

VOL. 7

DUNN, N. C., May 16, 1920.

NUMBER 14

## GOVERNMENT WILL UNDERTAKE TO AID IN BREAKING JAM

Sweeping Orders From Inter-  
state Commerce Commis-  
sion Expected Soon

## FOODSTUFFS WILL HAVE PRIORITY OF SHIPMENT

Recommend Amendment To Consti-  
tution To Prohibit Use of Public  
Funds For Support of Sectarian  
Institutions; Attack on Censors  
Said To Be Liberal.

Washington, May 16.—There were indications tonight that the government would act within 48 hours to break the nation-wide freight jam, for which nearly a month has been slowly clinching its grip on the throat of industry.

Sweeping orders by the Interstate Commerce Commission granting priority of shipment for food and perishables were confidently awaited by railroad officials, who yesterday appealed to the Commission to use all of the emergency power vested in it by the transportation act. They expected the Commission also to bar temporarily the transportation of "all dead" freight so that necessities of life could be rushed to communities where shortages soon will exist.

The commission was understood to be prepared to lay aside its routine business that its whole effort might be directed at ending the traffic congestion. Its experts have been instructed to work in conjunction with the American Railroad Association car service committee in assembling all available data on the car situation with a view to apportioning the supply where it should be the most good. Appeals of the railroads for help have brought to light new dangers in the situation.

Developments in the last 24 hours showed that a decidedly menacing condition confronted the commercial world through the lack of financial resources of business houses. Delay in movements of products was declared to have brought many plants face to face with imminent shut-down because of the failure to finance further production without heavy borrowing to replace the money temporarily tied up. Interest rates at this time are so high that it makes that course out of the question for most of the manufacturing concerns, according to Treasury officials. It was said the congestion was costing the nation "millions a day" through under production.

Wholesalers and retailers alike are suffering through inability to obtain delivery of goods due for a month or more, railroad men said in some cases threatened to become serious unless the government can effectively break the blockade.

Railroad officials reiterated their declaration to go "all the way" with the commission in its program. They were frankly willing to unify to the limit exchange equipment, make other arrangements to meet the temporary requirements. What they want, they asserted, is a lifting of the burden until they can get on their feet.

The volume of freight of all kinds offered for transportation is said to be larger than the roads ever had been called upon to handle. Railroad men said that unless there was quick relief the jam would grow and the movement of any freight made more difficult within a few weeks because of the increasing number of cars tied up.

## PAGE BEGINS SWING THROUGH EAST CAROLINA

Will Spend Final Week of Campaign  
in the Seventh Dis-  
trict

Robert N. Page yesterday began his swing through the east which is to consume two of his three remaining weeks in the three-cornered fight for Democracy's approval of his candidacy for Governor of North Carolina. The last week of the campaign beginning June 1, he will spend in the Seventh, his home district.

Mr. Page opened his eastern speaking tour yesterday in Enfield. Last night he spoke again in Roanoke Rapids. Large and attentive audiences greeted him at both places. This afternoon he will speak at Lenoir and tonight at Jackson. He will wind the week up with a speech in Dunn in the afternoon on Saturday and another in Duke Saturday night. He will close the following week with a speech in Sanford, Saturday. Following that week he will open the campaign in his home district at a point not yet decided upon.

Following the lead of his opponent in the race, Mr. Page's backers have employed a press agent to accompany him on his tour for the remaining weeks of the campaign. Byron Ford, editor of the Dunn Dispatch, who has been whooping it up for the last several months, is the man employed. Ford was here yesterday, going by motor to join Mr. Page in Roanoke Rapids last night. He is enthusiastic in his support of his candidate and says that there is no doubt that he will poll an overwhelming majority of the vote in the Sixth district—that in which Ford's paper is published.—Tuesday's News and Observer.

## NO ACTION ON SUFFRAGE BY THE DELAWARE HOUSE

Dover, Del., May 17.—The Delaware House of Representatives which convened today after a two weeks recess, adjourned late in the day without taking any action on the resolution to ratify the woman's suffrage amendment to the Federal Constitution, recently adopted by the Senate.

Woven into the Theresa Sheehan Concert Company's entertainment is the golden thread of originality. Miss Sheehan, the intangible reader who leads the company, will thrill you with her original story of the sinking of the Titanic—gripping the hearings, yet checking the tears in your eyes with a touch of humor—the Theresa Sheehan brand. And beautiful Vivian Des Jardine, the foremost French lady violinist, has some sparkling melody-tales to spin for you—indeed it is at times difficult to say whether her music or her radiant personality wins her the most applause. Roland Shaffer, the great tenor soloist, completes the personnel of this fine little company. Mr. Shaffer, in addition to being a vocalist of prominence, is also an excellent pianist. Each member of the company will not fail to please the most critical when they appear on the third day program of your Community Chautauque.

## SHIP-BY-TRUCK WEEK SET APART BY BICKETT

Governor Proclaims All This Week as  
Time For Promoting Quick  
Shipment by Motor

Raleigh, May 16.—Governor Bickett proclaims May 17-22 as ship-by-truck week, in the following:

"Whereas, there is a constant and growing need of quick transportation for short hauls; and

"Whereas, many tons of perishable produce is allowed to waste yearly through the lack of adequate transportation facilities; and

"Whereas, the modern motor truck, a speedier and more economical mode of transportation for short distances, brings the farm near good markets; and

"Whereas, good markets always encourage increased production; and

"Whereas, increased production will at this time very materially cut the high cost of living.

"Now therefore, I, T. W. Bickett, Governor of North Carolina, do, in harmony with many of the executives of other states, proclaim the week beginning Monday, May 17 as ship by truck week in North Carolina, and I hereby ask all citizens of the state interested in transportation and the best public welfare to consider seriously the problems apparent in our commonwealth as to transportation of produce and supplies with the view of providing eventually a complete, efficient, and economical scheme of transportation."

## "LEFTY" WILSON CHOSEN CAP- TAIN OF CAROLINA NINE

Chapel Hill, May 16.—Lawrence G. ("Lefty") Wilson of Dunn, N. C., the variety pitcher whose brilliant work has featured the latter part of the season for the Tar Heels, was last night elected captain of the 1921 North Carolina baseball team. The election, which took place at a dinner given for the team, has been hailed with high favor on the campus where Wilson has always been a great favorite.

Within the past twelve days Wilson has pitched five times, winning from Maryland in ten innings, losing to Pennsylvania 2 to 1, and winning from Wake Forest 4 to 1, and Trinity, the latter twelve innings. He allowed eight runs in these five games. He has unusual control and fields his position with coolness and sureness. Because of his hitting ability Wilson has played the outfield frequently this year when not in the box. He has played three years at Carolina, though his first year he was not used often.

Of the Tar Heel regulars, Captain Peimater, who has completed four years of playing; Catcher Younce, and Joyner and Llewellyn, pitchers will not return, and Saunders and Stewart, outfielders, are uncertain. Lowe, McLean, and Pharr from the infield and Sweetman from the outfield will be back, and a lot of promising material from Fred Patterson, crack freshman team will be available.

## PAGE URGES EFFORT TO IMPROVE RURAL LIFE

Asheville, May 14.—Robert N. Page spoke at the court house last night in the interest of his candidacy for the Democratic nomination for Governor. His declaration of views was heard with thoughtful interest. Mr. Page stressed methods to state affairs, incidentally predicting \$20 a barrel flour this year and in a few years people would be crying for bread in Asheville unless quick action were taken to improve conditions surrounding rural life. Referring to industrial conditions whose evils he pictured, he said he had no panacea to offer save the plan of giving "the other fellow a square deal."

## DR. TRUETT IN CAPITAL DECLARES FOR LEAGUE

Tells Senators That League of Na-  
tions Will Come as Surely as  
God is On His Throne

Washington, May 16.—Speaking from the steps of the capitol to thousands attending the southern Baptist convention, Dr. George W. Truett, of Dallas, Texas, declared:

"I think God that the stricken man yonder in the White House pleaded and pleaded yet that the nation will take its part with the others in bringing in a new era wherein shall dwell righteousness and peace."

"If it does not come today it will as inexorably come tomorrow as that God is on his throne."

A valley of cheers from men and women, gathered here from 17 southern states, greeted the statement.

"Standing under the shadow of the United States senate," Dr. Truett declared, "I dare to say as a citizen and as a Christian and moral teacher that the moral force of the United States of America without any regard to political party, will never rest until we have a league of nations."

"I dare to say also that the unquestioned majorities of both great political parties in this country regard the delay in the ratification of the league of nations as a national and world-wide tragedy. I can certify to the men of all political parties that the moral force of this country will not be silent until there is put forth a great league of nations that shall arrive with all its might to put an end to the diabolism and the horror of war."

"I thank God that the stricken man yonder in the White House pleaded and pleaded yet that the nation will take its part with the others in bringing in a new era wherein shall dwell righteousness and peace."

## COUNCIL WOOTEN THINKS HE'LL REACH HUNDRED YET

Mount Olive Man Finds Himself Merely  
Young Man Beside Dewey  
And Cannon

Washington, May 16.—Council S. Wooten of Mount Olive, last night told former Senator Chauncey M. Dewey, of New York, that if he could have a little more "personal liberty" he would reach the age of one hundred in fine shape.

The banquet tendered for Speaker Joe Cannon and Mr. Dewey at the National Press Club last night, "Chauncey Dewey," began, Mr. Wooten, "after the formalities, I have always heard that you are the best after dinner speaker in the world and now I know it. I am 84 years old myself, Joe Cannon over there is 84, you are 87, and I am here to tell you that if I could get my toddy regularly I would live to be a hundred."

"Great stuff," declared Mr. Dewey, and in an aside he added "two minds with but a single thought."

Mr. Wooten also talked a long while with "Uncle Joe" Cannon, but he praised Mr. Dewey most. He is here attending the Southern Baptist convention and attended the press club dinner last night as the guest of the North Carolina correspondents.

## WINSTON-SALEM PASTOR SUFFERS SLIGHT STROKE

Winston-Salem, May 16.—Dr. Henry A. Brown, pastor of Winston-Salem Baptist church, suffered a slight stroke of paralysis just after he had announced his text in the pulpit in the First Baptist church at 11 o'clock. He was attended by a doctor and removed to his home. Today it was announced Dr. Brown had recovered the use of his left side which was the only part of his body affected. His mind and speech are perfectly clear and normal and it will be "hearing to the friends" of this widely known and beloved man that his recovery is expected to be rapid.

## BAPTISTS ATTACK MOTION PICTURES AS DIVORCE CAUSE

Lax Laws and Poor Traffic  
Also Blamed For Prevalence  
Of Divorces

## DIAMOND CONVENTION ENDS IN WASHINGTON

Decidedly Menacing Condition Said  
To Confront Commercial World  
Through Lack of Financial Re-  
sources Many Plants Face  
With Shut Down

Washington, May 17.—The Diamond Convention of the Southern Baptist church, which closed at the capitol today, the history of the church from 1845 to the present, and the adoption of the report of the committee on temperance and social service and of a recommendation that the constitution of the United States be so amended as to prohibit the use of public funds for the support of sectarian institutions.

Section pictures, the laws and the higher traffic were declared to be the fundamental causes for the prevalence of divorce in this country in the report of the committee on temperance and social service. An attack on the National Board of Censors was given from the report before its adoption upon the suggestion of Dr. W. W. Landrum of Russellville, Ky.

Says Report Libelous  
Dr. Landrum argued that the attack was libelous in character and might lead to the recovery of heavy damages from the convention. He agreed with the speaker who had denounced the statement objected to, however, he said.

Amendment to the constitution to prohibit the use of money raised by the government through taxation or otherwise from defraying the expenses of sectarian institutions was proposed by Dr. J. B. Gambrill, president of the convention. Dr. Gambrill declared it his belief that every religious order should pay its own expenses.

Progress made in the establishment of a theological seminary for negroes was reported to the convention and the project endorsed by two negro Baptist preachers, Dr. J. W. Babney, of Chicago, and Dr. Geo. O. Bullock, of Washington.

West National Newspaper  
Appointment of a committee to

a National Baptist newspaper was decided upon after a vigorous attack by Dr. Ben Cox, of Memphis, Tenn., on the newspapers in the county, and especially the Associated Press, for what he declared their "unfair" attitude towards the Baptist denomination.

The newspapers and the Associated Press were staunchly defended by Frank E. Burkhalter, of Nashville, Tenn., and Dr. Alex. Scaler, of Ga., who declared that the Baptists have not been discriminated against in the papers and that the Associated Press had always been fair and courteous. Dr. Cox took particular exception to the Associated Press report of the sermon delivered yesterday from the steps of the capitol by Dr. George W. Truett, of Dallas, Texas, complaining that portions had been omitted which were derogatory to other denominations.

To Fill Vacant Pulpits  
One of the last acts of the convention was to provide for a committee of three to report to the 1921 meeting upon the number of vacant Baptist pulpits in the South and to study ways and means for attracting men to the ministry to fill the existing vacancies in Baptist churches.

A group of former officers of the convention who died during the past year were delivered during the closing exercises. A. J. Dickinson, of Alabama, told of the life and works of Richard A. Fuller, of Alabama; T. C. Skelton, of Virginia, reviewed the memory of William E. Johnson, of Virginia; R. W. Alabama, and E. D. Dargan, of Tennessee, portrayed the character of Leaning Barrows.

Declaring the convention to be at an end, Dr. Gambrill, its president, said: "We have had a wonderful convention. God has been with us." The messengers were dismissed with prayer by Dr. F. C. McConnell, of Atlanta, Ga.

## GARDNER TO SPEAK HERE WEDNESDAY

Will Address Citizens of Dunn  
Tomorrow Afternoon At  
Four O'clock

O. Max Gardner, candidate for Governor of North Carolina, will address the citizens of Dunn and Hargett county Wednesday afternoon at 4 o'clock. The speaking will take place in the Metropolitan Opera House.

This will be the second time Mr. Gardner has appeared in Dunn as a public speaker. During the campaign four years ago he was one of several speakers to appear here and his speech put more pep in the campaign than all the others combined. He is an eloquent speaker, has a pleasing personality, and is well known by a number of Dunn citizens. He is, perhaps, the leading candidate for the nomination and will be greeted in Dunn tomorrow by a large crowd of supporters and admirers. If you are a Democrat and favor some other man than Gardner for the office of Governor, hear him, anyhow, his speech will do you good.

## PROFIT FIGURES IN CLOTH MAKING

Statisticians for Railroad  
Unions Submit Results of  
Clothing Survey

Washington, D. C., May 16.—The total cost of a suit of men's clothes, exclusive of all the price exacted by the retailer from the purchaser, according to a survey of profit-making in the clothing industry, made public here today by W. J. Lauck, formerly secretary of the War Labor Board, and now consulting economist for the railroad unions in their fight for a living wage.

The double-breasted suit, made of medium price wool, which sold in 1919 for \$25 today is retailed for \$65, said Mr. Lauck. The cost of manufacturing this suit, including everything from wool to transportation, is today \$27.24, so that profits are absorbing \$37.76 of the \$65 paid by the consumer. The retailer takes the greatest proportion of profit obtaining in the case of a \$65 suit the average sum of \$22.77.

"The country has been made to believe, as in every other case, where the opportunity offered, that labor demands for increased wages have been responsible for the rising prices," said Mr. Lauck. "But as in practically every other industry where profiteering is rampant, it can be proved conclusively that the guilt is attributable to price gouging, and not to wage awards."

In the case of a \$65 suit, the price has increased \$40, or more than five times the increased labor cost of \$7.44, which includes all labor in the manufacture of the cloth as well as of the suit. Even the increase of \$16.88 in cumulative profits is equivalent to more than twice the increase in labor costs.

"At the present time, the labor in producing a suit of clothes is only 20 per cent of the price taken from the consumer, while 10 years ago, the purchase price included a bill of 22 per cent to labor. So, it readily can be seen that the buyer of a suit of clothes is paying those who labor on the product less, proportionately, than in 1910."

## LEVI P. MORTON IS DEAD ON HIS 96TH BIRTHDAY

Poughkeepsie, N. Y., May 16.—Levi P. Morton, former vice-president of the United States and former governor of New York state, died at his home, Ellerslie, Poughkeepsie, on his 96th birthday.

## OFFICERS SEARCH FOR GANG OF MOONSHINERS

Anderson Gang in Mountains Cap-  
ture Officers and Torture  
Them

Asheville, May 14.—Heavily armed posse from the United States marshal's office and the sheriff's office here are tonight searching the mountains near Barnardville for members of the Anderson gang of moonshiners, who last night captured and locked up Deputy Marshal J. F. Garner and Deputy Sheriff Ed Williams when the two, with others, about about to seize an illicit still near their homes.

Coming on the still, which had evidently just been dismantled by the moonshiners, the officers divided and Garner and Williams followed a trail to a cabin nearby. Entering they found a dozen moonshiners sitting around a table and the sheriff's office men were taken by surprise. A sudden they jumped up, each with a glittering gun in his hand, and overpowered the officers, disarming them, tearing their clothes and locking them up.

After torturing their victims for several hours the moonshiners allowed them to go, but warned them not to come out until action again. The action is noted as one of the most desperate in the mountains near here. On their return to Asheville today the officers had bench warrants taken out before Federal Judge E. Y. Webb for nearly a score of men in that section, and tonight over twenty-five officers are searching for them. They are armed to the teeth and it is believed a battle will ensue if the moonshiners are caught.

## FEARS MAKING OF WHISKY WILL GET BEYOND CONTROL

Roanoke, Va., May 14.—In a statement issued to the public through the local newspaper tonight W. B. Blauer, federal prohibition agent for the western district of Virginia sounded a warning that "unless the public soon realizes the seriousness of the situation and co-operate with us, the making of whisky in this section of the state is soon going to get beyond our control."

## EX-SHERIFF HILL

(Sampon Democrat)  
Ex-Sheriff Hill died at his home in Newton Grove township the evening of May 4, and was buried at the Hill burial ground under Masonic auspices.

Mr. Hill succeeded the lamented Nathan Barfoot as sheriff in the early eighties and served eight years. He was a man of splendid physique, stalwart and fine looking.

Mr. Hill was for forty years a member of Mill Creek, No. 125, Masonic Lodge.

For several years he has been confined at his home by feebleness of health, but was confined to his bed only a few days before his death.

## MEETING BEGINS AT METHODIST CHURCH

Large Crowd Greeted Evangelist  
Price First Night—  
Splendid Choir

Rev. Thurston B. Price and Mr. J. Dale Stents arrived Monday afternoon from Durham where for the past two weeks they have been engaged in a meeting at the Memorial church and appeared for the first time in the revival meeting in the local Methodist church.

They brought news of victory from Durham, reporting a meeting of great force with record breaking of conversion and reclaimations. This was the second appearance of the twin workers in Durham, they having conducted a very successful meeting at Trinity church before. This not only shows the esteem in which they are held, but that their work stands well.

The meeting last night was indeed good for the first night. A magnificent choir greeted Mr. Stents and they responded with unusual ability to his superb leadership. The singing was excellent. Mr. Stents is a singer of unusual ability and as a soloist and choir leader he proved to be everything expected of him. As a leader of choir he is an expert and as a soloist superb. He is well worth hearing and will sing at each service, morning and evening.

Rev. Price needs no introduction to the people of Dunn, as he has held meetings at Benson and Fayetteville and many of our people have heard him and know him to be a faithful, earnest and concentrated servant of God. He is indeed an impersonal speaker and his messages grip those who hear him. Last night his sermon was forceful and searching. His text was taken from Genesis, "Adam, where art thou?" and he asked the members some serious questions. He is a clear thinker, a forceful speaker and a man who impresses you with his earnestness. He planned the large audience that greeted him.

Tuesday morning the first morning service of the meeting was held at 10 o'clock. These services will take place promptly each morning at 10 o'clock and will close at 11 o'clock. This will continue through Friday of this week. In many places the stores have closed for the services, as the opportunity to hear these men do not come every day. The subject this morning was "Does God Answer Prayer?" and was discussed by Mr. Price in a masterly and convincing manner. He sent his hearers home with a new realization of how to pray and how God answers prayer.

The subject Wednesday morning will be "The Unhappy Man Talking Back to the Church." Every Christian in town should hear this subject discussed. The subject Thursday morning will be "Your Part in the Revival." The subject tonight is one that will attract everybody, as he will preach on the "Crooked Business Man, Godwin, Mr. Price will deliver his famous lecture-sermon on the trail of the American boy.

This is one of his noted sermons and has been heard by very large audiences everywhere he has gone. The main body of the church will be reserved for the young men and young women between the ages of 15 and 25. Everybody should hear this and every room will be provided in the Sunday School room for all others who wish to hear this subject.

This meeting will continue for two weeks, closing on Sunday night of the 30th. All Christians and the surrounding community are urged to attend and be benefited by this visit and work of these excellent men.

## FELL TWELVE STORIES

Mr. George Decker, Former Clinton  
Girl, Dead as Result of Falling  
Down N. Y. Elevator Shaft

(Sampon Democrat)  
Her many friends in Clinton were shocked by the news of the tragic death of Mrs. George Decker, formerly Miss Inez Turner, who fell down the elevator shaft of the Townsend Building on Broadway New York, Wednesday of last week and was horribly crushed.

The body of Mrs. Decker was brought to Clinton, arriving Saturday morning, and was buried in the Turner lot of the Clinton cemetery, the funeral services being jointly conducted by Rev. Mr. Hall, of Wilmington, and Rev. D. F. Harris, of Clinton.

Mrs. Decker was married several years ago in Wilmington, where her parents, Mr. and Mrs. John Turner were living. For the last few years she and her husband have lived on Staten Island, one of the boroughs of Greater New York, her husband being engaged in the railroad business.

Ten days ago her mother arrived for a visit and on the fatal day, leaving her husband, who was sick with pneumonia, in the care of Mrs. Warner, Mrs. Decker ran across the ferry for a short shopping visit to the city. But evening came without her return, and the uneasiness was increased by the report that a woman had fallen from the twelfth floor of the Townsend Building and was dead. Mr. Eugene Kruser, a daughter of a cousin of Mrs. Decker, a daughter of late Mr. Hayward Benson, and who lives near the Decker home, sought to see the body for identification, but was not until Thursday morning that he gained permission and made the identification by means of the dead woman's clothing and jewelry. Mr. Decker was too sick to be informed of the tragedy and the body was prepared for shipment and accompanied here by Mr. Kruser and Mrs. Turner.

## FORMER GOVERNOR GLENN FOUND DEAD IN CANADIAN CITY

Died in Bed in Royal Alexan-  
dra Hotel in Winnipeg  
Last Night

## STAUNCH ADVOCATE OF PROHIBITION PASSES

Member of International Boundary  
Commission For Last Seven Years;  
Native of Rockingham County, He  
Had Lived in Winston-Salem For  
Many Years.

Winnipeg, May 16.—Robert B. Glenn, former governor of North Carolina, and a member of the International Great Waterways Commission, was found dead in bed at the Royal Alexandra hotel here tonight.

Prohibition had few stauncher champions than Robert B. Glenn who as governor of North Carolina, instituted state wide prohibition in that State. Since leaving the governor's chair in 1909 he carried the fight for a "dry" nation into almost every wet State making hundreds of speeches on behalf of the Anti-Saloon League. He was appointed a member of the International Joint Commission by President Wilson in 1913 and served in that capacity for several years. This commission was formed to deal with all issues arising between the United States and Canada.

Robert Brodnax Glenn was born in Rockingham county, North Carolina, August 11, 1864, the son of Chalmers L. and Annie Dodge Glenn. His mother was a great niece of David Wilson college, the University of Virginia and Pearson's law school in North Carolina. At the University of Woodrow Wilson.

Mr. Glenn practiced law in North Carolina for many years, and was sent to the legislature in 1904. Later he moved to Winston-Salem and entered the law firm there. After holding office as a state solicitor, United States district attorney and State senator, he was elected governor in 1904 and during his four year term, besides putting into effect state-wide prohibition, settled the State debt, improved its charitable institutions and made a reputation for strict enforcement of the laws. He was a member of the Democratic party.

During the last campaign of 1904 he toured the country in the defense of his country.

Alton B. Parker. He crossed the continent in the last presidential campaign in speech-making tour for the re-election of his former college mate, President Wilson.

After the end of his term as governor, he was engaged in lecturing and was in great demand as a prohibition speaker. He was tireless in his efforts in behalf of that cause and his efforts of his day had greater endurance.

Governor Glenn befriended many persons in whom he had no personal interest.

In 1878 he married Nina Deaderick, of Knoxville, Tenn. They had two children, Chalmers L. Glenn, of Winston-Salem, and Mrs. Daniel E. Hoffman of Mount Airy.

## SEIZE ALL MATERIAL DESIGNED FOR LIQUOR

Orders Issued to Revenue Agents By  
Southern Division

Roanoke, May 14.—Seizure by field agents of the bureau of internal revenue of all material "designed to be used in the manufacture of alcoholic liquors," has been ordered by S. E. Brane, federal supervising prohibition agent for the southern division, including the states of Virginia, West Virginia, North and South Carolina, Tennessee and Kentucky.

Mr. Brane's orders, which were announced by local agents of the bureau here today, states that "not only are materials such as sugar, grain, molasses, and such ingredients to be seized, where sufficient reason exists for belief that they will be used in the production of illicit alcoholic liquor, but that other suspicious shipments also are to be detained."

## \$62,000 SAVED STATE IN ARCHITECT'S FEES DURING TEN MONTHS

The creation of the office of State architect saved North Carolina \$62,000 in ten months, according to the report of the North Carolina Building Commission. During this period contracts were awarded for building totaling \$2,400,000. The normal architect's fees would have been \$44,000. But, under the present system, it cost the State only \$22,600.

## REMAINS OF GOVERNOR GLENN LEAVE WINNIPEG

Winston-Salem, May 17.—The body of Ex-Governor R. B. Glenn, who died in Winnipeg Sunday evening, left that city this afternoon accompanied by a member of the international great waterways commission, of which Mr. Glenn had been a member, and is expected to reach here Thursday.

Charity is that finer love which not so much denies itself as simply forgets itself.—B. Herford.

the mother of the deceased.  
Mr. Kruser, who is fairly well acquainted in Clinton, remained a few days, visiting at the home of his wife's uncle, Mr. A. Benton, who is also the uncle of Mrs. Decker. Much sympathy is felt for the bereaved mother, husband and two little sons, and much sorrow for the untimely death of one so full of promise for a long and happy life.
