THE MOST IMPORTANT LOAN

Our future esteem in the eyes of the nations of the world depends upon our performance now.

The American citizen is standing up for the world's inspection. Our rapid fire ability to do things astounds the world.

America entered the fight to save civilization. She exceeded all expectations. Blood was shed and lives were given willingly.

A great part of that army we placed on the battlefield is still in France. Navy transports are rapidly bringing the soldiers home, but the task is an enormous one.

The rapid fire action that played such an important part in crushing Germany was made possible by the ready response of the nation in the Liberty Loan drive.

It is a test for the American citizen. It will prove whether or not he realizes the importance of the government meeting its obligations and maintaining its position of esteem.

It is a test for us to show the world the true spirit of America.

KEEP BUSINESS GOOD

It has to be admitted that the way to keep business good is to keep on doing things.

Every community, every city, every state, should begin a campaign of advertising.

Let the cities show how many homes are taking his interview with the manufacturer's record.

Let them tell the makers of numerous products, the manufacture of which has not been resumed, that it is time to get busy and to get on a peace basis.

If the men are working they will be able to buy these things for their families, so there need be no fear in the minds of the manufacturers.

Let them tell the makers of numerous products, the manufacture of which has not been resumed, that it is time to get busy and to get on a peace basis.

want to tell you about it like I've been doing all my life.

Not much sentiment in this fore-hand chap, but plenty of shrewd business sense.

The other nine-tenths of us are producers and spenders or wasters of what we produce day by day down to the last penny—or worse.

Our prediction is that the Victory Loan will be taken in the main by the rich and well to do as a shrewd business proposition.

People who are laying up treasures on earth beyond the reach of tax collectors will see the point; no doubt about that.

They can own Liberty Bonds, War Stamps, and Victory Certificates free of all taxes up to \$180,000 each.

The chances are they will never have such another chance in all their lives to side-step the sheriff.

Attention has been called more than once to the practice of patent medicine firms of turning the great American failing for well dosage to their own financial advantage through the exploitation of worthless or exorbitantly priced "remedies" for all sorts of human ills.

Some enterprising druggist started the rumor that a bag containing camphor worn around the neck would prevent influenza.

Three papers circulated in Providence carried advertisements of thirty-two different preparations which, according to the manufacturers, would prevent or cure influenza.

Overnight compounds previously advertised as remedies for indigestion, rheumatism, constipation, headaches, and general tonics suddenly became specific for influenza.

The New Edison

"The Phonograph with a Soul"

Unquestionably the tone test achieves this result. Picture a famous star of the Metropolitan Opera Company standing beside the New Edison on the concert platform.

It is only the New Edison which Re-Creates the singer's voice. Other devices merely imitate it. It is only the New Edison which has been subjected to the searching ton test.

Every Farm Home Should Have Plumbing

Water Where You Want It-When You Want It!

That's the joy of plumbing in the farm home! Just turn the faucet, and there's water hot and cold, for the refreshing tub bath or shower.

Comfort steps in when plumbing comes. Drudgery, much of it, disappears at the same time. And it's easy, and comparatively inexpensive, for any farm home to have these conveniences and luxuries represented by DELCO-LIGHT WATER SYSTEMS AND STANDARD PLUMBING FIXTURES

For Bath, Kitchen and Laundry

An illustrated booklet describing "Standard" fixtures—for fine houses or modest ones; elaborate fixtures and fittings, or the inexpensive kind—will be sent free on request.

"Standard" Plumbing Fixtures are standard. You know them by the "Standard" Green and Gold Label.

Write for the booklet. W. C. KANOEY, SANITARY PLUMBING, Dunn, N. C. Phone 263
