Nancy Treadway, daughter of Mrs. Blanch Walker, was one of four delegates from Madison County attending 4-H Wildlife Conservation Conference at Millstone 4-H Camp this summer.

Nancy is taking the 4-H Entomology project. She made the following statement concerning insects:

"Many people believe that all insects are harmful, but this is far from the truth. There are less than 5 per cent that are harmful and 95 per cent that never trouble man, and many are either directly or indirectly beneficial. Some help pollinate our crops, make honey and silk, but all maintain a balance in nature. I learned at Wildlife Camp the relationship of insects and ecology."

Several members of the Madison County Democratic Women's Club are planning to attend the eleventh annual state Democratic Convention to be held October 1 and 2 in Greensboro.

The Honorable John V. Tunney, Senator from California, will be the featured speaker, along with the national Democratic vice chairman, Mrs. Mary Lou Burg. Theme of the convention is "Follow Through in '72."
