## BE SURE TO VOTE

Two important issues are at stake next Tuesday when voters throughout North Carolina will either approve or reject them. Although both issues are expected to be approved overwhelmingly in the state, voters are cautioned against apathy on election day.

With the needs for improved highways, secondary roads and urban highways so critical in Madison County, it is hard to imagine why anyone would not vote for the road bonds. In fact, they should be eager to have the opportunity to vote, especially since the passage of the issue will mean no additional taxes. Even the most skeptical would have nothing to gain by voting against the issue.

On the other hand, don't expect EVERY road or EVERY highway to be improved overnight. As Governor Moore has stated, "... without a bond issue, North Carolina can meet only about 50 percent of the State's minimum road needs during the next seven years. If the bond issue is approved, 77 percent of our minimum road needs can be met."

This is the time for EVERY voter to show his interest in better secondary roads, urban improvements and primary highways. We usually stand around griping about our roads and highways. Now is the time to ACT.

It is the DUTY of every voter interested in the progress of Madison County to go to his voting precinct next Tuesday and vote for improved roads... it's just that simple.

As to the Constitutional Amendment, there seems to be little opposition to the issue which would give the Legislature authority to create a Court of Appeals in the Appellate Division in the General Court of Justice. This is a sound and practical issue badly needed in our state.

VOTE FOR BOTH ISSUES NEXT TUESDAY.

## NOTICE TO VOTERS

We hope that each of you will take the opportunity to use your new voting machines on November 2nd. We believe that you will be pleased with the ease and speed of voting. The same type machines have been used for as long as sixty (60) years in other places without wearing out, and eventually they will pay for themselves and actually save the county money. The saving at each single election should pay for two (2) of the machines. In less than ten (10) years the fifteen (15) machines purchased should have completely paid for themselves, and actually save the county money.

We note with some interest that Buncombe County proposes to spend in excess of NINETY SIX THOUSAND DOLLARS (\$96,000.00) just to modernize their machines. Ours are modern and of the latest design and construction.

We believe that you will feel as we do, that it is simpler and quicker to use a voting machine than paper ballots.

We urge you to vote on November 2nd.

## VOTE FOR BETTER ROADS NEXT TUESDAY

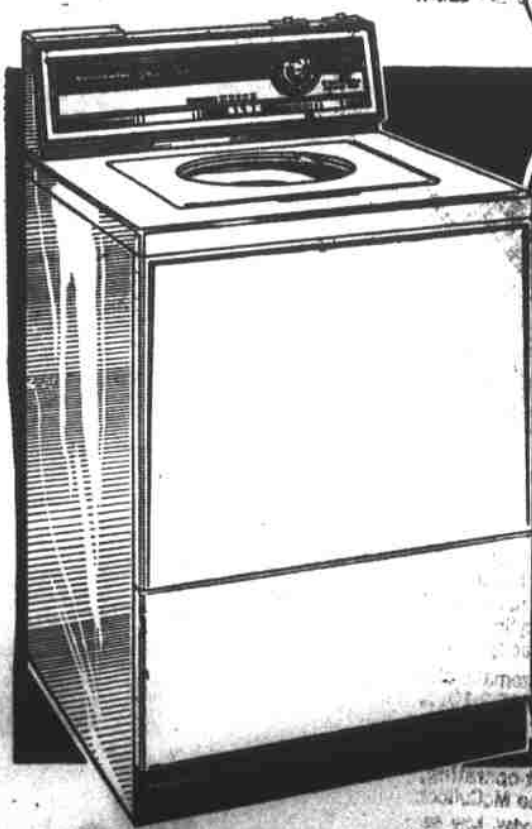

If we in Madison County expect to obtain better roads WITHOUT any additional tax, next Tuesday is our opportunity to vote for them. Don't stay at home and expect OTHERS to vote for you.

Better Roads Mean Industry and Progress. Better Roads mean more pay-rolls and taxable property.

I personally urge everyone to vote FOR the Road Bond Issue next Tuesday.
