It is hoped that last-minute donations will result in the county's \$3000 goal being reached. Remember, we NEED the Red Cross and the Red Cross needs YOU.

Rosman Rolls Over Tornadoes, 28-13; Bakersville Edges Wildcats, 31-25; Cane River Beats Blue Devils, 26-7;

Marshall - Rosman

Marshall High's Tornadoes subsided to the fury of the Rosman Tigers last Thursday night as the yellowcats pulled away from a half-time to wrap things up, 28-13 at Braves.

Rosman's first tally came late in the first quarter after a 96-yard drive, with Larry Franks going over from the two-yard line and following with the extra point. Marshall tied things up midway through the second quarter when the Tigers elected not to kick on a fourth down. The Tornadoes took the ball on the Tiger 16-yard line and scored in three plays with James Sprinkle bucking over from the four-yard line. Michael Jenkins booted the extra point for a 7-7 halftime score.

Rosman completed a 54-yard drive with two minutes left in the third quarter to take the lead again. Dennis Stewart swiveled the final 14 yards for the touchdown and quarterback Ronnie Hoxit carried the ball for the bonus point.

The Tigers chalked two more in the game's final period on a nine-yard carry by Ralph McCall and a stylish 26-yard fake pass around left end by Owen. Both extra points were made.

Marshall's final touchdown terminated a 67-yard drive with all gainers made on four completed passes from quarterback James Haynie. Sprinkle snagged the first, a 19-yarder, and the 16-yard touchdown toss with 39 seconds left to play; Ronnie Shelton and Ronnie Brazil caught the others for 21 and 16 yards.

Rosman	7 0 7 14-28	

Mars Hill - Bakersville

Bakersville warded off a late Mars Hill scoring spurge in the fourth quarter and emerged with a 31-25 Appalachian Conference victory Friday night at Bakersville.

With the exception of passing, the game was played on even terms. Allen Baker made up the difference with three touchdown passes to Louis Willis of 71, 42, and 39 yards.

Mars Hill threatened to run away when it scored right off the bat on a 23-yard pass play from L. J. Hamlin to Mike DeBruhl. But when Bakersville got its first turn on offense Baker hit Willis for a 71-yard touchdown to tie it up. The score remained the same until the second quarter.

The next period was all Bakersville. The Bulldogs scored on a 42-yard pass to Willis and Buddy Bartlett ran one yard for another touchdown.

Bakersville scored a little later with Baker hitting Willis on a 39-yard touchdown pass and seemed on its way to a rout.

Mars Hill stormed back when Hamlin plunged in for a touchdown from two yards out.

Mars Hill then came alive again and scored twice on a one-yard run by Ed Castelleo and a three-yard run by DeBruhl.

With three minutes left, Bakersville got the ball and controlled it until the final whistle.

Hot Springs - Cane River

Cane River came up with its top offensive performance of the season on the Cane River gridiron to whip Hot Springs, 26-7 in a non conference game Thursday night.

The locals grabbed a 13-0 lead in the opening period on a pair of 50-yard runs by Jerry Byrd. Jerry Griffith ran for the extra point after the second score.

Hot Springs scored in the second period to tighten the game but Gordon Hensley broke into the clear with touchdown runs in each of the final two quarters for Cane River.

Gov. Dan Moore

(Continued from Page One)
paign Committee for the bond issue," for the excellent job they have done." The Governor said he also wished to thank all who had a part in the campaign and who worked for passage of the bond issue.

STORY THANKED

Governor Moore also wrote a personal letter to Jim Story, Madison County Chairman for Committee for Better Roads, as follows:

Dear Mr. Story:
I want to personally thank you for the work you did in support of the \$300 million road bond issue. Your leadership was a tremendous significant factor in our campaign to get a favorable vote for the bond issue which is so important to the future of North Carolina.

Again, I thank you for your interest in North Carolina's future and for your active support in the campaign.

With best wishes, I am
Sincerely yours,
DAN MOORE

THE NEWS-RECORD

erated as a service to the people of North Carolina. They would like to give each sample their immediate attention. During most months of the year they can do this and you will have the results of the soil test in about 10 days. Unfortunately, the laboratory has its limitations as to the number of samples that can be processed each day. Each year in the months of January, February and March the laboratory receives more samples than can be handled each day; some days several thousand samples are received. To be fair to everyone, the samples are handled on a first-come, first-served basis. This means that there will necessarily be a delay in getting your results back if the samples are sent in during this period. The delay may be as much as a month during the peak of the rush season.

So test your soil as early as possible, urges Mr. Silver. Avoid the rush period. This way you will be able to take full advantage of the soil test results. Sampling supplies are available at your county agricultural workers' offices. Pick them up now and use them; be ready to test when it arrives.

Broughton

(Continued from Page One)
recommended for the top state political post by Governor Dan K. Moore after he received the Democratic nomination last year.

Broughton attended Raleigh public schools, received his B.S. degree at Wake Forest and his law degree at the University of North Carolina at Chapel Hill.

He served 3 years in the United States Marine Corps attaining the rank of first lieutenant.

In 1951, he entered the political ring and was elected solicitor for the city of Raleigh. He has been a practicing attorney with the Broughton and Broughton law firm since that time.

He is a past president of the Executive Club of Raleigh, and has served as president of the North Carolina Foundation for Mental Health Research since 1960. He is on the board of trustees of Shaw University. He was chairman of the State Highway Commission from 1957 to 1961.

Membership on the board of directors of several other civic organizations include the Cerebral Palsy and Rehabilitation Center of Wake, Flyn Christian Fellowship Home of Raleigh, and the Raleigh Chamber of Commerce.

His wife is the former Miss Mary Ann Cooper of Henderson.

They have two children, Harriet and J. Melville Broughton, III. They are active in the Christ Episcopal Church in Raleigh.

Also appearing on the program will be Mrs. J. C. Hall of Asheville, Women's Director for the 11th Congressional District; Mrs. Harry K. McDonald of Asheville, Buncombe County vice chairman who was recommended by Governor Moore Saturday for state vice chairman; and others.

Officers of the Madison County Democratic Women's Club are Mrs. Dorothy B. Shupe of Walston, president; Mrs. Harold Anderson of Hot Springs, first vice president; Miss Bobby Jean Peck of Marshall, second vice president; Mrs. J. D. Buckner of Marshall, secretary; and Mrs. Marvin McClure of Walnut, treasurer.

Other club members assisting with arrangements include Mrs. Linton Ramsey, Mrs. Emily Waldo, Mrs. Joe Penland, Mrs. Geneva James, Mrs. Colola Ramsey, Mrs. Ralph Tipton, Miss Billie Jean Redmon, Mrs. Jack Lunsford, Mrs. Eldridge Leake, Mrs. Millard Tipton, Mrs. J. G. Gardner, Mrs. Bill Whitten and others.

Opportunity Corp.

(Continued from Page One)
"in-kind" services.

The project would include pre-school enrichment classes for children, a home services center and an auto mechanics training course.

The board re-elected Dr. Highsmith as chairman, Philip Clark as vice chairman and John B. Calver as treasurer.

The board approved the appointment of a local committee to screen applications for small business loans under the Economic Opportunity Act. The approval was made subject to a review of the committee's operations at the end of six months.

Fatal Wreck

(Continued from Page One)
scene and the driver, Ernest Sawyer, father of Patricia and Teresa, was unaware of who was in the wreck. Although stunned and shocked when he discovered his daughters were in the wreck, he rushed Teresa to the hospital.

Mrs. Davis, at the time of the accident, was employed at the Vanderbilt Shirt Company in Asheville.

Nancy Cook and Teresa Kay were classmates in the 10th grade of the Marshall School.

INVESTIGATION

Patrolman Proffitt stated that the investigation was continuing. However, he has ruled out the likelihood of a collision with another car or the wreck being caused by a blow-out.

FUNERALS

Services for Mrs. Davis were held at 10:30 Monday morning in the chapel of Bowman Funeral Home.

The Rev. Jack L. Thomas, pastor of the Marshall Baptist Church, officiated and burial was in Bowman-Rector Cemetery. Pallbearers were friends of the family.

Surviving are a daughter, Marcella Davis of the home; two sisters, Misses Teresa Kay and Clella Faye Sawyer, both of the home; the parents, Mr. and Mrs. Ernest Sawyer of Marshall; and the maternal grandfather, Cling Clark of Marshall.

Funeral services for Miss Nancy Susan Cook were held Wednesday morning at 10:00 o'clock in the chapel of Bowman Funeral Home.

The Rev. Jack Davis officiated and burial was in City Cemetery. Pallbearers were Willard and Homer Barnes Jr., Everett Tipton, David Cribb, James Haynie, and Bill Marlor.

Surviving are the parents, MM/1 Marion G. Cook, stationed aboard the USS Isle Royale in the Philippine, and Mrs. Cook of Marshall; a sister, Miss Connie Cook; and a brother, Donnie Cook, both of the home; the maternal grandparents, Mr. and Mrs. Floyd Davis Sr., of Marshall; and the paternal grandmother, Mrs. Laura Cook, of Marshall Rt. 3.

Gospel Singing At Hopewell Church Saturday Night

The regular first Saturday night Gospel Singing will be held at the Hopewell Baptist Church this Saturday night, Nov. 6, beginning at 7 o'clock and lasting until 8:30.

At 8:30 o'clock, our revival service will continue with the Rev. Mr. Kirby bringing the message. All singers and the public have shown us while in your county." a hearty welcome.

Hunt Visits

(Continued from Page One)
and intimated that he would work for better roads in our county. He urged overwhelming passage of the Road Bond Issue.

Arriving at Hot Springs, the officials and other interested citizens from Marshall and elsewhere were greeted by Mayor Joe Henderson and a reception committee at the Alpine Restaurant. Hot coffee and doughnuts were served the large gathering and Mr. Hunt again spoke in behalf of the passage of the Road Bond Issue.

Although running behind schedule, Mr. Hunt and the other officials traveled over 25-70 between Hot Springs and the state line in order that they get a firsthand view of the condition of the highway.

Following his trip to Marshall and Hot Springs, Chairman Hunt remarked to Mr. Story that "... I am impressed with your needs and appreciate the kind hospitality shown us while in your county."

FANCY FOOTWORK

An award winning football coach devoted part of the off-season to teaching his 6-year-old son the fine old art of goal kicking. One day he got down on his knees, placed the ball meticulously, then ordered, "Now, when I nod my head, KICK IT."

An that's how the coach lost his toe from teeth.

Hall Has Arrived

... AND NOW IS THE TIME TO

- Clean Out Closets.
- Send Winter Apparel to Edwards Cleaners for scientific cleaning.
- Be thinking about picking up your woollens and other winter apparel from storage at EDWARDS CLEANERS. (All storage must be paid for when taken out.)
- Start packing your summer apparel for storage at EDWARDS CLEANERS.
- Send your rainwear to EDWARDS CLEANERS for cleaning and Waterproofing.

Caution--Make Farm Plans For 1966 Now

1966 will be here before we know it and chances are it will catch some of us napping, says Harry G. Silver, County Extension Chairman. With the new year will come a new growing season and all the production problems normally associated with it. One way of reducing these problems to a minimum is by careful planning and preparation. Have you made your farming plans for next year?

For example, do you know what crops you will be planting in which fields? Do you have a good estimate of the amount and grades of fertilizer you will need for next year so you can take advantage of pre-rush season discounts and ordering? Do you know which fields need to be limed? Fall or

early winter is the best time to apply lime for next year's crop. If you can't answer yes to all of these questions now is the time to start thinking about them.

Where do you start? Well, as soon as you know what crops are to be planted in which fields, sample each field and have the soil tested. The results of the soil test will also enable you to make an accurate estimate of your fertilizer needs for next year, this way you can get the most from your fertilizer dollar; and by placing your order early you stand a better chance of being able to get your fertilizer when you need it.

Don't put off your planning until later. Have your soil tested

now. There are several reasons for this. First, if the soil test shows a need for lime it is best to have it applied as early as possible. This gives the lime a chance to react with the soil before planting time. If the land is to be broken in the fall, apply the lime first if at all possible; this allows more thorough mixing.

Second, weather conditions in the fall are usually more favorable for sampling your soil and having lime applied. A field can be sampled even though the crop grown on it this year has not yet been harvested.

Third, having your soil tested early will allow the Soil Testing Laboratory to give you faster service. This laboratory is op-

4-H CLUBS SHOW YOUTH WAYS TO BECOME LEADERS

In 4-H there is a leadership program that last year attracted a record enrollment: 206,000 boys and girls.

These young people are the citizens of tomorrow, and hundreds have already assumed leadership roles in school, church and community, observes Miss Emmie Nelson, a field representative of the National 4-H Service Committee. The next steps will lead to leadership in their chosen careers, she predicts.

At the present time nearly 140,000 more leaders are working with volunteer adult leaders in 4-H Clubs throughout the country.

Leadership consists of numerous components and is a term not easily defined, explains Miss Nelson, a former assistant state 4-H Club leader, and who in recent years has conducted leadership workshops in many states.

Becoming a leader is largely a matter of experience. "You need to assume responsibility and be a 4-H leader in small units, such as a 4-H club, before you can lead in larger units," she says.

provided by The Sears-Roebuck Foundation, sponsor of this particular program for the last five years. Altogether, Sears has supported some phase of 4-H work for more than four decades.

Twelve junior leaders will claim 1000 scholarships, 50 will receive all-expense paid trips to the National 4-H Club Congress at Chicago, and an estimated 10,000 will earn leadership awards.
