**THE PRESIDENT'S TOUR**

For several months the President's opponents have had a sort of "open season" of criticism of him and his policies and proposals. While he was busy in the solution of the world's biggest problem a large number of his fellow countrymen were engaged in the contest of all tasks—finding fault. So mean and petty and spiteful has been some of this carping that one hardly escapes believing its authors would have found as much satisfaction in his failure (if he had failed) as other more patriotic Americans have derived from his successes.

But a few weeks hence the President is to tour the country and meet friends and foes face to face and give the American people an account of his stewardship. He will at the same time doubtless afford them some understanding of the tremendous difficulties that confronted him in the Peace Conference and submit to them the greatest of all modern achievements in statesmanship—the League of Nations.

Those who have misunderstood, those who have judged hastily and those who have been misled will have the truth from the President's lips, and will be convinced. Only the partisans and the narrow traditionalist may be expected to remain proof against facts and reason.

**FAMILY REUNION**

On Monday, June 30th, the home of Mr. O. D. Strickland was the scene of an enjoyable event rarely exceeded, when his children and their families assembled to remind him that old Father-time had registered seventy-one years during his life and prospects of many more were bright and encouraging. Besides his children and grand children his brother, Mr. W. H. Strickland, and family, also a few other friends were there.

The party consisting of about forty-five gathered at the home of Mr. and Mrs. G. F. Pope at 11:00 a. m., and motored eight miles to the scene of merriment, taking Mr. and Mrs. Strickland by a complete surprise.

A special enclosure beneath the old time weathered trees afforded an ideal place for a birthday dinner and an arrayed table was soon in view covered with the large picnic dinner that was carried by the guests. But for the lack of language, we dare not mention it further.

Mr. Strickland briefly but sincerely expressed his appreciation of being thus remembered after which Mr. E. H. Warren offered thanks for the beautiful blessing and evoked spirit that is ever prevalent in the home and church.

After all were satisfied and perhaps even more they returned to the parlor where Mr. Strickland was presented with a nice suit of clothes, also many other valuable and useful gifts. Then music was enjoyed to the fullest extent. Many selections being among those used by the old home church, in which both young and old heartily joined.

About 4:30 p. m. the guests journeyed to their respective homes, desiring that to each life was added another happy day.

Mr. Strickland was married to Miss Mary E. Jackson shortly after the Civil War. To this happy union six children were born, five of whom survive are Mrs. E. H. Warren, Mrs. G. F. Pope, Mrs. J. E. and Mr. E. H. Strickland of Dunn, N. C., Mr. E. H. Strickland of Raleigh. A few years afterwards Mrs. Strickland was called to her reward. Later Mr. Strickland

was married again to Miss Ella Carroll who has been his faithful companion to this day.

The simple life of this good man, one of Sampson's oldest and best farmers is not only an example of true christian character but a challenge to young manhood of today. Just as we think of Wilson in speaking of America: No one hears of Spring Branch church, without thinking of Olin D. Strickland. For more than thirty-five years he has been the never failing Sunday School Superintendent and a few years ago he was elected for life. He is a man who walks and talks with God and nowhere do we find one more consecrated to His service. He loves his home and is a kind and consecrated father. Every child that has gone out there from is proud of the heritage that is theirs.

May God give each one of them grace to follow in his train.

Now that the "Progressives" in Congress have been crossed with Republicans there ought to be a name for the hybrid product. "Progressives" is offered as a suggestion. It has the merit of being CMPWYPS and only one letter from "Reprogr-

Republican leaders in Congress began by promising "economy," but they are wasting much time and language in their opposition to the League of Nations—and time, at least, is valuable.

**As Many Do Not Know Too**  
When the kidneys are weak or disordered, they lag behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness makes a man dizzy from the poison of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Dunn resident's statement:  
Mrs. Bettie Gwyn, 810 S. Washington street, says: "I was in a miserable condition with my kidneys about two years ago. My back hurt terribly and I would have to press my hands upon the small of it to ease the pain. I had little control over the action of my kidneys and often suffered from attacks of blurred sight and dizziness. I was nervous and all run down, too. One box of Doan's Kidney Pills strengthened my back and kidneys and made me strong and well again."  
Price 80c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the name that Mrs. Godwin had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.
