

TVA Member To Address River Meeting

Bob Clement, the newest member to the Board of Directors of the Tennessee Valley Authority, will be a featured speaker at the third annual "Friends of the River Dinner" sponsored by the Land-of-Sky Regional Council on Sept. 17. The dinner is being held in celebration of French Broad River Week - Sept. 16 through 22.

Mr. Clement is one of the youngest members ever appointed to the TVA Board of Directors. He is the son of the late Tennessee Governor Frank G. Clement of Nashville, Tenn. He was elected statewide to the East Tennessee seat on the Ten-

nessee Public Service Commission in 1972 and was named chairman of the Commission in 1977. He also serves as chairman of the National Association of Regulatory Commissioners Presidential Advisory Committee. For the last three years the Tennessee Valley Authority has greatly assisted one of Western North Carolina's greatest natural resources - the French Broad

River. TVA has provided funds for the French Broad River Improvement Program administered through the Land-of-Sky Regional Council. The Friends of the River Dinner, which will feature a smoked trout dinner, will be held at Mama T's at the Asheville Recreation Park at 6:30 p.m. For information concerning reservations, please call 254-8131.

BOB CLEMENT

Libraries Get Picture Pages

The Right To Read Program of the U.S. Office of Education has funded a project to distribute Picturepages booklets through public libraries in selected cities and towns, including Marshall and Hot Springs. Picturepages is a daily feature on the CBS Network's Emmy Award-winning children's television program, Captain Kangaroo. A limited

supply of Picturepages booklets has been made available in the local area through the Madison County Public Library. The booklets will be used in the Marshall and Hot Springs Day Care Centers. A 20-week supply of the Picturepages is being supplied with the compliments of the Right To Read and the U.S. Office of Education.

Danger

Of Rabies

Suggested

Two cases of canine rabies have recently been diagnosed in the northern part of South Carolina. The first case was in the Greenville, S.C., area approximately two months ago. The second case was in the pageland area within 10 miles of the North Carolina border. Both cases, after investigation, appear to be indigenous cases which suggest rabies virus activity in these areas.

The rabies epidemic in the raccoon population in South Carolina has not been confirmed in the northern part of the state. However, we must assume that the source of rabies virus for these two cases may have been raccoon.

The recent events in South Carolina emphasize the fact that stray dog control activities and rabies vaccination efforts must be increased. It should be emphasized that both dogs and cats should be vaccinated against rabies.

Now that canine rabies has been diagnosed so close to our border, North Carolina rabies surveillance activities have been increased. Suspicious animals, both household pets and wildlife, should be reported for rabies diagnosis, particularly from those reported southern counties that border the South Carolina line.

If you know of such an animal, contact Emery Metcalf at the Madison County Health Department, 649-3531.

Ponder Chapel

Homecoming

Sunday

Homecoming will be observed at Ponder's Chapel Baptist Church this Sunday with services beginning at 10:45 a.m. The Rev. J.E. Pedew, pastor, will deliver the morning message at 11 a.m. Music will be presented by the Ponder's Chapel Choir.

Following the morning worship service, dinner will be served in the dining hall.

Afternoon services will begin at 2:30.

The Rev. Joe Smith, pastor of Mt. Olive Baptist Church at Mars Hill, will deliver the afternoon message. Music will also be supplied by the Mt. Olive Baptist Church Choir.

Earl Barnette will serve as master of ceremonies.

The public is cordially invited.

When shopping for groceries on a hot day, tuck a styrofoam cooler into the trunk of your car to hold your frozen foods and dairy products intact until you get home.
