most startling and interesting horne shows in the world, will be another interesting free attraction. Miss Ni-chols carries a large troupe of train-ed hornes and mules and several per-formers. She has played before some of the biggest fairs of the country this year and has won praise wherev-ar she appeared. She will give several performances every day. The Dixieland Exposition Shows will bring the greatest collection of midway abows ever seen at a county fair. They will also bring several free attractions which will add their in-tevent to the large number employed by the fair association. Altogether, it looks as if the thou-sands wh care come to the fair will be treated to the inest exposition staged in North Carolins this year.

The Bank of England soon will oc-cupy modern banking quarters, which will replace probably the most anti-quated bank facilities existing in a quated bank faci civilized country.

Though thousands of small schools failed to open for the fail and winter courses throughout the United States the newspapers announce the open-ing of hundreds of new motion pic-ture playhouses.

effect of only a moderate amount of early marketings on prices proved very discouraging in its results on sentiment. The effort to sell hedges against cotton broke New Orleans and Liverpool and finally carried down the level in New York. This summary of the situation indicates that the decline of the week has been due in no sense to speculative pressure but rather to the actual exigencies of the situation. If these law violators could be made to feel the hand of the law heavy upon them when convicted, there would be a continuous kasen-

ple more than to see this change giving the maximum punishmont.

King Albert of the Belgians is tour-ing Bouth America as the guest of the nations. He is new in Brazil.

Fruit growers in Western Michigan have asked the school authorities to permit children to help gather the crops. There is a shortage of pickers as well as vailroad cars.

ket failed to indicate any radical im-provement. Price cutting noted is our letter of last week assumed iarger proportions. Some of the Chicago mail order hou-res have issued a list of prices show-ing reductions ranging from ten to sixty per cent. Mills have continued to cut prices out even this movement has mailed to stimulate new business to an extent that would bring spin-ners into the market for any large supply of raw material. The real ob-stacle at the moment appears to be

"There is another subject that came before that General Assembly upon which it is possible that Mr. Parker can got some of the "reliable" members of his party to throw light. On March 1, the House adopted a re-

In March 1, the House adopted a re-tolution endorsing the original draft of the League of Nations containing Article X and in the identical form in which it was first reported. "This instrument had been publish-ed in all the newspapers about Feb. 15; it was debuted on the floor; the resolution was read twice by the clork at my direction, and on roll call only four of the republican members present voted against it. Among those who veted for it were Williams of Ca-harrns, miniority leader, and Brown-low Jackson, new candidate for Sec-retary of State. "Will Mr. Parker be kind enough to give us the names of those "relia-

"Will Mr. Parker be kind enough to give us the namas of these "relia-ble gentiamen" who gave him his in-formation 1 And will he tall us why his Republican brethren voted for the League of Nations in March, 19191 Was that to put the Democrate in a hole as Linney mid about their vot-ing for revaluation ? "I believe that I can name some of the Republican members who did not tell Mr. Parker that I have voted against revaluation and had tried to get a record vote. At least I shall so believe some of them until it is proven otherwise.

so believe some of them until proven otherwise. Ne Spirit of Partisenably "I want also to my at that set of 1019 there was leas of partises less of the play of party advan than had been the case for tw years. a half that took place the middle of the weak. Under ordinary conditions crop de-volopments the past few days would have resulted in a very different course of prices. There were frosts in several places in Oklahoma and low temperatures over a wide area. A storm that came in from the Gulf brought heavy rain over the eastern belt, a precipitation in Georgia rang-ing from two to five inches. Various preliminary estimates on conditions were considerably below 60 indicating a crop below twoive million bales. With all this news, however, the mar-ket failed to indicate any radical im-provement.
