Butler Bros. To Have Big Demonstration
Sponsored by B. F. Avery & Sons, Manufacturers of Farming Implements—Great Display

One of the most important and, at the same time, instructive displays of Agricultural Implements ever held in this section is planned by Butler Brothers, who will hold February 26 to March 3rd inclusive, an Avery Show sponsored by B. F. Avery and Sons, of Louisville, Kentucky, one of the oldest implement manufacturers in the country.

During this show, factory representatives from Louisville and Atlanta will be on hand to talk to farmers of the Dunn territory and obtain their ideas and recommendations concerning the efficiency of Avery Implements as it is the desire of this organization to offer such implements to the farmers as are best suited to their needs.

This exhibit will be one of a series which have been held throughout the Carolina during the past several weeks and at every place they have been held, members of the Avery dealer organization report a stimulation of sales and a general revival of interest in the problems which confront the farmer and which can be successfully met only with the most modern and up-to-date tools.

Butler Brothers, Avery dealers for Dunn and surrounding territory, state that Mr. W. C. Mason, special agent, will be on the ground for the main idea of talking to the leading farmers of this section, who have been especially invited to attend the exhibit by letter from Avery headquarters. According to Mr. Mason, it has long been an Avery policy to find out what tools and implements are best suited to the immediate needs of a territory by getting suggestions from the farmers themselves. When these needs are known, it is then the desire of the company to supply them as quickly as possible.

"It is not our idea," said Mr. Mason, "to merely build implements for the purpose of selling them to the farmers, but to so construct our products that they will do the work required of them in such a way as to save the farmer money. We believe by this policy we have gained many friends, particularly in this section, and, of course it is our desire to broaden this acquaintance for a successful continuation of our business."

Every farmer of this section is cordially invited to attend the Avery Show and Butler Brothers have expressed the hope that all their customers and friends will take advantage of the opportunity to inspect the latest additions to the Avery line, chief among them being the Volcano Disc Harrow, which has created a sensation wherever it has been exhibited.

BOLD ROBBERY COMMITTED LAST NIGHT
A bold and daring robbery was committed in Dunn last night when the laundry, operated by Sing Jung, on South Railroad avenue, was entered. Between \$25 and \$30 in cash, a watch and some of Sing Jung's clothing were taken by the robber, or robbers, who gained entrance through a window in the rear of the building. They left the building through the back door, which was hooked on the inside.

Sing Jung was asleep in the building and was not awakened by the intruders. A part of the money was taken from his pants pocket, which were hanging on the head of the bed upon which he slept. Some money left in a cash drawer was also taken. This drawer is opened by a combination and Sing Jung is at a loss to know how it was opened. The robbers removed all of the Chinaman's clothing from his wardrobe and left them scattered about the room. A flash-light and some matches belonging to Sing Jung were evidently used by the robbers, as these were found in a different place from where they had been left by the Chinaman.

While there is no clue as to who entered the building, the officers are investigating the matter.

LUNCHEON OF THE WOMAN'S CLUB AN ENJOYABLE EVENT
(Continued from page 1.)

The next toast was to the Dunn Dispatch, given by Mrs. B. D. Bunn. The toast follows:

"When the Woman's club wishes the public to know what it is doing as an organization, there is one source to which it always goes for publicity. When we wish the different departments to know what the others are doing, we always go to the same true friend. In time of financial difficulties, in time of prosperity, we always turn to this source for help. The Dispatch, under the guidance of its efficient staff of workers through the medium of its pages has helped many a difficult project to become a living reality, when without its help it might have been an impossible task. So here's to you, here's to you, our friends so loyal and true. The club, one and all, wishes to thank you for a work well done, for honor well won, and all that you have done in the past. Here's to you, here's to you—The Dunn Dispatch and editorial staff."

The toast to the American Legion was given by Mrs. N. A. Townsend and was in the nature of a beautiful and glowing tribute to the American soldiers and sailors who served their country so well during the World War. The Dispatch failed to get a copy of this toast, but will be pleased to publish it later.

Both the toast to the Dunn Dispatch and the American Legion were responded to by James Best. Mr. Best took occasion to pay tribute to the women for the part they played in winning the World War, which part he said, was just as great and effective as that played by the men at the front. He also urged the organization in Dunn of a woman's auxiliary of the American Legion, adding that he felt that this would add life and interest to the local post. Mr. Best added that Woman's club was at liberty to use the whole of the Dunn Dispatch at one time if they saw fit to do so.

A toast to the new members of the club was given by Mrs. H. S. McKay and was responded to by Miss Louise Williams. The Dispatch will also be pleased to publish these if copies of them can be furnished.

The toast to the Dunn schools by Mrs. Clarence Smith follows:

"To you, our men and women of tomorrow, and to you who fit them for the places they'll fill; O' teachers, we give you our heart's best treasure, And marvel at your patience, love and skill.

You are the moulders, makers of our children, The children who shall be our nation's stay; To all that school stands for in our fair country, We offer you our greetings here today.

The response was given by Miss Blanche Grantham.

In a toast to the Woman's club, Prof. W. S. Snipes expressed the town's appreciation for the Woman's club, lauding its work and the great good it has done. In closing Prof. Snipes said:

"Then we'll drink to the Woman's club For the stand it has taken for Dunn; The town is a wheel, but the club is the hub, And is the force that makes it run." To this toast Mrs. McKay, president of the club, responded as follows:

"May our town live a thousand years and grow better every day, and may we grow the same too, minus just one day, for the Woman's club would want to leave if our town was gone away."

Other features of the entertainment of the afternoon included music furnished by an orchestra, composed of ladies, on very unique instruments. The ladies also rendered several very delightful vocal selections. A duet by Mesdames Harper Holliday and Herbert McKay was another delightful feature, as also was a reading by Mrs. Annye Young.

The luncheon served was all that could be desired in the way of good things to eat, was well prepared and thoroughly enjoyed by all present.

At the conclusion of the luncheon the entire gathering rose and joined in singing several old-time songs and repeated in concert the collect of Club Women of America, thus bringing to an end an afternoon of pleasure for the one hundred or more present.

The Woman's club of Dunn now has a membership totaling 130, thirty of these being new members added this year.
