

Farm Delegates Were Intelligent

(From the Youth's Companion) Those who watched the farm conference at Washington were struck by the businesslike look of the delegates. They were not mere ruralists, as the members of a similar gathering might have been a generation ago. They did not look like city men of course; there is a subtle quality that life in the open air gives to a man's appearance whatever his dress. But they had the keen eye and the self-confident bearing of men of affairs. The American farmer is no longer isolated on his farm. He knows what goes on in the world and has to deal with the politicians and the business men that abound therein. There were bankers and manufacturers and transportation men there too—even men from Wall Street—for there are plenty of men in such occupations who recognize the basic character of the agricultural industry and who are anxious to be of service in promoting its prosperity. Mr. Baruch, who was conspicuous in financial and administrative work during the war, is especially interested in the problem of winning for the farmer a larger control over the marketing of what he produces.

A FEW FACTS ABOUT HOG RAISING

Mr. Jasper Lee, Mr. Robert Bass, Mr. Bruton Jackson, Mr. L. F. Jernigan, Mr. A. F. Surles, Mr. L. F. Jackson, Mr. Warren Jackson, Mr. John Holmes, and lots of others say there is no comparison between Purina Pig Chow and the feed can only be used throughout this section.

Ask any of the above named parties what they think of Pig Chow. One of them will plainly tell you that one bag of Pig Chow is well worth two bags of ship stuff. Pig Chow is sold for \$2.75 a hundred and ship stuff, according to today's prices, would have to retail for \$2.25 per hundred. Just compare these prices and then try a bag of Pig Chow, and if you can't truthfully say it is much cheaper your money will be refunded.

Sold in checkerboard bags only by L. F. Surles.

MORE THAN HALF MILLION INVESTED DURING JANUARY

More than one-half million dollars has been saved and invested in United States Treasury Savings Certificates in the Fifth Federal Reserve District during the month of January, according to a statement made by Postmaster E. C. West of the Dunn postoffice. The postmaster has just received a letter from Howard T. Cline, government director of savings at Washington, Virginia, in which he states that sales for January have far surpassed expectations. From 228 post offices reporting and mail orders received at the Federal Reserve Bank in Richmond, the sales total \$562,656.

This new offering of certificates has proved very popular in that they are issued in denominations of \$25, \$100, and \$1,000 and may be purchased at a flat discount price of twenty per cent off their maturity value. People seeking a safe investment, with a guarantee as to both principal and interest, have been quick to take advantage of this attractive issue of "baby bonds" and have bought them in large numbers. Postmaster E. C. West says, "For those seeking investment of funds, nothing is more attractive than these new savings certificates which yield four and one-half per cent interest on purchase price, compounded semi-annually, if held to maturity, five years from the date of issue."

"The Bats Around My Place Were Wise," Says John Tutthill "I tried everything to kill them. Mixed poison with meat, meat, cheese, etc. Wouldn't touch it. Tried EAT-SNAP, inside of ten days got rid of all rats." You don't have to mix EAT-SNAP with food. Saves fussing, both-er. Break a cake of EAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Butler Bros., Hood and Grandham, Wilson and Lee.
