

**NOAH W. COOPER
TAKES RELIGION
INTO CAMPAIGN**

Brother of Dunn Man Wants
To Be United States
Senator

**CITES SOLOMONS FALL
AS WARNING TO NATION**

Spending One Dollar For
Heaven and Four Dollars
For Hell Means Quick Death
If Not Stopped Now He
Says—Turning Away From
God.

That America is in great danger of falling as did Solomon is the warning of Noah W. Cooper, brother of P. S. Cooper of Dunn and a candidate for the office of United States Senator from Tennessee.

Mr. Cooper is bringing religion into his fight for election, believing that it is time the nation turned its attention to Godly things. In a circular just issued he points out that the Federal government is spending 93 cents of every dollar it collects in taxes on war cost and war preparation, and that at the same time it spends only one cent out of each dollar on farming and real nation building.

His circular reads:
America is in great danger of falling like Solomon. In full partnership with God, Solomon in 25 years, built up the richest, best loved and most peaceful of nations broke to pieces in civil war and was enslaved by Shishak, king of Egypt.

America was born and bred in partnership with God; but now she is turning away from God. She must turn back or go to ruin.

Solomon's nation was ruined by ungodliness at home, not by foreign foes. America's foes are her own bad habits—not Japan nor Germany.

What are these foes? 1. Neglecting regular prayer to God. 2. Neglecting regular Bible reading. 3. Neglecting to teach godliness to our children at home, in church and school. 4. Following militarism, idolizing war gods. 5. Idolizing gold as shown in stealing and profiteering, buying elections and promoting the money-lender's day to money-lender's day. 6. Amassing them all. As your Senator, I shall fight them unceasingly.

Militarism and Sabbath prostitution are omnivorous evils, breeding murder, stealing, lying, fraud, adultery, certain destroyers of children, homes and nations.

Congress cannot elude folks into praying, Bible reading and godly habits. But every Congressman must stand to fight our foes. Congress should fight these foes and encourage by example and law the good habits of prayer, Bible reading, godly training, and Sabbath keeping.

Congress is now spending 93 cents out of every dollar of Federal taxes on war cost and war preparation, and only one cent on farming and real nation building. We bitterly condemn Germany for her submarines, air battleships, death gases, and militarism; yet Congress is now voting millions—taking our life blood for these same Satanic evils.

America grew great on Sabbath observance and her other godly habits. Now the demon of Sabbath breaking has captured Washington City and our great interstate commerce. Congress has consented Satan, licensed by Congress, now rides astraddle our interstate commerce (the largest in the world), driving it to perdition and dragging our whole nation and the world with it.

As God's fury punished Israel and Continental Europe for militarism and Sabbath breaking, so America is being punished. America, like David, must turn back to God.

"I have set before thee this day, life and good, and death and evil." (Deut. 30:15.)

Our nation is now spending annually in round numbers:
For war costs and preparations, \$4,000,000,000 per family.
For public schools (all states) \$450,000,000 or \$32.50 per family.
For expenses of all churches \$400,000,000 or \$20 per family.
For training public school boys to Prussian militarism \$4,000,000 or 20¢ per family.

For buying Bibles for all homes, \$4,000,000 or 20¢ per family.
For submarine boats \$4,000,000 or 20¢ per family.
For air battleships \$4,000,000 or 20¢ per family.

For making deadly gases \$1,350,000 or 7¢ per family.
For improving farms and education \$25,000,000 or \$1.25 per family.

Spending one dollar for heaven and four dollars for hell means quick death, if not stopped now. No wonder our national debt has jumped from \$50 per family in 1913 to \$1,300 per family in 1921. No wonder at youthful criminals and tidal waves of vice and ruin and trouble.

Our God-fearing mothers find their homes and children deluged with waves of evil influence. They are crying to God, to Congress, to our churches, to voters, for help to save our children and our nation! I have faith in God and in our Tennessee people; that they will through this election call all America back to the danger of our forefathers! Let us all help America, let us all help America to stop still. Let us all help America to grasp it and live! Live to lead mankind into godly brotherhood and peace!

Keeping any "border" here this fall!

**CHARELS SEEKING
TO SECURE THRONE**

Fighting Between Monarchist
and Government Troops Re-
ported Around Budapest

Vienna, Oct. 23.—The exact situation in Hungary is now beyond the knowledge of the Austrian office which today lost communication with Budapest. There have been all kinds of rumors, including one reporting the entry of Charles, the former king, into Budapest and the defection of some of the government forces to Charles banner as well as the repulse of the monarchist forces and other conflicting information. But it is known beyond a doubt that there has been a battle and possible sanguinary fighting close to Budapest.

A telephone message from Prague said that Charles had succeeded in reaching Budapest, while the Vienna Freie Presse announced that the Italian legion has received news from Budapest that some of the troops in the capital have declared in favor of Charles.

Early reports agreed that the Karlinsky had been checked at Budapest, which is about 17 miles from Budapest. One of the dispatches saying that the train bearing Charles, reached that place, but was forced to back out hurriedly upon a show of resistance by the government troops.

Oedenburg, Steiermark and Stahlsweinsburg troops, it is declared, are hastening to reinforce the former troops and the fact that bloodshed has begun is believed by those who know the Bulgarian character to foreshadow a final grapple between the reactionary and the republican forces that probably will extend beyond the borders.

Archduke possibly checked the Monarchists are evidently concentrating for further attacks. For latest, though meagre advice, say that the battle between the Monarchists and government troops continue and also that the behavior of the government forces is irreproachable. Government circles hope to be able to hold out until the arrival of reinforcements from the provinces, which are expected tomorrow.

Insurgent bands from Burgenland are reported to be marching to the support of Charles. An Oedenburg dispatch to the Tagblatt gives the report of the resignation of the Bethlen Cabinet, but this is without confirmation.

**TWO NEGROES BURNED
TO DEATH IN VIRGINIA**

They Were Suspected of Being
Implicated in Murder of Sheriff
and a Town Sergeant

Orange, Va., Oct. 23.—Two negroes, suspected of being implicated in the murder Saturday of Sheriff W. C. Bond and Town Sergeant J. F. Boyer, were burned to death today when they were surrounded by a posse in a barn near the scene of the double murder.

The barn is supposed to have been set on fire by discharges from the shot guns operated by the two negroes. The body of one of them, Walter Ware, was found in the ruins and that of the other, a fugitive is supposed to be still beneath the debris. Several members of the posse were slightly wounded in the attack.

**GOVERNOR DAVIS HAS GONE
TO THE SCENE OF TROUBLE**

Richmond, Va., Oct. 23.—Governor Westmoreland Davis, accompanied by Col. J. Fulmer Bright, of the first Virginia regiment, Virginia regiment, Virginia National Guard, and Major Leroy Hodges, aide to the governor, left here at 3 o'clock this afternoon for Orange, where, yesterday afternoon at 6:30 o'clock Sheriff W. C. Bond and Town Policeman Julian Boyer were shot and almost instantly killed by Walter Ware negro, alleged bootlegger, when the latter resisted arrest.

**SENATOR WALSH TO OPEN
BIG WILSON COUNTY FAIR**

Senator David L. Walsh of Massachusetts, the first Democratic Senator in the halls of Congress from that state since the civil war will deliver the annual address today at the opening of the Wilson county fair promptly at the noon hour.

Our people are fortunate in securing Senator Walsh. He is accounted one of the best orators in the country today.

Belong to Department of Justice
Belong to Department of Justice
Belong to Department of Justice

When Mr. Bell takes up his duties with the Department of Justice he probably will establish headquarters in Washington.

Gone to Washington
Mr. and Mrs. T. L. Vaughn and Captain I. Roland Williams left Sunday to visit Washington in the interest of a patent Mr. Vaughn is seeking for an electrical appliance he has invented.

Before returning to Dunn Mr. and Mrs. Vaughn will spend some time with Mr. Vaughn's sister in Richmond.

U. D. C. Delegates
Delegates to the approaching convention of the United Daughters of the Confederacy from Harrell County are Mrs. N. A. Townsend and Mrs. Lee J. Best, of Dunn, and Mrs. John P. Johnson and Mrs. Hiram Boggett, of Lillingston.

The convention is to be held in Winston-Salem, beginning today.

**SOUTH CAN STAND
WALKOUT BETTER**

Textile Enterprises in Pied-
mont Section Could Con-
tinue For Some Time

Charlotte, Oct. 23.—Industry and industrial workers in the South would suffer less than in any other section of the country in the event that the railroad strike materializes, in the opinion of cotton mill men of this section. No manufacturer has undertaken to say that cotton mills and other industrial enterprises would not be hurt, seriously hurt, but as compared with other sections both the mills and the operatives would be fortunately circumvented.

There are two outstanding reasons, it is pointed out, why the cotton mills of this section would be in better position than those of New England and the North generally. The first is that the mills here literally adjoin the cotton fields and there is no possibility of their being compelled to shut down for lack of raw material. The second reason is that most of the mills of this section are operated by electricity which is generated by waterpower. When all industrial plants were working on short time during the war as a matter of fact conservation of the mills has continued to operate without interruption. So now, if a railroad strike cuts off supplies of coal, while industry in other sections will be flat in so far as power is concerned the mills here may continue to operate.

The big difficulty that will remain with the matters of raw material and power giving no anxiety, will be that of getting the finished goods delivered. With the mills of other sections closed down it is probable that the Southern mills would have available a larger share of the export trade, and this trade could be supplied through the Southwestern ports if the demand were sufficient to warrant the diversion of ships to the nearest ports.

While considerable optimism prevails among industrial leaders regarding the favored position of this section, they do not deny that, in spite of local advantages, there would be shut-downs if the strike should last very long.

After the long period of depression through which the cotton mill industry along with business generally, has passed most of the mills are not in position to operate and store their manufactured goods indefinitely or for a very long period. As present prices of cotton and labor would tend to run into profit, the exception of some of the mills a short period without deliveries would prevent the closing down of plants.

The worst feature of an indefinite shut-down would be the hardship that would be entailed upon the mill operatives. There are more than 325,000 workers in the mills of the South and the most trying period of the year is here. The monthly payroll must be in excess of \$25,000,000 and one may readily see that the stopping of the flow of this amount would not only result in much distress among the mill operatives themselves, but would cause serious loss and distress among the hundreds of small and large merchants who serve the industrial settlements.

**FUNERAL OF J. T. HARRIS
IS HELD AT ASHEVILLE**

Asheville, Oct. 21.—The funeral of J. T. Harris, who was electrocuted at the State penitentiary in Raleigh yesterday for the murder of F. W. Monahan, wealthy, Alabamian, were held at Riverside Cemetery here today. The body was taken directly to the cemetery, where private services were conducted.

Junior Class Minutemen

Under the direction of Miss Jenny Ipeck, of the high school faculty, the Junior Class will present a minstrel show in Metropolitan Theatre Friday night, beginning at 8:30. Proceeds from the show will be turned into the class fund to provide for the Junior-Senior reception and for expenses encountered by the class in its school activities.

Rehearsals during the past several nights show the members of the cast to be well trained and capable of putting on a first rate attraction. Admission prices will be: for grown people, 25 cents; for children, 15 cents. There will be no war tax. The Dispatch trusts that all of its local readers will attend the show. Their presence will help the boys and girls considerably.

Starts Thrift Drive

Beginning this week the Commercial Bank will wage a campaign to install the idea of thrift into the minds of the people of the Dunn District. Each week the bank will display large placards in its windows and place advertisements in The Dispatch telling why one should save.

The full series of advertisements and placards have been compiled and contain much that is very interesting and helpful. Readers of The Dispatch will do well to follow the advice.

Qualifies As Executor
Caret of Police U. S. Page returned Friday from Lumberton where he qualified as co-executor with his brother Alfred Page in the estate of his father, the late Ellis E. Page. The estate is valued at considerably more than \$100,000 and will be distributed among ten sons and daughters.

Since the affairs of the estate will require much of his time after next June Mr. Page will not continue in police work after then, he stated yesterday. His present contract with the Town of Dunn will expire at that time.

Former President Wilson As
Democratizing of Sen-
ate in His Own Right

CONSIDERS HIS
BE STILL
IN ALIVE

Chiefly Concerned Over Keep-
ing Issue of Health
Continues to Keep Keenly
Interested in Present Af-
fairs; Ovation at Theatre.

By EDWARD E. R. In News
Washington, Oct. 23.—President Wilson's silence which he has maintained since he left the White House on March 4, has been broken by his appearance at the Washington Post office today, when he was seen by the press and the public. He was seen in the company of the Senate, in which he is still a member. That the Senate would not have the face of its former President should not be believed.

Mr. Wilson's health has been a subject of much concern to the people. He has been seen in the company of the Senate, in which he is still a member. That the Senate would not have the face of its former President should not be believed.

**SOLDIERS GUARD
EMBASSY IN PARIS**

Ten Thousand Armed Men
Prevent Demonstrations
Against Americans

Paris, Oct. 23.—Soldiers tonight hardly compelled the evacuation of the population in the vicinity of the Embassy in Paris, when fire broke out and caused the explosion of gas and shells.

Paris, Oct. 23.—Ten thousand soldiers and policemen guarded the American Embassy and neighboring streets today to prevent a demonstration by French Communists in protest against the conviction for murder in a Massachusetts court of Nicola Sacco and Bartolomeo Vanzetti, but no Communists appeared there.

Long before the hour set for the concentration of the Communists at the Embassy, three thousand troops were on the scene while others were on the roof of the city wall, commanding a view of the entire square. A few Communists emerged from the sub-way station at Porte Maillot but they were hustled outside the city walls before they could organize and start a procession to the Embassy.

Their rallying cry of "Justice for Liberty" brought derisive laughter from the usual large Sunday crowds of sightseers. Much larger crowds remained near the Arc de Triomphe to watch the procession of war veterans and their families to the tomb of the unknown soldier.

American military police, long absent from Paris, appeared today. Two of them were on guard near the American Embassy and others were stationed at the passport bureau.

Marcel Cachin, leader of the Communist party, was roughly handled by his own sympathizers who met him as he was returning from the Porte Maillot. They reproached him for having failed to put in an appearance at the meeting place and struck him several times. Police finally came to his rescue and escorted him to a place of safety.

The Italian embassy also was heavily guarded during the day. French Communists kept in motion throughout the day but the judges had little to do, as only six arrests were made. The police say they have the situation under control in so far as a wholesale demonstration is concerned.

**JESS WILLARD TO MAKE
ANOTHER TRY FOR TITLE**

New York, Oct. 23.—Jess Willard will attempt to regain the world's heavyweight championship from Jack Dempsey at Jersey City next July 1, Tex Rickard, promoter, said today.

Richard, returning from Chicago, where he conferred with Jack Kearns Dempsey's manager, said he had verbal agreements with both Dempsey and Willard for the bout, and added that he had sent Willard a contract. As soon as Willard's signature is received Richard expects to sign Dempsey up. Dempsey, Richard said, has agreed to accept 35 per cent of the gross receipts and Willard 30 per cent.

**SCHOOL GIRL ADMITS
SHE FABRICATED STORY**

Norfolk, Va., Oct. 21.—After police had searched all afternoon and into the night in the woods at Ocean View, near here, for a negro and after a statement had been stirred by wild rumors to such a pitch that it was feared a lynching would occur if the negro were caught, Mary Tyree, 11 year old school girl, admitted tonight that the negro had not attempted to attack her, but had frightened her by appearing suddenly from behind a clump of bushes along the road on which she was riding to school on her bicycle. The child fell from her bicycle and screamed when the negro appeared and the man fled.

Tarlington Carries on Work

Former Sheriff William H. Tarlington will continue the drive to get every cotton and tobacco farmer in Harrell County to join the co-operative marketing movement. All who desire to sign the contract are advised to see him.

The campaign in this county and in the state as a whole has gone considerably over the marks set. Therefore, it is certain that the plan will be operative next year. Cotton and tobacco men are of the opinion that an effort will be made to produce record crops next year. If this effort is successful, the need for the co-operative marketing plan will be greater than ever.

Vicious Vitis

A little girl of Dunn has a mother who is something of a victim and who, although she every other case person in her opinion of the palatableness of the vegetable, sometimes serves spinach for the alleged good that lies in its green leaves.

The little girl does not like spinach. Her mother insisted that she eat it. "It has vitamins in it, dear; so you should eat it," the mother explained.

"I can't mother; I can't stand the way they bite," was the retort.

Wash Bryant in More Trouble
On complaint of revenue officers Wash Bryant, Harrell County farmer, was bound over to Federal Court on a charge of selling whiskey when tried before United States Commissioner Eldridge Lee last Wednesday. His bond was fixed at \$300, which he stood himself. The case will be tried before Judge Connor next month at Raleigh.

Two men are said to have bought liquor from Mr. Bryant. United States Deputy Marshall J. W. Tomlinson made the arrest.

**LOWER RANGE IN
COTTON TRADING**

Highest Prices During Week
Still Under Close of The
Preceding Week

New Orleans, La., Oct. 23.—A lower range of prices accompanied the trading in cotton last week, the market at its highest still being 21 to 22 points under the close of the preceding week while at its lowest it was 141 to 155 points under. The net changes on the close were declines of 95 to 106 points. Fluctuations were within limits of 130 and 134 points. December traded as high as 8.51 and as low as 17.25 and closed at 17.32. In the spot department prices lost 75 points on middling at 18.35 against 19.75 this week last year.

Much of the selling of the early part of the week was induced by the threatened railroad strike, although more or less selling was prompted by unfavorable German political news and the drop to new low levels of the German mark. After the middle of the week, however, reasons concerning ginning and a private bureau concerning ginning and bales gained the estimate that this amount of cotton was but 74 per cent of the crop. The main feature back of the week, however, was the highly favorable statistics on mill takings and exports.

According to Hester, mill takings for the week were 567,000 bales against 154,000 this week last year and 268,000 two years ago, bringing the season up to 2,539,000 bales against 1,774,000 during the same period last year and 2,108,000 two years ago. Exports for the week were counted at 245,000 bales against 108,394 and 66,949, bringing the movement for the season up to 1,487,542 bales against 784,413 and 938,917.

This coming week the main event will be the Census Bureau report on ginning which is due at 9 o'clock Tuesday morning, New Orleans time, unless railroad labor troubles furnish important news. As the ginning question now stands cotton traders say it is almost impossible for clear opinions to be formed for the Census Bureau will merely give the total ginned to October 15, and will not make any estimate of what percentage of the total crop its figure represent. Many points in that belt claim that the crop is from 80 to 90 per cent ginned.

**T. J. HARRIS GRANT
INSPECTOR GENERAL**

Washington, Oct. 23.—The 23rd degree was conferred in a class of nearly 200 last night by the Supreme Council, Scottish Rite Masons, Southern Jurisdiction, which is in session here. It was voted to hold the next meeting at Salt Lake City in August, 1922.

John C. Crum, of Richmond, Va., and Thomas J. Harkins, of Asheville, N. C., were appointed Grand Inspectors General for their states.

**WILL NOT CHANGE ITS
ESTIMATE ON COTON**

Washington, Oct. 23.—The Secretary of Agriculture will issue a statement next Tuesday on the cotton crop which will be made public by the Census Bureau in which the secretary will say that the department has no information tending to change its estimates of a crop of 6,537,000 bales for this year of \$60 per bale. The decision, it was said, followed a conference today between Senators Randall, Democrat, Louisiana, and Harris, Democrat, Georgia, with Secretary Wallace. The estimate was made on October 23, giving the condition of September 25 as 42.2 per cent.

The Senators said they were anxious that the ginner's report, which is expected to show a large amount of cotton ginned, will not prove an instrument for "bearish" movements by cotton manipulators, as they contended most of the cotton crop has been ginned which will make the census figures more than proportionately large.

U. D. C. Elects Officers

Mrs. McD. Holliday was selected president of Harrell County, United Daughters of the Confederacy, in the chapter's meeting yesterday. Mrs. L. J. Best was elected vice-president to succeed Mrs. N. A. Townsend; Mrs. J. E. Crockett, recording secretary to succeed Mrs. E. V. Snipes, and Mrs. E. B. Butler, treasurer to succeed Mrs. O. M. Tishman. Mrs. E. M. Jeffreys was re-elected corresponding secretary and Mrs. W. E. Coltrane was re-elected historian.

Mrs. M. A. Townsend and Mrs. Holliday left this morning to attend the annual convention of the Daughters in Winston-Salem. Mrs. Lee J. Best, another delegate, was unable to go because of illness.

John J. Langston, pastor of the Christian Church, who has been conducting a revival in Cynthia, Ky., will return home this week and will fill his regular appointments here Sunday.

Advice from Cynthia states that the meetings have been highly successful and that the Dunn preacher has done a good work in the Blue Grass State.

Gold Buying in New York
Ellis Goldstein, president of the Goldstein Company of Dunn, and of the Wilson Company of Angier, is in New York this week to replenish the stocks of the two big stores. Trading has been so brisk with the two companies that most of the goods bought for fall and winter wear have been exhausted.

Goods bought on this trip are already arriving in Dunn and are now on display.

**BUILDING SITE IS
NOT YET CHOSEN
BY SCHOOL BOARD**

Three Locations Offered By
Holliday, Townsend And
Massengill

BONDS NOW IN HANDS
OF NEW YORK LAWYER

Clifford Thinks Money Will Be
Available in Time To Start
Work Early Next Year—
County Will Assume Debt If
Consolidation Plan Is Adopted.

Where will the new school building be located?
That is a question in the minds of all patrons of the Dunn Graded Schools.

Here are three locations under consideration by the school board: The Massengill grove, at the end of South Washington Avenue, offered at \$10,000 by P. T. Massengill.

The McD. Holliday residence block at the end of South Washington Avenue, offered at \$15,000 by McD. Holliday. The Holliday residence, which could be used as a teacher's home, is included in this offer.

A block of the Townsend property at the end of East Street, offered free by Ben O. Townsend.

The board must choose a location within the next few weeks, for building will commence as soon as money from the sale of bonds now in the hands of Chester B. Massingill, New York bond attorney, is in sight.

John C. Clifford, chairman of the board stated yesterday that he was hopeful that the new building would be ready to accommodate the grammar grades of the public schools when the next term opens. This will be the first of the contemplated buildings to be started, although it is certain that the building for the negro schools will be started some time during the early part of next year.

The board was authorized through an election held several months ago to issue \$200,000 in bonds to carry out the plan.

To Use Only Half
It is thought that it will not be necessary to issue more than a half of the authorized amount. Even this obligation will be taken by the county in the event that the consolidation idea advanced last month by Professor E. F. Gentry, superintendent of the public schools of the county, is carried out.

Meantime need for more buildings grows daily. In the white schools children are literally sitting in each other's laps in all rooms of the building. The enrollment is close to 700 and there are to be accommodated in a building constructed to care for little more than half that number. Several of the grades are being taught on half time.

In the negro schools it has been found necessary to place many of the classes in the several colored churches of the town. The enrollment is already close to 500. The old building will not accommodate half that number. By January 1, the negro schools will have an enrollment of about 600.

WOMAN'S CLUB NOTES

By Miss Linney Gentry
The meeting of the Woman's Club Tuesday afternoon, October 18th, marked the beginning of its season of activity. Mrs. Wade opened the meeting with the request that those present rise and sing "America," that old song that makes us thrill with love and pride of country which makes for true patriotism; Mrs. Best, in prayer, offered thanks for the success of the past year and asked God's aid and blessing in the work of the new year.

After the usual routine of roll call, reports, etc., some of the plans for the year were discussed. A work of great interest planned by the Home Economics Department is a demonstration to be given monthly by Miss Bridges, County Demonstrator, on the various domestic arts. The first of these demonstrations will be on Friday afternoon, October 23 and will have for its subject "Left-overs." This should be an interesting and practical lecture to extravagant cooks.

The demonstration in November will last two days and will have for its subject "Hat-Making At Home." Miss Bridges will be assisted by the State Demonstrator. Any member of the Club may join this class without charge, other than the material used in making her hat. Eleven members have already enrolled in this class. Others, wishing to enroll, will please call Mrs. W. E. Thompson at once.

A very touching charity case came before the club at this meeting. Upon investigation the case has been found worthy and we have eight collectors of Dunn to be as generous as possible to the workers. We are only asking old clothing; other needs will be supplied from the club treasury.

And remember, Club Women, we have on a New Membership and Attendance drive. That most of the good meeting three new members joined the Club. We extend to them a hearty welcome. Let us all be present at the next meeting and bring a friend with us.
