Miss Swain, her successor, has had experience in this line of work in her native State and comes to the county highly recommended. She already has taken up her duties and is making a trip through the county this week. She was in Dunn yesterday.

INDEPENDENCE

DAY
JULY FOURTH 1920

THE INDEPENDENCE that our forefathers died to gain.

THE INDEPENDENCE that our sons fought to maintain.

THE INDEPENDENCE that is cherished in the inmost soul of every normal human being.

This independence is only half complete if we are not independent financially.

We all agree that INDEPENDENCE is well worth fighting for. Is it, then, not worth saving for?

EVERY DAY IS INDEPENDENCE DAY FOR THE THRIFTY

THE GOLDSTEIN CO.

An Active Partner

An International Kerosene Engine will be an active partner in all your farm work. Watch how it handles your little jobs month after month with low-priced power, making your burdens lighter and giving you time for thought in "putting over" plans for making your farm yield bigger crops.

You cannot beat an International kerosene engine for economy or efficiency. It works on the cheapest engine fuel you can buy—kerosene, and uses just enough of that to handle the job in hand.

The International engine is built to meet your needs. Material and workmanship are of highest quality—the International standard. It is very simple in design and easy to operate. It is a kerosene engine, pure and simple, made to stand the hardest usage.

Then comes the very important matter of service and repairs. A nearby branch house equipped for any emergency call is always ready to help us help you. For 66 years International service has been a household word for steady, ready, courteous, complete help in time of need.

A close inspection of this engine is going to convince you that it's a good farm partner to have. Come in and see it.
