develops 325 hp in the standard version. And you're welcome to order more—in a 360-hp version—if you're so inclined.

Both Chevelle SS 396 models ride on a special flat-cornering chassis. A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide—also Strato-bucket front seats, center console and full SS instrumentation.

Your Chevrolet dealer is the place to see how all this feels from behind the wheel. He's a great believer in letting the customers handle the merchandise.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your dealer's
