MIGRAINE

Also called sick headaches, a typical migraine attack begins with a dull throbbing ache in one area of the head and progresses to a piercing pain. These torturous attacks may be preceded by a change in the field of vision — a flickering before the eyes, flashes of light or a partial blocking of the vision. They are sometimes accompanied by nausea or vomiting. They are seldom relieved by aspirin. Their duration is from 2 to 48 hours.

What Does A Funeral Cost?

We get many calls asking us this question. We're pleased to give price information but the problem is that funerals are very personal. So, each one is slightly different. Asking "what does a funeral cost?" can be like calling a nice restaurant and asking what a meal costs.

To help our customers make informed choices we now offer a new service — the free funeral cost analysis. By answering a few simple questions we can tell you exactly what your funeral will cost. We can even help you lock in today's prices so you can fight against inflation.

Call or write us today for a free, no obligation funeral cost analysis.
