AT LAST - STAF-O-LIFE The Ideal Ready Ration DAIRY FEED

We are glad to be able to announce that we have been appointed distributors for this best of all feed for cows. It is just what all milk cow owners have always wanted—a tonic food which aids the health of the cow and increases the flow of milk. STAF-O-LIFE is endorsed by the North Carolina Agricultural Department and has the commendation of all dairymen who have tried it. It is composed entirely of choice cotton seed meal, corn gluten feed, Brewers Dried Grains, Fine Grained Alfalfa Meal, Old Process Linseed Meal, Wheat Middlings, Hominy Feed, Wheat Bran, Dried Beet Pulp, Cane Molasses, not over one per cent salt.

DIRECTIONS FOR FEEDING STAF-O-LIFE is a complete ration for the Dairy Cow. You cannot better it in any way by adding anything to it. Therefore, for best results FEED STAF-O-LIFE ONLY

with the addition of just sufficient Roughage or Ensilage for maintenance. A cow should never be changed suddenly from any one feed to another. Therefore, in changing to STAF-O-LIFE feed do so gradually. On the first day, for instance, feed one pound STAF-O-LIFE, the remainder of feed you have been using; second day, feed two pounds STAF-O-LIFE, the remainder of feed you have been using. Increase the quantity of STAF-O-LIFE by one pound per day and decreasing the feed you have been using until the cow is on a full ration of STAF-O-LIFE. A full ration will depend upon the quantity of milk given by the cow. A safe rule to go by will be to give her one pound of STAF-O-LIFE to every three or three and one-half pounds of milk, or six to eight quarts of STAF-O-LIFE to a ten-quart cow, increasing or decreasing in proportion to yield and milk tests.

DON'T BE STINGY WITH YOUR COW! Increase the quantity of STAF-O-LIFE as long as your cow shows increase in milk production. STAF-O-LIFE is highly digestible, wholesome, palatable and contains all the elements required by nature for abundant milk production.

CAUTION: Don't feed Cotton Seed Meal with this feed. It already contains enough Cotton Seed Meal for the cow—To add more will be injurious.
