

ASC Committee Election Results

The incumbent ASC County Committee met on December 4, 1975 and tabulated the ballots cast by farmers in the community committee election.

Farmers elected to the 7 ASC Community Committees for the year 1976 in the respective order of Chairman, Vice-Chairman, Member, First Alternate, and Second Alternate are as follows:

Community A-1: Carl Cantrell, Cecil Briggs, Charles Eatmon, Everett Rice, and Fred B. Flynn; Community B-2: Walter Gsoenil, Clarence Cutshall, Glenn Hensley, Joe Bullman, and Hardy Shelton;

Community C-3: Emory Robinson, Dewey Phillips, Doyle Cody, Lattie Ballard, and Carl Reese; Community D-4: Levi Hunter, Wayne Eatmon, Warren Anders, Gerald Young, and Wayne Jarvis; Community E-5: Lon Sluder, Leonard Buckner, Loy C. Buckner, Frank Payne, and Nealey Bradburn; Community F-6: Vern W. Holt, Bobby Clark, Wallace Cook, Jimmy Moore, and Arthur Fowler; Community G-7: Wayne Burnette, Oliver Hall, Edward Hoyle, Carter Metcalf, and Litton Shook.

The first three committees - Chairman, Vice-Chairman, and Member will attend as delegates to the County Convention to elect a member to fill vacancy on the County ASC Committee. This County Convention will be held in the County ASCS Office on December 15, 1975 beginning at 9:30 a.m.

Registration forms and a program outline are now available from the county extension office on the Farm and Small Business Income Tax short course scheduled for this area.

The short course, which is sponsored by North Carolina State University, is designed to bring people up-to-date on tax laws and court rulings. Included will be information on the Tax Reduction Act of 1975.

Earle Wise, County Extension Chairman, said the short course for this area of the state will be held December 1-2, 1975, at the Sheraton Motor Inn, Market and Woodfin Streets, Asheville, N.C.

A total of five short courses will be held across the State. A sixth short course of a more advanced nature will be held in Raleigh on December 10-12.

Wise said the short course will be primarily for persons who assist others in filling out both state and federal returns for businesses and individuals.

A TOTAL of 512 persons were recruited for membership in the PTA at Mars Hill Elementary School this year. The winners of the contest received cash awards. They are: (Left to right) receiving award for Mrs. R. English 6th grade class, Rachael Ammons; Miss Sadie Wallin, second grade; Miss Pack for Mr. Woodman Ammons 8th grade; Mr. Jake Grigg, PTA President; Karlyn Ammons for Mrs. R. Wallin's 5th grade; Mrs. Garrison, Membership Chairman and Kim Gibson, individual winner.

SEVERAL PERSONS played major roles in a highly successful fund-raising dinner at Mars Hill Elementary School recently were Miss Sadie Wallin (left) and Miss E. Radford (not pictured) won honors in the contest division K-2. Karlyn Ammons, Pres. of Mrs. R. Wallin's 5th grade received honors in division 3-5 and Lynn Gibson, representing Mr. Woodman Ammons 8th grade received honors in division 6-8. Mr. Phillip Ball, owner of Forest Manor Restaurant, cooked and donated the food and his services for the event. Kim Gibson, received honors for selling the most tickets in the school. Mr. Jake Grigg, President of PTA and Mrs. Hunnicutt, Treasurer of PTA.

Instructors are provided by the Department of Economics at NCSU in cooperation with the U.S. Department of Internal Revenue, the N.C. Department of revenue and

the Social Security Administration. Persons interested in attending the short course are urged to come by the county extension office, in Marshall, or to call 649-2411 for an enrollment form.

Sometimes the way to solve big problems is to make them smaller. One good example is the use of micrographics (the science of reducing any piece of information to small images), which touches the life of every American in some manner.

At the Poison Control Center of the National Institutes of Health in Washington, D.C., a complete file of all antidotes and treatments for poisons is kept on microfilm. Doctors call from all over the world and in seconds a piece of microfilm can be retrieved that describes the treatment and antidote for any poison.
