RED CROSS NOTES.

Now members are being added each day and yet we need you.

The chest donated to the Red Cross by Mr. W. W. West was greatly appreciated as it was much needed and is already proving just the thing to store the garments in while we are accumulating a sufficient number to ship. Thanks again to Mr. West.

We had needed brooms for our work room house keeping, which is getting to be an item until Miss Sally Purdie supplied us. For which we thank Miss Purdie.

RESOLUTIONS OF SYMPATHY

"In the midst of life we are in death."

The death of our beloved member Lida Herring, which occurred at the home of her sister, Mrs. George M. Floyd on the morning of January 9, 1918, was a shock to our people. While she was in our midst only a short while she made many friends who were grieved to hear of her death.

We extend to the family and loved ones our heartfelt sympathy and pray that our Heavenly Father may comfort them in their hour of affliction.

Therefore be it resolved: 1. That we the members of the Dunn Baptist Philanthropic Class are conscious of the great loss we have sustained.

2. That in her death we have lost a faithful member. Although we shall miss her we will cherish her memory and thank God for her life and loyalty to His cause.

3. That these resolutions be inscribed in the minutes of our class record, a copy sent to the family, also Dunn Dispatch and Herald for publication.

"Not now, but in the coming years, it may be in the better land. We'll read the meaning of our tears, And there, sometime we'll understand. Ida May Pittman, Clara Pope, Kathryn Allen, Committee.

These two young men are well known in Dunn, both having made this their home for a number of years. For the past two years Perry Morgan has been in the civil service, serving as one of the rural carriers from Dunn during that period, and has proved to be one of the most efficient men in the service. He has given up this work, however, and will devote his entire time to the new business. Willie Morgan, for the past several years has been an employee at the Geo. Pope lumber mill here.

Messrs. Johnson and Denning who are retiring from business are two excellent young men. They are both of military age and sold their business to prepare to serve Uncle Sam. Neither has been called yet, but both are expecting to enter the service before long.

EACH year sees an increasing number of automobile buyers who seek not only Performance in their car but Comfort and Convenience.

You, for example, enjoy leaning back against the cushions of your car and delight in feeling them give comfortably under you when you strike a "thank you ma'am" or bit of unimproved road.

You want springs that will absorb the jar and not make you bump the tonneau top. Whether over rough roads or along the boulevard, a Dixie Flyer is an easy rider.

Similarly, with every other feature, there is a point at which satisfactory car comfort and reasonable price come closest together.

That point is the *ideal* we build into every Dixie Flyer.

How convincingly we have attained that goal is shown by a most satisfactory increase in sales each season—secured, not by spending hundreds of thousands in advertising, but by word of mouth from satisfied owners to their friends.

See the Dixie Flyer at your nearest dealers. Drive it—feel its instantly responsive power, its quick pick-up and get-away into speed, its smooth riding comfort, and you will understand more readily why this is so.

Our new illustrated catalog describes this matchless car in detail. You may have a copy for the asking.

DIXIE MOTOR CAR COMPANY LOUISVILLE, KY

When We Ting Feng, former Chinese Minister to the United States, took his first ride in the New York subway, he watched with oriental interest, the crowds as they rushed out of one train, crossed the platform and crowded into another.

"What are they doing?" asked the observant Mr. Wu.

"Changing from the head to the express," said his informant.

"Why?"

"Because the express gets them down town two or three minutes sooner," was the reply.

"But what," insisted the puzzled Wu, "are they going to do with those two or three minutes?"

"Pick-up" and "get-away" speed are popular claims made for cars nowadays. There are some cars which will pick up, to say, 35 miles in two or three seconds less than the Dixie Flyer; but unless you are trying to break the law or to get away from the police what are you going to do with those two or three seconds?

The Dixie Flyer has all the speed of "pick-up" and "get-away" necessary to make it a fast, high-speed, low-down, and enough of everything, style and quiet elegance to drive in any company.

Second Baptist church and was faithful in his attendance. He took interest in the work of his church and supported it liberally. The funeral services were conducted from the home Friday afternoon by Dr. J. A. Ellis and interment was made at Spring Branch church.
