The ultimate bond of the democracy  
of the future cannot be eternal  
loyalty of a people embodied in a code  
of laws; it cannot be the selfish ties  
of a nation's interest by the coercive  
power of a government and police  
control. The only bond that can  
bind a free people is a common  
purpose, a common faith, a common  
loyalty to the common good and  
reformed conviction of the average  
man. The democracy of the future  
must be more than a body of laws,  
more than a social or political  
program; it must also be a faith, a  
loyalty. For, after all, the creative  
and forward looking elements in human  
life are our faith. To state the pro-  
gram in terms of psychology, we must  
secure in some fashion an effective  
regulation of the sentiments of the  
average man and those com-  
ponents of political and moral values  
of the life of the democracy.

American Journal of Sociology.

IS YOUR HEALTH  
GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More  
Women Knew About Cardol They Would Be Spared  
Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden  
of this place, relates the following inter-  
esting account of how she recovered her  
strength, having realized that she was  
actually losing her health:  
"Health is the greatest thing in the  
world, and when you feel it gradually  
slipping away from you, you certainly sit  
up and take notice. That is what I did  
some time ago when I found myself in a  
very nervous, run-down condition of  
health. I was so tired and felt so weak  
I could hardly go at all.  
"I was just no account for work. I  
would get a bucket of water and would  
feel so weak I would have to set it down  
before I felt like I could lift it to the shelf.  
In this condition, of course, to do even  
my house-work was a task almost im-  
possible to accomplish.  
"I was . . . nervous and easily upset.  
I couldn't rest well at night and was . . .  
just listless.  
"I heard of Cardol and after reading I  
decided I had some female trouble that  
was pulling me down. I sent for Cardol  
and began it . . .  
"In a very short while after I began the  
Cardol Home Treatment I saw an im-  
provement and it wasn't long until I was  
all right—good appetite, splendid rest,  
and much stronger so that I easily did my  
house work.  
"Later I took a bottle of Cardol—as a  
tonic. I can recommend Cardol and glad-  
ly do so, for if more women knew, it  
would save a great deal of worry and  
sickness."  
The enthusiastic praise of thousands of  
other women who have found Cardol  
helpful should convince you that it is  
worth trying. All druggists sell it. L. 78
