Common sense in good baking

'RY just one sack of Occo-nee-chee Self-Rising Plour and see what it saves you. See what wonderfully good biscuits, waffles and hot cakes you can make every time you

You don't have to worry about m out baking powder, soda and salt. They are already mixed in Occo-nee-chee Flour, in just the right proportions. Their cost is less when used this way than when bought separately.

By adding water or milk and shortening to Occo-nee-chee Flour your batter is ready for cooking. Think of the time and bother that saves. And you can be absolutely sure of its turning out right.

These are the reasons for the great popularity of Occo-nee-chee Flour among common sense housekeepers. Order a sack from your grocer. You can tell it by the Indian Head on the front. It will pay you.

Come Out of the Cellar The Tornado Has Passed

Some months ago when the financial tornade struck this part of the country, many of you grabbed your bank rolls and shedadled for the cellar—taking the roll with you.

There were many rolls that went to the cellar. A large number of them are still there. While they are in hiding they will do you neer anyone else any good. They haven't done any good for anybody since they went into hiding, either.

We haven't any censure for you, however. You took a precaution satural enough under the circumstances. Although you are probably not so well off as you would have been had you left the money in circulation, you at least have had the assurance that the money was with you.

What we wanted to say, though, is:

T? E CYCLONE HAS PASSED

at you care to e cut of the coll with all the safety in the world. Berien are is country is given in to a che
