

# TOWN TAXES DUE

Your town taxes for 1919 are now due and the books are in my hands for collection.

All tax payers are hereby notified to see me and settle at once.

All poll and personal property tax payers are notified to pay before Dec. 6, or I will be obliged to collect by distress.

One per cent discount if paid during October. No discount during Nov. and Dec. One per cent monthly will be added to all taxes after Dec. 31, 1919.

## Pay Now and Save Discount

U. S. PAGE, Tax Collector

Town of Dunn, N. C.

**New Grain Arrangements**  
Owing to the adverse weather conditions during the maturing period for wheat over the country the United States Grain Corporation has worked out a revised grain grading arrangement allowing liberal discounts, designed to protect the grower's share of profits; usage by consumers buying wheat from the producers.

**Big Saving in Liquidations**  
Through the liquidation of contracts the army has saved the Government approximately \$1,572,546,000 since the armistice. Contracts totaling 21,790 for supplies no longer needed have been liquidated at a cost only \$272,787,000. The original value of these contracts completed would have been \$1,945,333,000.

**Action on the League of Nations**  
covenant seems as far away as ever, but is still claiming almost all the attention of Congress. President Wilson's sudden illness seems to have complicated the situation and the matter is drifting aimlessly, according to Washington correspondents.

**COTTON REPORT FOR HARNETT COUNTY**  
Washington, Oct. 2.—The tabulation of the card reports shows telegraph summary to be correct. There were 5,911 bales of cotton, counting round as half bales, ginned in Harnett County, from the crop of 1919 prior to September 25, 1919, as compared with 4,356 bales ginned to September 25, 1918.

### DIZZINESS IS ANNOYING

As Many Dunn People Know Too Well

When the kidneys are weak or disordered, they fall behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or disordered kidneys and should not be neglected. Use Doan's Kidney Pills, the home-endorsed kidney remedy. Read this Dunn resident's statement:  
Mrs. Estelle Godwin, 310 S. Washington Street, says: "I was in a miserable condition with my kidneys about two years ago. My back hurt terribly and I would have to press my hands upon the small of it to ease the pain. I had little control over the action of my kidneys and often suffered from attacks of blurred sight and dizziness. I was nervous and all run down. One box of Doan's Kidney Pills strengthened my back and kidneys and made me strong and well again."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Godwin had. Foster-McMillan Co., Mfgs., Buffalo, N. Y.

**FARMERS OF JOHNSTON AND WAYNE COUNTIES MAKE FINE RECORDS IN CLOVER AND ALFALFA.**

Mr. W. E. McCullers, a prominent farmer of Johnston County and Mr. Chas. Lutes, of Wayne County, President of The Kentucky Horse and Mule Co., write the following letters of their experience with Nitra-germ alfalfa and vetch.  
Satisfaction should go with every sale.  
Johnston Co., N. C., May, 1918.

# AMERICAN BALANCED SIX SOLD IN DUNN BY SMITH and PRINCE

## DETAILED SPECIFICATIONS

### CAROLINA'S GREATEST NEED

The greatest need of North Carolina and every other state today is better farmers, better merchants, better preachers, better teachers and a more intelligent Mr. Average Citizen. This can never come except through higher education. Mass movement must be accelerated in culture in citizen training, and in a keener public conscience, if Democracy is to endure.

On every count a higher education pays. There are men without it who succeed and do well. But not a one of them is there that wouldn't do better with it. It increases the earning power, it makes one more useful to his community, it gives mental and moral poise, and it develops character, provided one is a man. But not all the colleges in three dozen states can make a man out of a fool.

North Carolina is rapidly becoming a great state and is taking on the dignity of wealth and culture. It is a happy fact that the law now makes it impossible for the normal boy or girl to grow up in ignorance. The great movements for better things in the state which are sponsored by some of its greatest and most useful citizens can never get far so long as there is a stubborn undertow of ignorance and superstition. Education puts a man on the right side of all great public questions if he is the right sort of man.—Laurin Exchange.

Satisfaction should go with every sale.

Gentlemen: It is excellent for grazing and hay and builds the soil. Nitra-germ man Darewski and Percival Knight alfalfa and got a perfect vetch and when planted with oats and is the work of Captain Bruce neighbors planted without inoculating and got nothing. will double your yield and build your soil. Vetch stands when turned under is equal to 700 lbs. of good grade alfalfa.

I used Nitra-germ last year for twenty-five acres vetch and crimson 4 or 5 crops per year without cultivation and will say I am highly pleased with results. I secured a perfect stand and consider it all you claim your seed with Nitra-germ and be for it, and take pleasure in recommending it for growing clovers and vetch. I expect to continue use of same. With best wishes,  
(Signed) W. E. McCullers, Wayne Co., N. C., July 25, 1918.

With best wishes,  
(Signed) CHAS. LUTES, President, The Kentucky Horse and Mule Co. Nitra-germ has produced similar records for thousand of farmers in making successful stands of clover, vetch, and alfalfa. Nitra-germ clover planted in your cotton alleys after the last working of cotton will be ready when the cotton is picked.

It is a good deal more important to understand than to remember. If your competitor knocks, you can't shut his mouth but you can shut your ears. Be interested in what your customer is buying. The woman who buys a dime's worth of silver polish today may purchase fifty dollars' worth of goods tomorrow.

**KING OF FUN-MAKERS BILLED AT FAYETTEVILLE**  
De Wolf Hopper, that king of fun-makers, will be at the Lafayette Theatre Fayetteville, Oct. 14th, in his production of "The Better 'ole." It goods tomorrow.
