

CRAVEN JURY AWARDS \$1,500 IN ANGUISH CASE

New Bern, Feb. 19.—Fifteen hundred dollars was the award given Mrs. Grace Shaw and Mrs. Uva Edwards for mental anguish they suffered as a result of the collision of the car in which they were riding, and which was driven by the former's husband, with a lumber truck on the Newse road one night a year ago. A Craven jury brought in the award late Saturday, giving Mrs. Shaw \$1,000, and her sister-in-law \$500. They were suing the Neuse Lumber Company for \$15,000.

THE ONE WHO GETS THE TRADE

KNOW NORTH CAROLINA!

Returning from a two-day visit to the University of North Carolina, I cannot refrain from a word of enthusiastic praise for this magnificent institution, for the work it is doing, and for the legislative branch of the state government for its appreciation of the university system and for the liberal support it is giving it.

What a contrast in Georgia! I draw it with shame, for there is just as much reason why Georgia should support her university system—one of the best organized and best administered to its opportunities there is in America—as there is why Carolina or Virginia should build up such great and powerful institutions, and such forceful educational factors contributing to the general welfare and prosperity of all the people.

There are approximately 2,000 students in the University of North Carolina—the overwhelming percentage of them Carolina boys.

Think of the significance of that fact alone in the material life of the state!

"Then are a scholar, speak of it, Horatio."

There is not a more significant line in all of Shakespeare than these words of Marcellus to Horatio, a fellow student of the Province of Wiltshire who remained up with the castle guards to investigate the reported midnight appearance of the ghost of Hamlet's father.

The apparition for the third time appeared! and Marcellus, cognizant of the influence of the scholar, in fright and terror, ran to Horatio with this prayer:

"What a meaning! 'Thou art a scholar.' He recognized the power of the scholar, the man of learning, to cope with the spectre as it appeared upon the ramparts.

Think of the spectres in the na-

tional life today—in the individual life—in the civic life—spectres everywhere. Problems that must be met! And the importance of education! North Carolina two years ago voted bonds of one and a half million dollars to further equip her university. The improvements—new dormitories, new lecture buildings, new laboratories—are being completed. Another authorization will be made by the legislature now in session to finish the program.

North Carolina maintains her university with an annual appropriation of \$450,000; and this year the budget calls for \$650,000.

What does Georgia do? My God, people, shall we continue to starve Athens!—James O. Holloman in the Atlanta Constitution.

Nervous Break-Down MRS. ANNIE LANGE, of R. F. D. 1, Burlington, Tex., writes as follows regarding her experience with Cardui: "Some time ago I had a nervous breakdown of some kind. I was very weak and so nervous. I had fainting spells and suffered a great deal, but more from the weak, tremble, no-account feeling than anything else. I knew I needed a tonic, and needed it badly. I began the use of Cardui to see if I couldn't get some strength, as I knew of other cases that had been helped by it. I soon saw a great improvement, so I kept it up. I used seven bottles of Cardui, and can say the money was well spent, for I grew well and strong. Am now able to do all my housework and a great deal of work besides." If you are weak, run-down, nervous and suffer from the ailments peculiar to women, it is very likely that Cardui will help you, in the way it helped Mrs. Lange and has helped thousands of others, during the past 40 years. Ask for, and insist on, Cardui.

CARDUI The Woman's Tonic Fertilizers and Seed! For lowest cash price on Fertilizers and highest price for your cotton seed see us. We will also handle Calcium Arsenate this Spring which is recommended by the government to be the most effective preparation with which to fight the boll weevil. Let's talk the matter over before you place your order. N. B. Lee and Fred Baggett agents for Lee County Cotton Oil Company

The Widow's "Might" A True Story In 1922, Mrs. Mittie L. Wright, of Gough, Burke County, Ga., raised 16 bales of cotton on 15 acres of land, with the sole assistance of her children, under most unfavorable weather conditions and the worst boll weevil year that Burke County has known. She was enabled to do this because she protected her cotton with HILL'S MIXTURE at minimum cost and trouble. The boll weevil didn't get a pound of her cotton. Hill's Mixture was put on in the day-time, by her children, without any machinery. In a year when many white farmers were abandoning their farms, and thousands of negro farmers were leaving the South on account of inability to successfully combat the boll weevil, this widow raised more than a bale of cotton to the acre. HILL'S MIXTURE Most Effective—Cheapest—Least Trouble Any Poison! HILL'S MIXTURE is a boll weevil poison which I have perfected. It contains three elements—calcium arsenate as a poison, molasses as a mixture, and a third (secret) ingredient which ATTRACTS THE WEEVIL. It can be put on the plant in the day-time, by inexperienced labor without machinery. It is only necessary to touch the bud of each plant, about every 10 days till six applications have been made, and only the very heaviest rain will wash it off. Full Protection For Your Cotton. The cost of Hill's Mixture is 77c per gallon, in 50-gallon barrels, freight prepaid to any North Carolina point; slight charge for other states. \$3.00 charge for barrel, which will be refunded when barrel is returned. Place your order with my agent whose name is shown below. HILL'S MIXTURE is far better, far cheaper, and much easier to apply than the dusting method. Austin, Broadhurst & Honeycutt SMITHFIELD, N. C.
