Christmas Packages

(Continued from Page One)

school, the hometown." Favorites: homemade cookies, cakes and candies (carefully packed sealed metal containers), hand-made sweaters for cold climes, pictures of the family, recorded messages by familiar voices, the local newspaper, the school periodical, a picture calendar from a local merchant.

"These are simple things, but they're personal, and become symbols of love and affection of relatives who took the time and effort to prepare them," commented Mr. Meredith. "At Christmas, the men need to feel close to their own. The personalized gifts help most."

Mr. Meredith reminded also that except on small, isolated places, the men usually can purchase all their actual needs at the base exchange, often for less than relatives would pay in the U. S.

Universally popular, the survey revealed, are gifts of money, to help purchase that bargain-priced camera, clothing or a night on the town.

Other favorites on the preferred lists: stationery needs, particularly with self-seal envelopes for tropical areas where gummed envelopes are impractical, personal toilet articles, small metal mirrors, towels and wash cloths, ball-point pens and even black shoe polish.

Mr. Meredith cautioned that there are restrictions on certain items being sent through the mails, and suggests that the local post office be contacted if there is doubt.

Dora Ann Rice

(Continued from Page One)

eris is the daughter of Mr. and Mrs. Clyde M. Roberts, of Marshall.

The entire court entered the field on a beautifully decorated float.

Members of the court included: Freshmen: Janet Buckner, daughter of Mr. and Mrs. Randall Buckner, of Marshall.

Sophomores: Evelyn Fisher, daughter of Mr. and Mrs. George Fisher, of Marshall.

Juniors: Margot Roberts, daughter of Mr. and Mrs. Clyde M. Roberts, of Marshall.

Seniors: Linda Sue Briggs, daughter of Mr. and Mrs. Cecil Briggs, of Marshall.

Escorts were Donnie Banks, Jerry Adams, Elsberry Wyatt, Joe Penland and Jerry Worley.

Miss Phyllis Niles, daughter of Dr. and Mrs. Ed Niles, of Marshall, last year's Homecoming Queen, crowned Miss Rice, and James Sprinkle and Ronnie Brazil, co-captains of the football team, presented the flowers; and crowned Miss Roberts.

Adding to the impressive ceremony was the appearance and music of the Stephens Lee Band, which performed prior to the game and at halftime.

MRS. BIRCHARD SHELTON
Correspondent

There will be preaching service at the White Rock Presbyterian Church next Sunday at 9:30 a. m., by the pastor, the Rev. Mr. Wimp. Everyone is invited and welcomed to come out and worship with us.

Mr. and Mrs. T. E. Trimble returned home Sunday after a week's visit with their son, Tommie, and family.

Mr. and Mrs. Robert Rice of Asheville spent Sunday with her parents, Mr. and Mrs. Jack Shelton.

Messrs. Charles Gosnell, Birchard Shelton and Leslie Gahagan were in Marshall Saturday on business.

Mr. Edgar Capps spent Tuesday with Mr. Joe Griffey.

Mr. and Mrs. Buford Shelton and Mr. and Mrs. Larry Vinson of Candler visited homefolks on Little Laurel last Sunday.

The farmers on Laurel are busy hauling tobacco and digging potatoes; and several have their tobacco ready for market.

NO REGRETS
The thing for knowledge has no great advantage - it leaves no sign of a handover.

H. S. Football - Marshall - Mars Hill

(Continued from Page One)

If there was any bright spot in the Tornadoes' play it must be said that the interior line stopped the hard-charging Wildcats, led by a fine player, Eddie Castellote, many times. Shelton, Tipton, Rice, Haynie, G. Sprinkle, Blankenship and Cassini at times looked great but only at times. Perhaps the outstanding player for the Tornadoes would have to be Ronnie Brazil, who was called on time and again to pick up yardage with little or no blocking to aid him. It just wasn't the Tornadoes' night.

On the other hand, Eddie Castellote was the outstanding player on the field. He was ably assisted by Michael DeBrubel, Tony Sluder and Roy Shook. However, one of the finest efforts of the season seen here was made by Jerry Honeycutt, who went far down the field for a pass thrown far short of the mark. Three Marshall players seemed to camp under the ball in what appeared to be a sure interception. However, Honeycutt, big No. 88, quickly stopped, reversed his direction and actually ran backwards to bat the ball down out of the reach of the three Tornadoes. It was a fine defensive move.

Mars Hill started early in the first quarter when Tony Sluder went across on a short run and Castellote kicked the extra point. A few minutes later Michael DeBrubel passed to Honeycutt for Mars Hill's second score of the quarter but the try for extra point was no good.

In the second quarter it was Sluder again scoring from the three after a pass interception gave Mars Hill the ball.

Mars Hill scored its fourth touchdown in the third quarter with Hamlin passing to Castellote for 69 yards and the score but the attempt to convert was no good.

Mars Hill wrapped up the scoring in the fourth stanza with a pass from Castellote to Honeycutt good for 22 yards and the score. Castellote ran the extra point for the final score of the game.

PRINCIPLES
The real problem in life is not so much where we stand, but what we stand for.

Court Issue

The court issue to be voted on Tuesday is the action which would permit the Legislature to establish Intermediate Court of Appeals.

Much publicity has already been given concerning this amendment and the issue is expected to be approved overwhelmingly in both the State and Madison County.

VOTING MACHINES

For the first time, Madison County voters will be using voting machines. They are easy to use and the issues next Tuesday will be a fine time to get used to them before a general election. Ample assistance will be available at the voting places (schools) and it is hoped a heavy turnout of voters will take this opportunity to vote for better roads without any additional tax increase.

From the endorsements of practically every organization and both political parties, as well as the three towns, it is expected that the road issue will be overwhelmingly approved in Madison County.

WORDING OF BOND ISSUES IS SIMPLE, EASY

The two issues to be voted on throughout North Carolina November 2, are most imperative. However, the wording posted on the voting machines is quite simple.

Exact wording is as follows: The issuance of Three Hundred Million Dollars (\$300,000,000.00) State of North Carolina Highway Bonds.

Constitutional amendments authorizing the General Assembly to create a Court of Appeals in the Appellate Division of the General Court of Justice.

As to the using of the new Shoup voting machines, Ex Alben, chairman of the county board of elections, fully explains this on Page Three in this issue.

Voters desiring assistance in using the machines will be furnished this help on November 2.

H. S. Football - Hot Springs - Rosman

(Continued from Page One)

queen at the halftime festivities and Joe Shipley was dubbed king. Rosman, down by two touchdowns, struck for two touchdowns late in the final period to gain the win.

Hot Springs struck first just before the half when Tommy Huff rolled out around right end and scrambled 15 yards for a touchdown capping a 65-yard march. Lonnie Padgett dived over for the extra point.

The half ended moments later and Hot Springs led, 7-0.

Hot Springs increased its lead early in the fourth period when Huff scored again on the same option play which he had scored on earlier. The 11-yard touchdown run capped a 55-yard drive.

Rosman started its comeback midway through the quarter. Danny McCall crashed in from five yards out to cap a 60-yard march. Tom Franks bulled off tackle for the extra point.

The Tigers tied it up with Hoxit hit Owens a little later in the period with the 65-yard touchdown pass. The deciding point was scored by Franks on a plunge.

Revival To Start At Hopewell Baptist Church Monday

(Continued from Page One)

Revival services will begin next Monday night, November 1, at the Hopewell Baptist Church. Services will begin each evening at 7:30 o'clock.

The Rev. Mr. Kliby, of Swannanoa, will bring the message each evening.

The public and special singers are welcomed by the pastor, the Rev. James A. Green, and members of the church.

Red Cross

(Continued from Page One)

are used for many varied programs. The most recent example of the use of funds given to the American National Red Cross is the terrific disaster emergency assistance and rehabilitation program which took place in the wake of Hurricane Betsy. In the affected area of the four State of Louisiana, Florida, Alabama, and Mississippi, the Red Cross opened 280 shelters which housed over 96,000 people. These shelters served 300,000 or more meals per day. Ten thousand American Red Cross volunteers were active during the emergency period. Some 36,000 families have applied to Red Cross for rehabilitation assistance in order to return to normal living. All such Red Cross disaster aid is given. No repayment is asked or expected. The Red Cross bridges the gap between the family's resources and their disaster-caused needs. Assistance may include food, rent, clothing, medical and nursing care, household furnishings, repairs and rebuilding of homes and replacement of occupational supplies.

The assistance Red Cross gives to these people is possible only through the donations of the American people. Therefore, each of you assist disaster victims with your Red Cross membership.

It is hoped that Madison County's goal of \$3,000 can be reached during the next week, the co-chairmen stated this week.

INSTRUCTIONS TO VOTERS

At the opening of the polls at 6:30 a. m., the public counter on the face of the machine near the top in the left hand corner should show three (3) zeros. The counters by the candidate's name or by the questions should also show three (3) zeros. Every elector is entitled to view the machine and to see that these counters are set on zero. We urge you to do so. When the voting commences, the counters by the questions or the names of the candidates will be covered and will not be visible again until the polls close at the end of the day. Immediately when the polls are closed, these counters will be uncovered in the presence of everyone at the polls. The public counter will indicate accurately the total number of persons who have voted on the machines. The protective counter, which is on the side of the machine to the right, will also check with the public counter. The protective counter will not be set on zero, but will at all times show accurately the total number of votes cast on the machines. Both of these figures should check accurately with the number of names on the poll book. We would invite all voters to check these simple safeguards in order that every voter know that the election has been honestly held. The counters by each issue or candidate will be left open and locked in that position for at least thirty (30) days following the election, so that any questions arising can be readily determined. Demonstration models will be installed at each polling place in the county, and will be available for use on Saturday, October 23rd, and Saturday, October 30th. We hope that you will use these models, and learn how to vote on the machines. We will, if possible, put some of these models in other public places within the county before November 2nd.

Necessary assistance will be rendered both at the demonstration machines and at the polling places on November 2.

Hall Has Arrived

... AND NOW IS THE TIME TO

1. Clean Out Closets.
2. Send Winter Apparel to Edwards Cleaners for scientific cleaning.
3. Be thinking about picking up your woollens and other winter apparel from storage at EDWARDS CLEANERS. (All storage must be paid for when taken out.)
4. Start packing your summer apparel for storage at EDWARDS CLEANERS.
5. Send your rainwear to EDWARDS CLEANERS for cleaning and Waterproofing.
