To Head State TB Seal Drive

MRS. DAN K. MOORE, North Carolina's First Lady, a former member of the Board of Directors of the North Carolina Tuberculosis Association, who will serve as the 1965 State Christmas Seal Chairman.

Mrs. Dan K. Moore Will Head State TB Seal Drive

Raleigh — Mrs. Dan K. Moore, the First Lady of North Carolina, has accepted the invitation of the North Carolina Tuberculosis Association to serve as the 1965 State Christmas Seal Chairman.

The announcement of Mrs. Moore's acceptance was made today by Dr. D. Hilton Seals, President of the Association. The fifty-two local tuberculosis units affiliated with the North Carolina Tuberculosis Association will conduct the Christmas Seal Campaign starting November 16.

In making the announcement, Dr. Seals, a Sylva physician, said, "The North Carolina Tuberculosis Association was honored by Mrs. Moore's acceptance of the chairmanship. All of us in western North Carolina and in the State Association remember the fine things Mrs. Moore and her husband, the Governor, have done for tuberculosis control in the past."

"Mrs. Moore served as a member of the Board of Directors of the North Carolina Tuberculosis Association from 1951 to 1959," added Dr. Seals. "It warms our hearts to know that even though she is now 'First Lady,' she still finds time to help us in our cause."

A native of Tennessee, Mrs. Moore is a 1962 graduate of Western Carolina College with an A.B. in Education. She was married to Governor Dan K. Moore in 1933. She is the mother of two children, Mrs. Edgar Hamilton, Jr., who has two children, and Dan, Jr. Mrs. Moore's devotion to and participation in church and community affairs are reflected in such activities as being Secretary of Status of Women, South-eastern Jurisdiction of Methodist Women Society of Christian Service; Director, Wesley Foundation of Cullowhee; Member of the Choir; Sunday School Teacher; Board of Stewards; Board of Directors, Charlotte Methodist Home.

Among other activities, she has served as a Trustee of Brevard College and of Western Carolina College; President, Nantahala Girl Scout Council; the Sylva P.T.S.; and Dorcas Bell Love Chapter, Daughters of the American Revolution.

"Mrs. Moore's background and experience in working with tuberculosis associations on the local and State levels have acquainted her with the constant threat of tuberculosis, the dangers of relaxing efforts to control it and the need for continuous support of the TB control program," Dr. Seals announced.

HEARD AND SEEN By "POP"

The tragic wreck which took the lives of two Marshall girls and injured a third Friday night on the Marshall by-pass has knocked all enthusiasm out of writing a column this week but "the show must go on," as the saying goes . . . and so does a newspaper column — just what happened to cause such a wreck will perhaps never be known in full — we do know, however, that much sorrow, grief and heartache resulted from such an unfortunate mishap — my sincere sympathy goes out to both families — I'm thankful that "Terrie's" life was spared — it could have easily been three fatalities — this wreck certainly took out all the gala spirit of Halloween — last Thursday afternoon was certainly a "red letter" day for Madison County — not only was it fine to have our 13th Division Commissioner, J. G. Stikeleather, Jr., here, along with four highway officials but it was the first visit our county has ever had, to my knowledge, of the chairman of the State Highway Commission — Chairman Joseph M. Hunt, Jr., of Greensboro, spoke at the courthouse here and then broke his routine of courthouse visits by riding to Hot Springs over 25-70 and getting a first-hand view of the condition of the highway — stopping at the attractive Alpine Restaurant, a fine gathering of citizens, headed by Mayor Joe Henderson, welcomed the group — doughnuts and hot coffee were served and Chairman Hunt and the other officials as well as the local citizens who went along, were deeply impressed with the fine reception at Hot Springs — Chairman Hunt, Commissioner Stikeleather and group, although well behind schedule, took time out long enough to ride a short distance between Hot Springs and the State Line — however, lack of time prevented them from going further — anyway, Chairman Hunt was "impressed with our needs," he stated — he also stated that he enjoyed both meetings — the one at Marshall and the one at Hot Springs — welcome back, Chairman Hunt — hope you can stay longer next time — heard that the Halloween Carnival at the school was most successful — also at Hot Springs — Mr. and Mrs. Roy Reeves and Bill and I piled into Roy's station wagon Saturday morning, and headed for Clemson to see the Clemson-Wake Forest football game — we had a wonderful time — the scenery was gorgeous — multicolored leaves — it was a beautiful day — when we arrived on campus we saw many Mars Hill boys and girls and men, among them, Odell Robinson, J. D. Wallin, Don Cox, David Roberts, Bill Deans, Roy Yates Ammons and others — also saw and talked with Charles Tolley, former MHHS and Hot Springs player who is starring with the Clemson freshmen — old buddy Reeves went in the athletic building and talked with Coach Fred Cone awhile and when he came out he had four complimentary passes to the game — leave it to Roy, he'll "deliver" every time — but Lonnie Padgett, ace Blue Devil back, could have been the reason for all the hospitality — seems that Clemson is interested in the Hot Springs lad — they'll get a good prospect if they land him, I think — before I forget it, the weather has been awfully cold at night — below freezing — but the days have been sunny and warmer —

JUST A WOMAN'S OBSERVATIONS By DOROTHY B. SHUPE

The life of a school teacher isn't always a rosy one and there are times of disappointment and times of joy. I think one of the greatest thrills I have is to hear from former students and take joy in their accomplishments or have them say that I was of some help in their life, or spoke some word that might have aided them. I was pleasantly surprised today to get a letter from a former student and want to share it with you. I think it speaks for itself:

Dear Mrs. Shupe, While reading your column in The News-Record, I started remembering some of the things that you used to tell us about what would happen after we graduated from school. I wonder if you are still telling the seniors that you have this year things that will happen to them when they graduate. I hope that some of them will take more heed to what they are told than some of the ones that graduated with me did.

If anyone had told me that I would be half way around the world fighting the Communists I wouldn't have believed them. Yet here I am in Viet Nam fighting the Viet Cong to try to prevent the spread of Communism to another country.

The thing that was really a blow to service men in Viet Nam was when some of the college kids back in the States started protesting us being over here. One thing that made the Marines so mad over here was when the students at Berkeley College hung the four marines on the campus. I think that if the guys over here had been in California they would have probably gone to the college and tore the campus apart. I'm glad that the students in North Carolina didn't have anything to do with it.

I sure enjoy reading your column in the paper because I can find out how things are doing in school.

A former student,
RALPH LOVING

Thanks, Ralph, for that nice letter. Now, you young girls that do not have anyone to write, I want you to send him a letter telling him about things that would cheer him up and who knows? One of you just might be the right one for him! He is a sandy-haired, blue-eyed, good looking fellow and one of the nicest boys that has ever graduated at Marshall High. His address is: PFC. Ralph Loving, Jr., 2073143, L-3-3 3rd Mar. Div., FMF No. 23, FPO San Francisco, California, 96601.
