IN HANDS OF RECEIVER
Goldboro, April 8.—Following a court action alleging insolvency, the Seminoles Phosphate company, a million dollar fertilizer concern, with head offices in Goldboro, was placed in a temporary receivership by an order of Judge Calvert here yesterday afternoon.

The action was brought by D. L. Smith, a stockholder of Duplin county, and others. H. H. Taylor, president of the First National bank of Kinston, and A. L. Cavanaugh, of Beulahville, were appointed receivers.

Officials of the company were instructed to appear before Judge Calvert, at Jacksonville, on April 17, to show why the receivership should not be made permanent.

The action of the court places the future of the company in a state of uncertainty, for while the receivers are nominally in charge, the present officers of the company, A. P. Petway, president, and T. H. Prinos, secretary and treasurer, will direct the affairs of the company until the hearing on the permanent receivership.
