REGARDING HARNETT'S SHARE OF ROADS

Hon. Charles Ross is in receipt of the following letter from Commissioner Jno. Sprunt Hill which appeared in Thursday's Harnett County News:

Durham, Jan. 31, 1923.

My Dear Mr. Ross: I beg to acknowledge receipt of your favor of January 29. You can assure our friends in Harnett county that the interests of that county are not being neglected by the Commissioner from the Fourth District.

"It gives me pleasure to say that on January 20 I forwarded to Mr. Page, chairman State Highway Commission, special request urging him to let, in March contract for construction of Project 487, Harnett county, Lillington to Duke via Buio's Creek, 12 miles first class gravel road.

are already loaded up with road work and are not showing any great desire to take on more road work at this time; hence, the Highway Commission, in order to serve the best interest of the state and secure reasonable contracts, has to handle the situation carefully and not attempt to crowd the letting of contracts down the throats of unwilling contractors.

It also gives me pleasure to say that survey and road plans for construction of Project 488, Harnett county, Duke to Dunn, have been completed and that some time during the early summer, if all goes well in letting contracts for construction of roads this project also will be reached.

It also gives me pleasure to say that survey and road plans for construction of Project 488, Harnett county Duke to Dunn have been completed and that some time during the early summer, if all goes well in letting contracts for construction of roads, this project also will be let in March.

"Of course, you understand that section 25 of the state road law requires that "all work in each of the construction districts shall be started as simultaneously as practicable."

With very best regards, I am, JOHN SPRUNT HILL, Commissioner, Fourth District.
