mmittees From Dunn Find Satisfied Users In Other Towns

NO COMPLAINTS HEARD IN FOUR CITIES VISITED

Large Industries Find Current Economical

Mr. Donelly, owner of one of the largest ice plants in the State, told the committee that he had moved to Raleigh because of the company's ability to furnish him power. He came from Fitzgerald, Ga., where, he mid, the best and most ably managed municipal plant he had ever esen was located. But, he declared "power rates in Fitzgerald were so much higher than in Raleigh that he found it advisable to move.

The same conditions were found in other towns and members of the committees returned feeling that Dunn would be heldped considerably through the proposed sale of the electric plant to the Carolina Company. Mcharacter the constant of the Carolina Company. Mcharacter the Carolina Carolina
