U. S. PAGE, Town Tax Collector.

Praston S. Cooper, president of the First National bank, has been unable to attend his duties at the bank. Marvin Wade is serving in Mr. Cooper's place during his absence.

T. L. Middle, secretary of the Chamber of Commerce, was in Raleigh this week to work for the passage of the road bill which was adopted yesterday by the House of Representatives.

Fire originating from a kitchen stove this did slight damage to the home of Mr. and Mrs. W. H. Hazzard yesterday. A few articles were burned before a passing fireman arrived with a fire extinguisher and stopped the blaze.

Hugh Prince, of George E. Prince & Son, wanted to get an advertisement in this issue listing of some extraordinary bargains in shoes for men and women for Saturday. But the copy arrived too late. The bargains are there, however, and Hugh will be glad to have you come down to the store and look them over.

Ben Townsend has proof that his long staple cotton efforts have not been without profit. He had a bid from Charlotte this morning offering 23 cents a pound for the more than 200 bales of long staple he grew here. He, too, is receiving orders from all parts of the state for planting seed.

Dunn's delegation of fifteen Masons has returned from the Scottish Rite Reunion at Wilmington. Those who attended the reunion are M. C. Butler, U. S. Bissell, J. W. Turnage, R. L. Warren, Robert A. Jordan, Jesse M. Wilson, E. T. Lee, C. C. Warren, Roger Brooks, G. W. Gardner, Marsh Morrow, J. J. Langston, R. J. Parker, R. L. Denning, W. C. Kanoy.

Town Clerk H. A. Parker is sending out an S. O. S. call for the payment of assessments on that street and sidewalk debt. They were due last October, but because of unsettled conditions, no very strenuous effort was made to collect at that time. Now the bonds for this period are due, and unless the clerk gets the money to retire them the bankers may come down here and take the pavements away from us. Go in to see Alley this morning.

A. P. Petway, president of the Seminole Phosphate Company, was here this week and met with stockholders and officials of the local plant of the company. He expressed gratification over the outlook for business this year and stated that the Goldsboro plant was rushed with orders for 1921 fertilizers. The local plant will begin mixing fertilizers within the next few days.

Representative Hannibal Godwin, who will be succeeded in Congress by Homer L. Lyon March 4, will return to the practice of law when his term expires, according to a dispatch from Washington. He will form a partnership with Guy T. Helvering, a former member of Congress from Kansas, and specialize in internal revenue law. Offices of the firm will be here and in Washington. Mr. Godwin will retain his residence here.

DEATH AT FALCON
On Thursday, Feb. 17, Mrs. Mollie Jolly, died, after a long illness, tuberculosis being the cause of her death. She leaves a husband, and a boy about thirteen years old. She was forty-two years of age, and had been residing in Falcon for about six years, they having formerly resided near Farmale, N. C.

The burial will be on Friday, 18th, at Falcon Cemetery.

CLINTON NOW HAS WATER
For some time the Clinton water supply has been short and the pipes have been supplied only at certain intervals, to the great inconvenience of the public. Two of the wells supplying the reservoir have been caved in. However, after much pumping and the uplift of many loads of buds from the stronger well the bottom has been reached and the water supply is assured till something else happens.

Work of clearing the third well is to be undertaken now. With respect to the water supply from these wells it is to be noted that Engineer Platt strongly advised against them when the town system was established, stating that they would not be permanent, and that sooner or later the town would have to go to Coharie for water, which he advised doing at the very beginning. They have held out longer than Mr. Platt expected, but it may be frequently expected and nobody is to be blamed, unless it be the board that decided in favor of wells against Mr. Platt's advice.—Sampson Democrat.

Business Of Local Court Improves

Fines And Cost Again Mount To Sums In Excess of Tribunal's Expenses

Noonshine liquor is again on the job with its old time vigor. After lying in a passive state since last November, it succeeded in sending some scores of old and new offenders against the peace and dignity of the town to police court in the thirty days ending yesterday. From these the town court collected considerably more than \$500 in costs and about \$100 in fines.

This was the highest mark since November, when \$1,486.30 was collected in fines and costs and about twenty men were sent to the township road camp. December was the dullist month of the year so far as the court was concerned. Only \$346, was imposed against offenders in the month of good cheer.

That the town court is a profitable institution is shown by the fact that during the nine months ending January 31, \$5,326.05 was collected in costs and \$1,127.01 in fines. Meantime eighty-nine men were sent to the roads and several women to jail or Samaritan. The cost of the court to the town is \$65.00 a month for the recorder. Its prosecuting attorney is the regular town legal adviser and draws no additional salary for his extra services.
