

Search Ends For Rogers, Grahams Face Possible Legal Prosecution

Continued from Page 1

The Division of Facility Services of DHR notified J.D. and Mildred Graham in September that it had determined in an Aug. 24 investigation that they were operating an unlicensed facility in violation of state statutes.

Specifically, DFS said it found the Grahams were operating what could

be considered a rest home providing "personal care and limited medication services to some 16 residents who required close supervision and a protective environment."

"The quality of care and the conditions under which it is provided fails to insure the health and protection of the residents," the DFS said.

The Grahams were told to "cease

operation" of the home by Sept. 30 or face legal prosecution by the local district attorney. They were advised that the county Department of Social Services would "be available to assist in locating appropriate licensed homes" for the residents.

Anita Davie, DSS director, told The News Record that the issue has been over licensing. "Is it a board-

ing home (no license required), or is it a nursing home (license required)," she said.

I.O. Wilkerson Jr., DFS director in Raleigh, said the Grahams were given 30 days to respond to the notice. In that time they could apply for a license or comply by notifying the local DSS that certain patients need to be relocated.

Mildred Graham refused to comment on the DFS notice and told The News Record to talk with her attorney, Mr. Devere Lantz of Asheville. Repeated attempts to talk with Lantz were unsuccessful.

Rogers, who was from Waynesville, was buried Saturday in Green Hill Cemetery, Leicester.

Christmas Mailing Tips

With the Christmas mailing season just ahead, Marshall Postmaster J.A. Craine is offering tips for customers to assure that their cards and packages arrive on time and in good shape.

In addition to shopping and mailing early, customers are urged to properly address cards and packages with the name, street number and name (or post office box number), and the city, state and ZIP Code reserved for the last line.

"It is also a good idea to put a slip of paper with the recipient's name and address and your return address inside parcels, and be sure the addressing on the outside of the parcel includes your return address and ZIP Code," Craine says.

Customers are also reminded to check the size of their envelopes before mailing Christmas and other holiday cards. Letter size standards require that envelopes be at least 3-1/2 inches high and 5 inches long to be accepted for mailing.

The Postal Service is also asking customers to put an ounce of extra care into preparing parcel post and other packages for mailing. Parcels will arrive at their intended destination in good shape if mailers will follow a few simple suggestions:

CUSHION: Make sure contents are well-cushioned and there is no empty space in the box. Use crumpled newspaper around the item — including all sides, top and bottom. Commercially available foam shells or air — pocket padding also make good cushioning materials.

DON'T OVERWRAP: Just use your carton. Brown paper and twine cord are not necessary. Paper can rip, and twine can become entangled with processing equipment.

SEAL PROPERLY: Close your parcel with one of the three recommended types of tape: Pressure sensitive, nylon-reinforced kraft paper, or glass-reinforced pressure sensitive.

AVOID SMUDGES: Use smudge-proof ink for your addressing.

LOCATE ADDRESSES PROPERLY: Put the recipient's address in the lower right portion of the container. Put your return address in the upper left hand corner. Remove all other labels from the box.

USE ZIP CODES: Be sure to include the ZIP Code in both the recipient's and your return address.

TIME IT RIGHT: Mail early in the month and early in the day. This will help you avoid the rush.

USE THE RIGHT SERVICE: Irreplaceable items, cash and other valuables should be sent by registered mail.

IF YOU RUN OUT OF TIME: Priority Mail affords First-Class handling for packages weighing over 12 ounces and up to 70 pounds. Priority Mail can be sent from any post office, station or branch or through rural carriers to any address in the U.S. Priority Mail can even be used for foreign mailings.

The Service is available with insurance, return receipt, COD, certificates of mailing and special delivery. Customers interested in Priority Mail should contact the post office for details.
